## ***Stewart Brothers Nurseries***

Stewart Brothers Nurseries Ltd. is a wholesale tree nursery specializing in growing prairie hardy deciduous – shade and ornamental - and coniferous trees (Zones 1, 2, 3 and 4).

Established in 1911, we are one of the oldest family operated nurseries in Canada, with over 500 growing acres. Our head office and original nurseries are located in Kelowna, with other growing fields located in Grand Forks and Midway.

The irrigated rich soils and long hot summers in the Okanagan and Kootenay regions contribute to excellent growing conditions for our trees. Our trees are hardened off in the colder winters of the Kootenays so they are able to withstand the harsh prairie winter conditions. The majority of our trees are grown from hand selected seeds from various locations to ensure quality and hardiness. Under the leadership of our expert nurserymen our trees are pruned, transplanted and root pruned for outstanding structure and root growth.

Our goal has always been to supply our customers with top quality trees and outstanding service. We can provide overnight delivery to most customers with our own fleet of transport trucks, trailers and experienced drivers. We look forward to helping you with your product needs, give us a call or email.

Autumn Blaze  
**Maple**  
in Fall Colour

**Block** of Autumn Blaze

# Acer Maple

## Acer Freemanii Armstrong Red Maple

A fast growing, upright tree with attractive silver-grey bark. Green, star shaped leaves put on a show in fall with colors of yellow, orange and red that lasts for several weeks.

**Zone 4 Maturity Height 50'+**

## Acer Freemanii 'Jeffersred' Autumn Blaze Maple

This cross between Silver Maple and Red Maple is one of the hardiest available. Green foliage turns brilliant orange-red in fall. Broad oval head shape, branching better than Silver Maple. Great substitute for Red Sunset or October Glory. This is one of the fastest growing trees that we have.

**Zone 4 Maturity Height 15m**

## Acer Negundo Manitoba Maple

Also known as box Elder. Rapid grower that can withstand extreme cold and drought.

**Zone 2 Maturity Height 14m**

## Acer Platanoides Prairie Splendor

Prairie Splendor Norway Maple

A well shaped oval structure with bright maroon red lobed foliage all season long. Small yellow flowers in the spring. Hardy enough for northern gardeners, will adapt to most soils and casts a deep shade when mature.

**Zone 4 Maturity Height 30-40'**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

**Please call for pricing 1-800-313-2101**

Sienna Glen  
**Maple**

**Block**  
of Maples

# Acer Maple

## Acer Rubrum Red Rocket Maple

This narrow, upright growing deciduous tree is highlighted by its bright red Fall Color display. From a Minnesota seed source, it is one of the coldest hardy cultivators. Great choice for small landscape areas where vertical effect is needed.

**Zone 3 Maturity Height 30'**

## Acer Freemanii Sienna Glen Maple

Excellent branching habit and pyramidal form. Proven stronger winter hardiness. Deeply lobed green foliage turns red to burgundy in fall. Smaller leaves give a delicate appearance in the landscape.

**Zone 4 Maturity Height 40–50'**

## Acer Tataricum Gar Ann Hot Wings Maple

Upright spreading habit with blazing red samaras in late summer. Dark green foliage with spectacular scarlet red fall colour. Adapts to a wide range of growing conditions.

**Zone 3 Maturity Height 20-30'**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

***Please call for pricing 1-800-313-2101***

# Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Ohio **Buckeye**

# Aesculus Glabra Ohio Buckeye

Aesculus Glabra  
**Ohio Buckeye**

A medium-sized tree with an oval to rounded crown. Unique characteristics include palmate compound leaves, terminal candle-like flowers and large globose fruits. The largest tree in North Dakota is 49 feet tall with a canopy spread of 38 feet.

### Zone 3 Maturity Height 40ft

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2" , 2½" , 3" , 3½" , 4" , 4½"

Chickadee **Birch**

Dakota Pinnacle  
**Birch**  
in fall colours

Betula  
**Birch**

Betula Papyrifera Chickadee  
**Chickadee Birch**

Hardy narrow growth habit. White bark, yellow fall colour.

**Zone 2 Maturity Height 15m**

Betula Pendula Laciniata  
**Cutleaf Weeping Birch**

Long slender branches give this tree an intense weeping habit. White bark with cut leaves.

