Dear Sir/Madam

Thank you for your enquiry regarding our "Top-Up" system.

We offer a service whereby we visit your property at regular intervals and top up your oil tank. You are only charged for the amount of fuel that we deliver which is charged at the price on the day of delivery. If we make a visit and you do not require any fuel we do not make a charge.

If you wish to enrol on our Top-Up system please fill in your details in the application form below, including your best estimate of how frequently we would need to visit during the winter and summer months (eg. Winter: every 4 weeks, Summer: every 8 weeks) and return this form to the above address.

We look forward to being of service to you.

Your Sincerely

Kevin Levy
