

Have you returned your SLA?

Schools were asked to indicate which of the NPW services they required for 2017-2020. Replies were due on Friday, 10 February 2017.

If your schools has yet to return a completed charge sheet, please arrange this as a matter of urgency to

ensure continuous NPW service provision.

Annual invoices will be issued to schools on Monday, 3 April 2017 (unless you have indicated that you require early payment). Contact Jonathan Parr on 020 8249 6963 or sla@npw.uk.com with any queries.

Community at Calverton

As part of culture week, Calverton Primary School hosted a community culture event to bring the community together and celebrate diversity.

Parents are already requesting the event is repeated again soon.

On Thursday, 2 February 2017, food from many different cultures was shared and fun was had by those who attended.

In the News

NPW and Sandringham Primary School will appear on television in the Balkans, demonstrating how to successfully use ICT in schools.

Sandringham hosted Journalists and TV crews from six stations in the Western Balkans. The visitors are working on a project to raise public awareness of the importance of ICT and new technologies in education. The programme will be broadcast on national TV in six countries across the Balkans.

On Wednesday, 25 January 2017, the Journalists spoke

with Head Teacher Robert Cleary, NPW Head of Education ICT and Transformation, Asif Mangera, parents and staff at the school and observed computing lessons.

Asif was asked about harnessing the power of technology in education and explained the importance of establishing successful groundwork through the 4c's of:

- Creativity and Innovation
- Critical Thinking and Problem Solving
- Communication
- Collaboration

Godwin Brilliant Club

Pupils from Godwin Junior School graduated from Cambridge University on Monday, 30 January 2017.

The 12 Year 6 pupils had participated in the Brilliant Club's Scholars Programme. Commencing with a visit to King's College London, it involved attending regular meetings throughout the autumn term with a PhD tutor as they studied the intriguing topic: 'How many engineers does it take to make ice cream?'

Consensus was that six engineers would be needed: a bio-chemical engineer; a chemical engineer; a mechanical engineer; an electrical

engineer; an industrial engineer; an environmental engineer.

Discussions built up to the most challenging part of the course: a final assignment of 1000 words, which the pupils had to complete independently.

As 10 year-old Maryam said: "We saw many of the amazing things that Cambridge has to offer." Visiting the country's top universities, seeing the world-class facilities and meeting current students encourages pupils from all backgrounds to realise that university is an option for anyone with academic ability and something to aspire to.

Maureen Gould, Assistant Head at Godwin Junior School, said: "We are extremely proud of all 12 children and offer our sincere congratulations for their perseverance and commitment to hard work. We are going to hold our own graduation event in school in the near future so that their parents, carers and the whole school community can witness their success."

Advertising in the NPW Newsletter

The NPW Newsletter

Publishes the latest teaching and support vacancies every week during term time, the NPW Newsletter provides education updates, news from schools and from NPW.

Benefits of advertising

Distributed to schools, reaching over **7,000** staff, and available on the NPW website, www.npw.uk.com, it reaches a potential readership of more than **8,000** each week. Placing your advert and vacancies in the Newsletter and online at [NPW Jobsgopublic](http://NPW_Jobsgopublic), you receive the benefit of effective target marketing at prices starting from **£11.50 per week** for event or product adverts.

NPWho?

NPW is a respected provider of high quality, professional education support services and provides a one stop shop. Experienced staff work in collaboration with you to provide bespoke solutions that free up leadership time and allows schools, academies and other educational settings to focus on delivering excellent outcomes for young people.

NEW First Aid Training

First Aid courses are delivered by Strong Roots Training. Unlike some training providers, their courses are regulated by Quasafe, an Ofqual recognised Awarding Organisation, established by experts in the First Aid training industry, strict limits apply on the number of trainees on courses at any one session.