**Zone 2 Maturity Height 15m**

Betula Platyphylla  
**Dakota Pinnacle Birch**

Dakota Pinnacle Birch has dark green foliage throughout the season. The pointy leaves turn yellow in fall. Neither the flowers nor the fruit are ornamentally significant. The smooth white bark is extremely showy and adds significant winter interest.

**Zone 3b Maturity Height 25ft**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

Paper **Birch**

# Betula Birch

## Betula Alba Pendula European White Birch

Fast growing, silvery white bark on all sizes.

**Zone 2 Maturity Height 15m**

## Betula Papyrifera Paper Birch

(Also known as Canoe Birch)

Spreading type tree with large leaves, bark turns white when older.

**Zone 2 Maturity Height 15m**

Snowbird **Hawthorn**

Snowbird **Hawthorn**  
in fall colours

# Crataegus Mordenensis Hawthorn

Crataegus Mordenensis 'Snowbird'

## Snowbird Hawthorn 'Snowbird'

Hardy for prairie conditions, small rounded tree with double white flowers in the spring followed by red berries. Dark glossy green foliage turns yellow in the fall.

**Zone 3 Maturity Height 15m**

Crataegus Mordenensis 'Toba'

## Toba Hawthorn

Hardier than some Hawthorns. Interesting twisted trunk with double white flowers changing to pastel rose followed by red fruit that lasts into the fall.

**Zone 3 Maturity Height 5m**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

# Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Block of **Ash**

Manchurian **Ash**

Block of **Ash**

## Selections of **Fraxinus Ash**

Fraxinus Americana 'Autumn Purple'

### **Autumn Purple Ash**

Heavy green foliage in summer with purple fall colour. Holds its bright foliage until well after frost. Vigorous rapid growth.

**Zone 4 Maturity Height 15m**

Fraxinus Pennsylvanica 'Bergeson'

### **Bergeson Ash**

Introducing a new seedless, rapid growing Green Ash.  
Excellent boulevard tree.

**Zone 2 Maturity Height 15m**

Fraxinus Nigra 'Fallgold'

### **Fallgold Black Ash**

Slower growing Ash, pyramidal habit, likes moist areas, leaves turn golden yellow in fall, seedless.

**Zone 2 Maturity Height 15m**

Fraxinus Pennsylvanica 'Heuver'

### **Foothills Green Ash**

New seedless male green ash selection. Uniform growth with an oval shaped crown. Resistant to sun scald.

**Zone 2 Maturity Height 15m**

Fraxinus Pennsylvanica 'Lanceolata'

### **Green Ash**

A tall deciduous tree, native to the Prairie Provinces and quite drought resistant. A good boulevard tree.

**Zone 2 Maturity Height 15m**

Fraxinus Mandschurica 'Mancana'

### **Manchurian Ash**

Attractive yellow-brown bark, long narrow leaves, spreading habit of growth, seedless.

**Zone 3 Maturity Height 15m**

# Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Tuxedo **Ash**

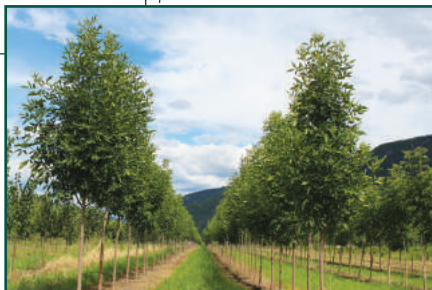

Patmore **Ash**

Prairie Spire **Ash**

Block of  
**Prairie Ash**

# Selections of Fraxinus Ash

Fraxinus 'Northern Treasure'

## Northern Treasure Ash

Manchurian/Black Ash cross from Morden. Vigorous growth.

**Zone 2 Maturity Height 12m**

Fraxinus Pennsylvanica 'Patmore'

## Patmore Ash

Fast growing, uniform, superior selection of Green Ash.

Excellent boulevard tree, seedless.

**Zone 2 Maturity Height 15m**

Fraxinus Pennsylvanica 'Rugby'

## Prairie Spire Ash

A seedless cultivar hardy for prairie conditions. Has a narrow and erect shape in youth, maturing to narrow pyramidal form. Green foliage turns golden in fall. Excellent tree for boulevards, medians and parks.

