

# HOW TOTEPOOL BETTING WORKS...

With Totepool you are not betting against a bookmaker.

Your stake goes into a pool...

...and how much you win depends on how many other winning tickets there are, just like the lottery.

You don't get fixed odds like you do with a bookie.

But betting with Totepool can often pay more.

So make sure you check out the value on offer!

Good luck with your bets, we hope you back a few winners!

# HOW TO PLACE YOUR BET...

## SINGLE RACE BETS

For all single race bets, you can simply call over the details of your selections at any Totepool betting point, as follows:

- Your stake
- The type of bet
- Your horse number(s)
- The race number
- The race meeting

For example: "A £5 toteexacta on horses 4 & 6 in race 2 at Ascot please."

## MULTI RACE BETS

To place a multiple race bet you will need to complete a play slip, available at all Totepool betting points, as follows:

- Mark your horse selections in each race using the racecard numbers
- Mark your unit stake. If you have just selected one horse in each leg then this will be the total cost of your bet
- If you pick more than one horse in each leg you can leave the unit stake section blank and tell our staff how much you would like to pay in total
- State which race meeting your bet is for

Always check your bet receipt before going to cheer your horses on!