New QA Level 2 Award in Cardiopulmonary Resuscitation and Automated External Defibrillation (QCF)

This half day course teaches the essential skills required by an AED operator and gives students the confidence to know what to do in this kind of emergency, covering:

- Treatment of an unconscious casualty
- Resuscitation
- Heart attacks
- Getting to know the AED (any type)
- Operating the AED

This course is suitable for anyone interested in furthering their emergency aid skills, or takes part in an organised first aid scheme. No previous first aid knowledge is necessary to attend an AED course. For health care workers, this course serves as a basic module.

First Aid training dates are as follows:

- **Paediatric First Aid (2 day)** Thursday, 23 February – Friday, 24 February 2017
- **Combined First Aid at Work plus Paediatric Training (3 Days)** Monday, 27 February – Wednesday, 1 March 2017
- **First Aid at Work (with basic paediatric add on) (3 day)** Monday, 6 March – Wednesday, 8 March 2017
- **First Aid at Work Refresher (with basic paediatric add on) (2 days)** Thursday, 9 March – Friday, 10 March 2017
- **Emergency First Aid Training (1 day)** Wednesday, 26 April 2017
- **Visit Leader First Aid Session (1 Day)** Friday, 5 May 2017
- **New Cardiopulmonary Resuscitation and Automated External Defibrillation (QCF)** Wednesday, 7 June 2017

If you would like one-day Emergency First Aid Training, bespoke first aid training delivered at your school or a full calendar of our training dates for this year, please email your query or needs to firstaidtraining@npw.uk.com.

Manual Handling

NPW and Strong Roots Training are pleased to announce the addition of the Manual Handling course to the current suite of training on offer. The Manual Handling Operations Regulations define manual handling as “any transporting or supporting of a load (including the lifting, putting down, pushing, pulling, carrying or moving thereof) by hand or by bodily force”. This half-day course will show staff the correct technique for manual handling that avoids accidents and injury. For further information and to book onto the session contact jenny.mwangura@npw.uk.com

Risk Assessment - Masterclass

Head teachers must manage health and safety on school premises and as such delegate responsibility to competent staff to undertake risk assessments in order to control the various risks within the school. You must control and assess the risks on your premises by using the 5-step process:

- Identify the hazards
- Who might be harmed and how
- Evaluate the risks and prevention
- Record significant findings
- Review and update

NPW is running a training day on risk assessments to help those who have the responsibility of assessing risk. The session will include types of risk assessments, the 5-step process, what is expected of you (the responsible person) and how to fulfil those requirements. Please email jenny.mwangura@npw.uk.com to book a place.

Introduction to Health & Safety at Work

This training course will explain the Health and Safety Management Systems used in schools and other educational settings.

The course has been primarily designed for new head teachers, heads of establishments and senior school managers and may benefit deputy head teachers acting in the absence of the head teacher during the school year or other members of the leadership team with a health and safety remit.

The course will incorporate:

- Clarification of the responsibilities of the head teacher or person acting in their absence
- An introduction to health and safety legislation relating to schools and other educational establishments
- The role of Corporate Health and Safety
- The role of NPW
- Guidance on the duty to manage asbestos
- Briefing on health and safety management system used in schools
- Workshop and introduction to risk assessment

Date: Wednesday, 22 March 2017

Time: 09:30 – 15:30

Venue: Francis House (lunch included)

This course is offered free of charge but please note there is a no-show/late cancellation charge of £100.00 per person to cover administration, refreshment and tutor costs. To attend please email [Jenny Mwangura](mailto:Jenny.Mwangura@npw.uk.com)

Legionella and asbestos risk in schools

Head teachers have a responsibility to maintain a clean, safe educational environment.

Legionella is a perennial problem and is extremely contagious and easily spread, it is your duty to control outbreaks of the virus in school. You also have a duty to manage any asbestos in your school and penalties for asbestos exposure are high.

NPW is running a briefing session to help you manage the risks of Legionella and asbestos in your school. Experienced trainers will offer advice and guidance on the prevention and control of legionella in your school and how to manage asbestos risks. The session will include information on what legionella is and how it spreads; what is expected of you and how to fulfil those requirements; you will be briefed on the latest asbestos issues and how to write an asbestos management plan. Please email [Jenny Mwangura](mailto:Jenny.Mwangura@npw.uk.com) to book a place.