**Zone 2 Maturity Height 15m**

Fraxinus Pennsylvanica 'Summit'

## Summit Ash

A seedless Ash grows into a pyramidal form when young, maturing to a rather open, oval shape Once developed. Excellent boulevard tree.

**Zone 2 Maturity Height 15m**

Fraxinus Americana 'Durgar'

## Tuxedo Ash

A hardy seedless variety with green foliage that turns a purplish blue hue in fall

**Zone 3 Maturity Height 15m**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

Dolgo **Crab**

Gladiator **Crab**  
in Bloom

# Selections of **Malus Hardy** Flowering Crab **Root Stock** - Columbia Crab

We use only Columbia Crab to propagate our Flowering Crab on. It has proven to have long term reliability for hardiness and resistance to fire blight.

## Malus 'Big River' **Big River Crab**

This is a new variety with a profusion of stunning red and pink flowers in spring and crimson-red fruit in fall, upright habit of growth; makes an incredible accent for the smaller home landscape, needs well-drained soil.

**Zone 3 Maturity Height 16ft**

## Malus Courageous **Courageous Crabapple**

A mass of bright pink blooms in mid-spring accent new bronze-red foliage, which matures to green and then, an orange in fall. Seedless variety, which rarely produces ornamental fruit. Excellent small landscape tree with broad, upright habit.

**Zone 2 Maturity Height 20ft**

## Malus Dolgo **Dolgo Crab** (CVI)

Spreading habit, white bloom, green leaves, edible fruit.

**Zone 2 Maturity Height 8m**

## Malus Gladiator **Gladiator Crabapple**

Upright, columnar compact tree with masses of pink blooms highlighted by deep bronze-purple foliage. Excellent for small yards and under power lines. Spring blooms followed by small red-purple ornamental fruits. Prune late winter. Good scab resistance.

**Zone 2 Maturity Height 20ft**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

Makamik **Crab**  
in Bloom

Block of  
Flowering **Crab**

Selections of  
**Malus Hardy** Flowering Crab  
**Root Stock** - Columbia Crab

Malus Hopa  
**Hopa Crab** (CVI)

Deep red bloom, green leaves, orange-red fruit.  
**Zone 2 Maturity Height 5m**

Malus Makamik  
**Makamik Crab** (CVI)

Deep red bloom, bronze leaves, red fruit.  
**Zone 2 Maturity Height 5m**

 Malus Pink Spires  
**Pink Spires Crab**

Narrow, upright, well branched, flowering ornamental trees. Great for a border plant or screen. Showy lavender pink flowers in spring. Foliage emerges purplish red then turns green bronze giving way to yellowish orange fall colour.  
**Zone 3 Maturity Height 5m**

 Malus Prairiefire  
**Prairiefire Crab**

Showy, dark pink to red flowers. Stunning, long-lasting spring blossoms. Glossy maroon or purplish-red in spring, the leaves become dark green with purplish-red veins in the summer then a bronze colour in autumn.  
**Zone 4 Maturity Height 5m**

 Available Sizes:  
cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

 Available Sizes:  
cal. 2", 2½", 3", 3½", 4", 4½"

# Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Block of  
**Schubert**

**Midnight Schubert**

Prunus  
**Cherry** (Known as Canada Red)

Prunus Virginiana 'Bailey Select'  
**Bailey's Select Schubert** (CVI)

A selection of schubert, fast growing, uniform.

**Zone 2 Maturity Height 8m**

Prunus Virginiana 'Midnight'  
**Midnight Schubert Chokecherry** (CVI)

A selection of Schubert. **Zone 2 Maturity Height 8m**

Prunus Virginiana 'Schubert'  
**Schubert Chokecherry** (CVI)

Flowers in early May with white bloom clusters. Leaves start green then turn deep red purple in late spring - early summer.

**Zone 2 Maturity Height 8m**

Prunus Virginiana 'Schubert'  
**Schubert Chokecherry Clump Form** (CVI)

**Zone 2 Maturity Height 8m**

 Available Sizes:  
cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

 Available Sizes:  
cal. 2", 2½", 3", 3½", 4", 4½"

# Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Pin **Oak**

Burr **Oak**

# Quercus Oak

## Quercus Macrocarpa Burr Oak

Attractive rough bark, rich yellow fall colours. Proven to have best resistance to drought and heat of any tree we grow. Selection of trees made at Portage La Prairie, Manitoba over 100 years ago. Several bitterly cold winters killed out most of this variety and the few that lived were nature's way of selecting hardiness for future survival.

