Media Pack 2019 THE UK'S ONLY FORTNIGHTLY MAGAZINE FOR THE INDUSTRY

INCLUDES THE 2019 FEATURES

PAGES 8-12

Welcome to the Warehouse & Logistics News 2019 Media Pack. The only fortnightly publication serving the UK warehousing and logistics industry, Warehouse & Logistics News is distributed 24 times a year in both printed and digital formats, to keep industry professionals updated wherever they are and deliver your message to the maximum number of senior buyers and decision makers.

Firmly established as this sector's leading title, Warehouse & Logistics News has strong links with the leading trade associations. We publish their reports and showcase their conferences to keep readers abreast of developments in key industry areas. Skills training and development is crucial to this business's future and we support the Talent In Logistics Awards and SEMA Safety Conference with standalone supplements. As the industry grows, we see this as a major part of our contribution to its continued success.

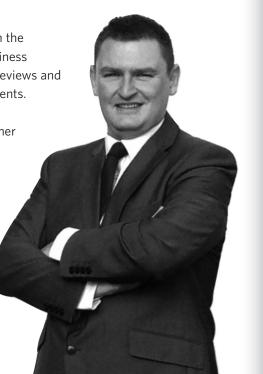

Warehouse & Logistics News also has a long tradition of successful partnerships with the industry's major exhibitions and events. We cover a growing list of fixtures in the business calendar, including Multimodal, Lux Live, IMHX and Foodex. We publish dedicated previews and showguides for these in print and digital form, supported by our presence at these events.

If you would like to contribute to our scheduled features and supplements, or for further information about how to highlight your company in our publication please give my colleague Rob Hollows on 01923 272902 or myself a call.

For details of the online marketing opportunities we can offer, please see our separate 2019 Online Media Pack.

I look forward to working with you in 2019.
