

# Transportation Insight Parcel Solutions for Enterprise Shippers

## Parcel Program Design

Leveraging data analysis and deep industry expertise to create a parcel program that aligns with business objectives.

## Contract Optimization

Through parcel analytics and future business considerations, we tightly align parcel carrier contracts to support the optimized parcel program and network.

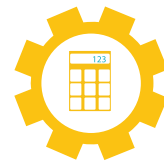

## Analytics & Reporting

Understanding all of your parcel data in a BI tool that enables you to make smarter business decisions.

## Parcel Audit

With your executed contract in place, our proprietary technology audits your carrier invoices to ensure you are in line with the agreed upon cost structures and service levels.

## THE TRANSPORTATION INSIGHT DIFFERENCE

**Expertise:** Knowledgebase of parcel best practices and corporate pricing models for national and regional parcel carriers.

**Proprietary Audit Platform:** Auditing every line of every invoice for cost saving opportunities, service commitments and compliance.

**Dedicated Account Management:** Oversight of parcel data with proactive recommendations to ensure you stay optimized as markets evolve.

**Multi-modal:** Enterprise Logistics solutions across all transportation modes to support the parcel networks.