**Zone 3 Maturity Height 10m**

## Quercus Urban Pinnacle Oak

Narrow and upright with a strong central leader, this cultivar also features attractive glossy foliage and resistance to both mildew and anthracnose. The acorns are extremely small (about 1/2") making it a more suitable tree for landscape and street use.

**Zone 3 Maturity Height 55'**

## Quercus Palustris Pin Oak

Pyramidal through early maturity, its form turns more oval in older age. Fast growing, tolerates wet soils, likes full sun. Glossy dark green leaves turn russet, bronze or red.

**Zone 4a Maturity Height 50-75ft**

## Quercus Rubra Red Red Oak

An adaptable, widely planted Oak with a rapid growth rate, Red Oak will reach a height of 60 to 70 feet and a spread of 40 to 60 feet when open-grown, and is native to rich woodland areas where it will grow to 90 feet tall. Branches and upper trunk are marked with long, light grey longitudinal lines, which remind some people of ski trails.

**Zone 5 Maturity Height 60-70ft**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

Laurel Leaf **Willow**

Golden **Willow**

# Salix Willow

## Salix Alba Vitelina Golden Willow

This full hardy willow is valued for its bright yellow bark, making it an attractive specimen throughout the winter.

**Zone 3 Maturity Height 15m**

## Salix Pentandra Laurel Leaf Willow

A striking tree with dark green lustrous foliage which holds on when early frosts cause other varieties to lose leaves.

**Zone 2 Maturity Height 15m**

## Salix Alba Sericea Silver Willow

Durable and hardy shade tree with shimmering silver foliage all season long. Adaptable to all soils, makes an excellent windbreak, tends to drop branchlets, aggressive root system.

**Zone 2 Maturity Height 15m**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2", 2½", 3", 3½", 4", 4½"

Mountain **Ash**

# Sorbus Mountain Ash

Sorbus Americana

## American Mountain Ash

A small sturdy tree with dark chestnut coloured bark. Orange fall colours, red berries.

**Zone 2 Maturity Height 6m**

Sorbus Aucuparia 'Cardinal Royal'

## Cardinal Royal Mountain Ash

An improved Mountain Ash developed by Michigan State University. A straight growing trunk and uniform upright branching habit. Blooms in late spring followed by red fruit. Dark green leaves with a silvery underside turn orange-red in fall. A unique show piece for today's landscapes.

**Zone 2 Maturity Height 6m**

Sorbus Aucuparia

## European Mountain Ash

A fast growing Mountain Ash known for its showy green foliage, white flowers and red berries. Its fern-like foliage turns to a flashing orange-red in autumn.

**Zone 2 Maturity Height 6m**

Sorbus

## Mountain Ash Clump Form

A fast growing Mountain Ash known for its showy green foliage, white flowers and red berries. Its fern-like foliage turns to a flashing orange-red in autumn.

**Min. 3 stems Zone 2 Maturity Height 6m**

Sorbus Decora

## Showy Mountain Ash

An improved Mountain Ash developed by Michigan State University. A straight growing trunk and uniform upright branching habit. Blooms in late spring followed by red fruit. Dark green leaves with a silvery underside turn orange-red in fall. A unique show piece for today's landscapes.

**Zone 2 Maturity Height 6m**

 Available Sizes: cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

 Available Sizes: cal. 2", 2½", 3", 3½", 4", 4½"

Japanese Tree **Lilac**  
In Bloom

Ivory Silk **Lilac**

# Syringa Lilac

## Syringa reticulate 'Ivory Silk' Ivory Silk Lilac

More compact and uniform shaped than the Japanese Tree Lilac. Deep green foliage with very fragrant creamy-white flowers. Ornamental dark bark. Useful in height restricted areas.

**Zone 4 Maturity Height 7m**

## Syringa reticulate Japanese Tree Lilac

A small multi-or single stem medium tree with rounded head. Flowers are large creamy white in very fragrant clusters.

