#### (Note)

- 1. The preliminary figures of the most recent month are released monthly, usually within five working days of the beginning of the next month since they constitute the basis for the revenues such as fees from mutual funds and investment advisory fees, which accounts for the Company's majority of revenue.
- 2. AUM is assets that were entrusted to us by our investors, and not the assets owned by SPARX Group.
- AUM would fluctuate due to the changes in investment performance, foreign exchange rate, and subscription and redemption of the funds.
- 4. The above-mentioned tables detail historical month-end AUM and preliminary figures for SPARX Group, including SPARX Asset Management Co., Ltd., SPARX Asset Trust & Management Co., Ltd., SPARX AI & Technologies Investment Co., Ltd., SPARX Asset Management Korea Co., Ltd., and SPARX Asia Capital Management Limited. In addition, AUM of power stations which SPARX Green Energy and Technology Co., Ltd. manages are included.
- 5. All funds are valued at current market prices or commitment amount that are the basis for the management fee calculation and are rounded down to the nearest ¥100 million.
- 6. The figures at the end of May 2019 are based on in-house calculations and should be regarded as preliminary. In addition, the preliminary figures will be adjusted and released as confirmed figures in the next month.
- 7. Classification of investment strategy: In principle, if the AUM of one investment strategy falls below 1% of SPARX Group AUM, its AUM is categorized in "Others" retroactively. If the AUM of one investment strategy exceeds 1% of SPARX Group AUM, its AUM is shown as a separate investment strategy from the relevant month-end. In addition, "Others" also includes the AUM that is difficult to be categorized into a specific investment strategy.
- 8. "Mirai Creation Investment Strategy" includes investment outside Japan such as equities issued by overseas legal entities, but the investment region of all its AUM is described to be Japan, because majority of its AUM are in Japan.
- 9. AUM of "Japan Renewable Energy Investment Strategy" is shown in terms of the amount of cost for acquisition of assets of renewable energy generating facilities. The group companies have steady inflows of management fees for such power stations calculated based on the acquisition cost each month from contracts as well as investment advisory fees based on the equity investment amount.
- 10. Although "Japanese Equity Market Neutral Strategy" used to be categorized in "Others", since its AUM exceeded 1% of SPARX Group AUM in the month of August 2018, it is shown as a separate investment strategy from the relevant month-end. Both categories have been retroactively reclassified accordingly.
- 11. Although "Japanese Equity Sustainable Strategy" used to be categorized in "Japanese Equity Focus All Cap Strategy", since the AUM increased and the strategy grows in importance, it is shown as a separate investment strategy from the relevant month-end. Both categories have been retroactively reclassified accordingly.