Procurement and Contracting Support

The one-day workshop, led by Louise Malina, provides a “hands on” approach to procurement using practical exercises and will assist all schools with developing procurement policies, understanding due diligence and ensuring they are compliant with UK, EU and other contracting rules.

Please contact Louise if you would like to reserve a place on the course or learn more about this vital service to schools at louise.malina@npw.uk.com

Date: Thursday, 02 March 2017

Venue: Francis House

Cost: Schools who have purchased the NPW Procurement and Contracting Service are entitled to a free place. Those schools who have not purchased this service are welcome to attend, the cost is £149.00 (plus VAT). Should schools subsequently purchase the service then this sum will be refunded.

EVC Network Meeting and EVOLVE Tutorial

Incorporating practical tasks to refresh your knowledge of visits, this meeting will update you on guidance changes and practice.

You are only required to attend one session and both will be held at Francis House. The session is free to Newham LA Schools and those schools/settings which have purchased the NPW Education Visits Support Service. Please note that failure to attend the session booked or cancellation without sufficient notice will incur a £50.00 charge.

Places are strictly limited: To reserve a place please email [Jenny Mwangura](mailto:Jenny.Mwangura@npw.org.uk) who will ensure you are added to the register. Please ensure that you state clearly which session you wish to attend.

If you have any questions regarding the Network or educational visits generally then please do not hesitate to contact Alan.

Date: Tuesday, 21 and Monday, 27 March 2017

Time: 09:00 – 11:00

Venue: Francis House

The session on Monday, 27 March 2017, will be followed by an EVOLVE Tutorial, from 11:00-12:00 noon. The tutorial will focus on answering your questions, ensuring that you are able to use your account and set-up on the system, and how you can use the EVOLVE online management system and to best effect for your school's educational visits.

Role of the Educational Visits Co-ordinator

It is crucial that all schools have a designated member of staff to co-ordinate Educational Visits (of all types). The member of school staff designated as the EVC should be specifically competent in key areas, including:

- Health and safety policy and procedures, common sense and proportionate approaches to managing risk benefits.
- Implementing appropriate preventive and protective measures
- Providing appropriate training and information
- Preparing for emergencies, including recording and reporting accidents
- Evaluating, monitoring and reviewing procedures and arrangements regularly

This one-day session, delivered by Alan Merry, will cover all the legal responsibilities for schools around educational visits, and will give specific training to EVCs using a range of strategies including discussion, presentation and workshop activities.

Designated EVCs will know national and local procedures, and will be able to prepare and implement school procedures for approving and evaluating visits:

- making contracts with external providers
- managing financial records for educational visits
- keeping parents informed

Date: Wednesday, 26 April 2017

Time: 09:30 – 15:30

Venue: Francis House (lunch included)

To reserve a place on either of the training sessions above please email [Jenny Mwangura](mailto:Jenny.Mwangura@npw.org.uk)

New A Level Maths - challenges and opportunities

Approach:

The new Maths and Further Maths A Levels which start teaching from September 2017 pose all sorts of challenges, and opportunities. How will you structure the teaching? Will you try to keep to an approximation of a structure dictated by the modular nature of the current A level? Or do you see this as an opportunity to rethink things and regroup the mathematical concepts to create a more coherent mathematical journey embedding the teaching of statistics and mechanics along the way?

The day will be organised around a brief opening session and closing session looking at structures, approaches and teaching demands, with a series of workshops as the "meat" in the sandwich.

You will have an opportunity to

- Think about how to structure the teaching of the new A level
- Discuss choices about Further Mathematics
- Explore approaches to teaching the new A level in a creative and engaging way to develop students' mathematical confidence and understanding

The opening session will also feature an overview led by James Morris of the Further Maths Support Programme on where we are in relation to developments in the new A Level specifications, exam board approaches, and key changes.

