Proctor support will walk you through the authentication process. You will be asked to:

1. Verify your identity. Make sure you have your photo ID with you. You will be required to hold the ID in front of your webcam. The proctor will need to see both your name and photo clearly.
2. Review the exam rules.
3. Show your desk and workspace. The proctor will ask you to complete a 360° room pan and desk sweep with your webcam. This is to ensure your workspace is clear of any materials unauthorized by your instructor.
