COLLECTION **- Nº2 -**

Welcome to Business boutique Collection No2 which builds on the success of the original principles of beautiful colour coordination using innovative, quality fabrics in modern styles, that are supremely comfortable & easy to care for.

Collection No2 showcases a stunning new colour palette in pink & blue plus a host of new styles & fabrics offering versatility & choice, enabling wearers to promote a confident, modern brand identity. That is the essence of Business boutique.

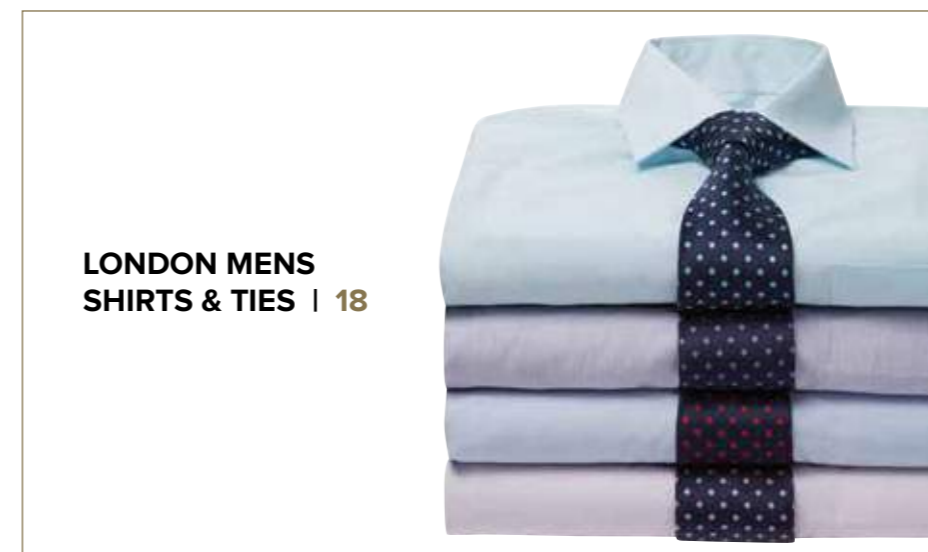

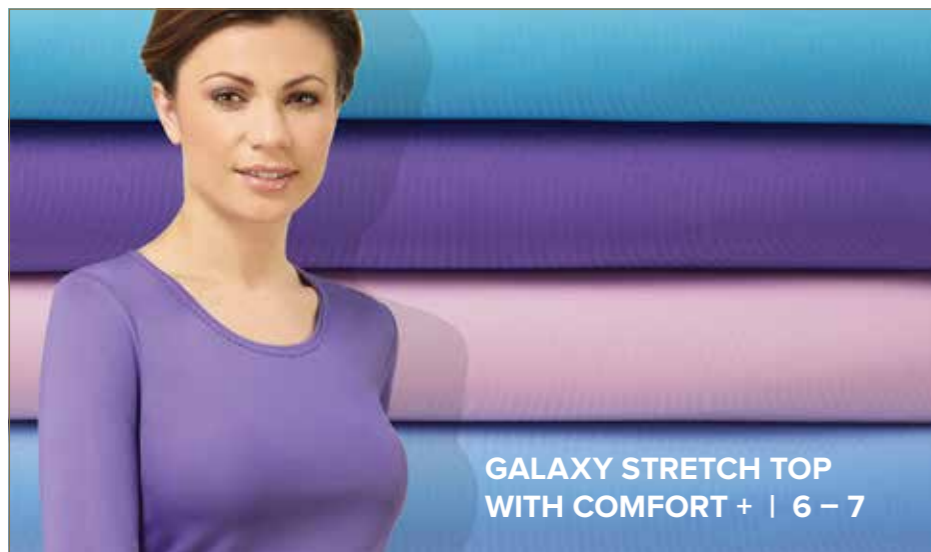

- ADD A SPLASH OF COLOUR -

All skopes collections are supported from stock & available from professional corporate clothing suppliers who will be able to provide expert guidance & advice.

A | SWT410 Aqua **B** | SWT412 Lilac **C** | SWT416 Pink **D** | SWT414 Pale blue

Sizes

XS (6) **S** (8/10) **M** (12/14) **L** (16/18) **XL** (20/22) **2XL** (24/26)

A versatile top that looks just great on its own or worn under a jacket or cardigan.

Opposite: Model wears Galaxy stretch top in lilac with royale birdseye skirt

GALAXY

- STRETCH TOP WITH COMFORT + -

The staple of every womans working wardrobe, elevated to a new level. This new top features outstanding comfort thanks to a high degree of stretch combined with a moisture wicking finish, taking perspiration away from the body to the outer fabric, keeping you cool, dry & comfortable throughout the working day.

PETALS

- SOFT TOUCH BLOUSE -

Fresh looking & modern, petals print brings our whole collection together. The geometric print flatters all body shapes. Soft against the skin, this wonderful fabric is the ultimate in resisting creases. Easy care machine washable, quick drying & little or no ironing needed.

LONDON - PARIS

- BLOUSES -

It's a subtle hairline stripe but it screams business professional. The feminine, shaped hem looks equally good worn out or tucked in & with bias cut front covering the buttons, adding a touch of class. London & Paris blouses are made using an easy care, easy iron fabric.