**Zone 3 Maturity Height 5m**

 Available Sizes:  
cal. 40mm, 50mm, 60mm, 70mm

 Available Sizes:  
cal. 1½", 2", 2½", 3"

| Dropmore **Linden**

# Tilia Linden

## Tilia Americana American Linden

Also known as American Basswood or Large Leafed Linden.  
Grown from seed collected in Manitoba.

**Zone 3 Maturity Height 10m**

## Tilia Flavescens Dropmore Dropmore Linden

Heart-shaped leaves in a dense, pyramidal form. Very fragrant  
yellow flowers in spring and yellow foliage in the fall. Likes full sun.

**Zone 3 Maturity Height 10m**

## Tilia Cordata Little Leaf Linden

Small tree (especially in Prairies), small leaves, pyramid shape.

**Zone 3 Maturity Height 10m**

 Available Sizes:  
cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

 Available Sizes:  
cal. 2", 2½", 3", 3½", 4", 4½"

Stewart Brothers Nurseries Ltd

Block of Brandon **Elm**

Brandon **Elm**

Stewart Selection  
American **Elm**

# Ulmus Elm

## Ulmus Americana American Elm

A large tree, with graceful spreading branches and tough, rough bark. One of the hardiest trees Stewart Brothers grow.

**Zone 2 Maturity Height 15m**

## Ulmus Americana Brandon Brandon Elm

A selection of American Elm, with a more upright ascending habit. Smaller than regular American Elm. Selected by Dick Patmore over 60 years ago. Reliable hardiness and resistant to aphid infections.

**Zone 2 Maturity Height 15m**

Available Sizes:

cal. 50mm, 60mm, 70mm, 80mm, 90mm, 100mm

Available Sizes:

cal. 2" , 2½" , 3" , 3½" , 4" , 4½"

Remember, to maintain the health of your trees  
give them plenty of water once you receive your order.

Born 1911 Still Growing

Stewart Brothers Nurseries Ltd

Colorado **Spruce**

# Picea Spruce

## Picea Glauca Var. Densata Black Hills Spruce

A large tree, very dense and pyramidal when young. Black Hills Spruce is a naturally occurring variety of white spruce native to South Dakota. Its dark green tone will lend some life to your dull, winter landscape. Unlike some evergreens, Black Hills Spruce won't prove difficult when it comes time to mow lawn near it or perform other routine lawn work. The needles are short and soft to the touch rather than abrasive.

**Zone 2 Maturity Height 40-60ft**

## Picea Glauca Densata Engleman Spruce

Slow growing native spruce with short green needles.

**Zone 2 Maturity Height 10m**

## Picea Pungens Colorado Spruce

Pyramidal tree with green needles.

**Zone 2 Maturity Height 15m**

## Picea Pungens Glauca Colorado Blue Spruce

Pyramidal tree with blue needles.

**Zone 2 Maturity Height 15m**

Available Sizes:

1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

Available Sizes:

6', 7', 8', 9', 10', 11', 12'

White **Spruce** |

# Picea Spruce

Picea Abies

## Norway Spruce

The Norway Spruce is a fast growing evergreen that has dark green needles that are 1 inch long. It never drops its needles but keeps them on for up to 10 years. Its branches extend to the ground, giving excellent wind protection while providing great durability and protection during wind and ice storms.

**Zone 2B Maturity Height 80-100ft**

Picea Glauca

## White Spruce

Hardy native tree with soft, short green needles.

**Zone 2 Maturity Height 15m**

Available Sizes:

1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

Available Sizes:

6', 7', 8', 9', 10', 11', 12'

**Root Pruned Annually**

*Please call for pricing 1-800-313-2101*

| Bristlecone **Pine**

# Pinus Pine

## Pinus Aristata Bristlecone Pine

Irregular spreading, pyramidal form with dark green, white-flecked needles. Slow growing. Requires well drained acidic soil to maintain colour. Prefers full sun.

**Zone 3 Maturity Height 12m**

 Available Sizes: 1.50m, 1.75m, 2.25m, 2.50m

 Available Sizes: 5', 6', 7', 8', 9', 10'

## Pinus Contorta Latifolia Lodgepole Pine

Fast growing, very hardy.

