Template Info:

Name - A5 Acrylic Block

Document Size Inc. Bleed - 220 x 158.5mm

Document Size - 210 x 148.5mm

 **Bleed**

 **Trim Box**

 **Safe Area**

BLEED

The bleed area extends 5mm beyond the edge of the finished document. Colours and images that run to the edge of the document need to be extended to the edge of the bleed area.

Anything outside of the magenta trim box will be trimmed off.

SAFE AREA

It is recommended that any artwork that doesn't bleed off the edge of the block should be 5mm away from the edge of the document.

Text placed in this area will run very close to the edge of the document. Please try and avoid clear borders smaller than 5mm.