PANORAMA

- SWEATER -

A less formal, softer look for the workplace. High quality, fine yarns mean this sweater carries real vibrancy of colour. It will keep its shape over time without any unsightly bobbling. Feature ruffle detail on the sleeve & hem adds an elegant finishing touch.

Feature ruffle hem and sleeve

SPECTRUM NEW

- CARDIGAN -

Our favourite comfy cardigan adds a perfectly smart, layered look for the office. The scooped neckline provides versatility to show off whichever top you choose from the Business boutique collection. The ruffle hem detail adding that touch of elegance.

THE BESPOKE OPTION

For some companies & organisations only something unique will do. Business boutique bespoke ties & scarves offer easy entry to the exclusive club. With a small minimum quantity of 100 ties & 200 scarves per order our design team will take away the pain & hassle from start to finish.

The Jockey Club stands for true racing excellence. Understanding the brand values and essence of the Jockey Club were key to delivering this bespoke tie & scarf. In this instance we used the Jockey Club master logo comprised of the 4 diamond mark which takes its inspiration from jockey's silks, a powerful symbol of racing. A diamond is also an icon of excellence and these references bring the two sides of the jockey club brand together visually.

The result is understated yet instantly recognisable.

The new face of Northlink ferries is Magnus. Our Viking friend represents the features of strength, dynamism, power & pride – a seafarer of old who people can trust to navigate the north sea crossing and take passengers to explore the Northern Isles.

The new look has been designed with one purpose in mind – to create a brand that excites and makes people want to travel to the Northern Isles. We've gone back to our cultural roots and Viking past to create a strong image and a story that people will remember.

FIRST IMPRESSIONS

- LEAVE LASTING IMPRESSIONS -

The most important ingredient in creating the right first impression for your company... is you.

Delivering exceptional service is made that much easier when you look good because looking good makes you feel great & perform with confidence.

That confidence is reflected in Business boutique Collection No2 from skopes which has been designed to offer exceptional style & comfort with choice in mind.

Looking smart, professional & approachable has never been easier.

Our increasingly strong presence on the high street working with leading retailers such as House of Fraser means our design team are at the sharp edge of creating collections which are modern, relevant & designed to fit well.

Whatever you choose from Business boutique Collection No2, you will be buying into a rich, 65 year heritage of innovation, expertise, value & service that the skopes brand represents.

We bring all that experience to ensure our garments are sourced ethically, designed to perform to the highest standards and are fit for purpose.

FROM YOUR CORPORATE CLOTHING

Whilst we take every effort to ensure Skopes garments are stylish, comfortable and designed to last they are not indestructable. The vast majority of issues are usually associated with incorrect care, fit or selecting an innapropriate fabric for the working environment. The following tips are designed to help you maximise your investments in your new corporate image clothing.

SELECTION

There is plenty of choice within our collections and garment fit is generous. All aspects designed to cater for varying ages, shapes and sizes. Depending on your company size it may be appropriate to form a group of stakeholders to evaluate suppliers and products. This often goes a long way to acheiving 'buy in' from staff if they have been involved in the decision making process and this can be related positively to other staff members.

Consider style and colour carefully. Will it suit most of the staff? Will it reflect the correct image for your company or organisation? Take advice from your supplier. They will know best which fabric will perform best in the environment the garments are to be worn in.

PROCESS

Consider issuing sizing sets for staff to establish the correct fit for them. Remember every suppliers version of a size 12 will fit differently. A good supplier may assist in sizing events depending on how many wearers and locations there are. Samples & sizing sets from skopes can be returned to us by your supplier.

HOW MANY?

Make sure staff have enough garments for the working week. The usual rule is 'one on, one ready and one in the wash for tailored garments and 3 - 5 blouses/shirts/tops as a minimum requirement for full time staff depending on number of days and hours worked per week.

Whilst cost is a very important consideration, skimping on quantities at the outset will be a false economy as the initial saving is swallowed up with replacing worn out items more frequently. Consider a staff purchase scheme to allow staff to buy additional items should they wish.

Remember if the price is too good to be true it usually is. There is much development that goes into making a skopes garment what it is - comfortable, stylish & durable.

AFTERCARE

Investing in good quality means nothing if staff don't take responsibility for caring for their clothing in the correct way. Consider issuing a fact sheet on how garments should be cared for. The following advice is designed to maximise your investment and aimed at keeping your corporate clothing looking good for longer.

Always follow the instructions on the garment care label.

When machine washing garments for best results - wash like garments together. Do not mix different fabric types. Do not overload the machine which will cause excessive creasing. Use a wool (reduced) wash cycle. Remove immediately the cycle ends. Straighten lapels and seams and place on a hanger to dry naturally.

Over washing can cause garments to wear out prematurely. Washing at too high temperature can cause shrinkage and colour loss.

Do not use fabric softeners.

Do not tumble dry.

Never iron directly onto the fabric as this will cause shine or glazing. Use a suitable fabric between the iron and the fabric surface.

Use a 2 dot setting.

Always hang garments on the hanger at the end of the day. Empty pockets and give the garments room to recover.

A regular, quick brush will remove dust and dirt from the fibres which can cause garments to shine and wear out quicker.

Ensure garments are rotated and not worn on consecutive days, trousers and skirts in particular.

Although not necessary, an occasional dry clean of suiting garments will bring them back to their original, pristine condition.

We hope you have an enjoyable corporate clothing experience.