**Zone 2 Maturity Height 12m**

 Available Sizes:  
1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

 Available Sizes:  
6', 7', 8', 9', 10', 11', 12'

## Pinus Cembra Swiss Stone Pine

An excellent landscape evergreen because of its dense, compact and columnar habit of growth; keeps its lower branches longer than other pines, becoming more open and picturesque at maturity; hardy and adaptable to dry soils, but slow growing.

**Zone 3 Maturity Height 30ft**

 Available Sizes:  
1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

 Available Sizes:  
6', 7', 8', 9', 10', 11', 12'

Scotch **Pine**

Swiss Mountain  
**Pine**

# Pinus Pine

Pinus Nigra

## Austrian Pine

Dense growth uniform crown.

**Zone 4 Maturity Height 12m**

Pinus Ponderosa

## Ponderosa Pine

Attractive bark, very hardy.

**Zone 3 Maturity Height 15m**

Pinus Sylvestris

## Scotch Pine

Fast growing, very hardy, bluish-green needles.

**Zone 3 Maturity Height 12m**

Pinus Mugo Rostrata

## Swiss Mountain Pine

Very hardy, dark green needles.

**Zone 2 Maturity Height 20'**

Available Sizes:

1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

Available Sizes:

6', 7', 8', 9', 10', 11', 12'

**Root Pruned Annually**

Douglas **Fir**

Siberian **Larch**  
in Fall Colours

# Pseudotsuga Fir

## Pseudotsuga Menziesii Douglas Fir

Tops are conical. Needles soft and flexible up to 3 cm long, flattened and mostly spreading all around the shoot. Grows on freely draining rocky or sandy soil.

**Zone 4 Maturity Height 15m**

Available Sizes:

1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

Available Sizes:

6', 7', 8', 9', 10', 11', 12'

# Larix Larch

## Larix Siberica **Siberian Larch**

Summer foliage green, fall foliage yellow. Pyramidal growth habit, upturned branch tips.

**Zone 2 Maturity Height 15m**

## Larix Laricina **Tamarack**

Narrow crown, thin scaly bark and long slender, pliable branches. Bark of the young trees is gray and smooth becoming reddish brown and scaly with age. Needles that turn an attractive gold before dropping in the fall.

**Zone 2 Maturity Height 20m**

Available Sizes:

1.75m, 2.25m, 2.50m, 2.75m, 3.00m, 3.25m, 3.50m

Available Sizes:

6', 7', 8', 9', 10', 11', 12'

**Root Pruned Annually**

# and Conditions Terms

## **PAYMENT TERMS**

Net 30 days to those customers with established credit. We are happy to hold tree orders based on our Fall/Spring catalog. Any orders held after June 30th require a 20% non-refundable deposit. Deposits not received will result in the immediate release of the trees. This deposit is credited to the customer's account once the trees are shipped. Past due accounts are subject to a service charge on the unpaid balance at the rate of 2% monthly.

## **MINIMUM ORDER**

As we are a wholesale nursery, all orders must exceed our twenty tree minimum.

## **NOTE**

All orders accepted are subject to environmental factors and thus shall be void should injury befall the Nursery's stock from hail, fire, frost or other causes beyond our control. On orders where there is an error in count, invoices will be adjusted on a pro rata basis. All orders are accepted without liability for non-performance should shortage or delay in transportation impede delivery. Prices are subject to change without notice.

## **SHIPPING**

We will ship the nursery stock based on our good judgment when no specific instructions are communicated. All goods travel at the Purchaser's full risk and expense. In case of undue delay, damage or breakage, have the driver note such on the Bill of Lading before accepting delivery.

## **GUARANTEE OF AUTHENTICITY**

If any Stewart Brothers stock proves untrue to description or variety as ordered, upon proof of error, any such stock will be replaced or, where replacement stock is not available, a maximum refund of the original purchased price will be extended.

## **CLAIMS**

Claims for any cause must be made promptly on receipt of stock. No claims will be considered after goods have been accepted, and where claim reports are not made within **ten** days after receipt of stock. Stewart Brothers does not express or imply warranty as to productiveness or life of nursery stock sold, and will not assume any responsibility of the results secured in transplanting.

## **GRADING**

Guidelines set by the Canadian Nursery Trades Association are used as minimum standard. Caliper is measured 15 cm above ground for trees up to 100 mm caliper.