Participants will be able to choose two of the four workshops, as they will run as paired sessions. Although resources from all the workshops will be made available to participants your school or college may find it useful to send two delegates.

The workshops are:

- Pascal, Binomial, algebra and statistics and exploring number
- Understanding and applying algebra and graphs - from coordinate geometry to regression to linear programming and modelling in mechanics.
- Trigonometry and vectors- functions, inverses, kinematics and dynamics in 2 dimensions
- Group theory – teaching new content and other issues in Further Maths.

Course facilitators:

The workshops will be led by Kate Gladstone-Smith and Paul McGarr, joint heads of maths at Langdon Park School, assisted by other members of a maths department where creativity, subject expertise and enthusiasm, and deep collaboration are the key themes. Paul and Kate are both experienced leaders of innovative and creative professional development, ranging from leading for the London North East Maths Hub on Developing Reasoning at Key Stage 3; organising a large scale conference on the new Maths GCSE; and have presented at conferences for the Further Maths Support Programme and the British Educational Research Association.

Microscopic Progression in calculations

Approach:

This interactive one day course will introduce attendees to the concept of 'variation' in written calculations. It will aid in deepening the understanding of teaching towards a mastery curriculum in Maths through microscopic progression. This training will provide a clear picture of the microscopic progressive steps required in order to achieve fluency in columnar written methods.

The importance of teaching variation will be demonstrated by reflecting on an observation of a lesson, dissecting calculations and identifying misconceptions. This will help to plan out microscopic progression when teaching a mathematical concept which you will be able to return to your school with and share in order to impact the quality of teaching and learning.

Target audience:

KS2 teaching staff, Maths coordinators and senior leaders.

Trainers:

Pinal Sheth is the Head of Mathematics and a Senior Leader in Education for Elmhurst Primary School. As well as leading the LNE Maths Hub and being instrumental in setting up key contacts and work groups for the Hub in its first year, Pinal has had the opportunity to visit Shanghai with the NCETM. Pinal has successfully led several training sessions with the Hub and with IoE training NQTs, Teachers, Academy Head teachers and Teaching Assistants.

Anita Kumar is currently the Deputy Head Teacher for Teaching, Learning and the Curriculum at Winsor Primary School and teaches in Year 6. She is also an accredited NCETM Professional Development Lead. Anita has worked alongside other Leaders of Mathematics to develop the teaching and progression of Calculations and has led several network meetings for the North Beckton Teaching Alliance. Anita delivered training for the Maths Hub on the Lesson Study as a form of CPD and to develop the quality of teaching of Maths.

Well-being for school staff A Mindfulness Workshop

Facilitator: Louise Picton

Counsellor and Clinical Supervisor at the Brentwood Catholic Children's Society (BCCS)

Louise has worked in schools for 18 years in an educational and therapeutic capacity. After training to practice as a child and adolescent counsellor she became interested in bringing her 25 years of meditation experience to clients. Mindfulness proved to be an accessible way to do this and she has since opened up this training to school staff.

A happy, well-motivated staff is an essential ingredient in a high functioning school. The Health and Safety Executive have cited teaching as being among the top 5 occupations affected by work-related stress with 70% of teachers saying their health has suffered because of their job. An increased ability to deal with the stress and emotional intensity of the job can improve teacher/student relationships along with personal well-being.

Mindfulness/meditation practice can help school staff to change the way they think and feel about their experiences – especially stressful experiences. Mindfulness exercises are ways of paying attention to the present moment, based on techniques centred on meditation and breathing. Recent research from the University of Oxford shows that people who regularly practise mindfulness/meditation can achieve reductions of nearly 60% in their anxiety levels and 40% in their overall stress. Research explicitly carried out on teaching staff who have adopted a mindfulness practice has indicated a reduction in 'burn-out' and an improvement in classroom performance.

Mindfulness in schools has tended to focus on students – this introductory workshop aims to address school staff. It will provide a brief overview of the theory behind mindfulness/meditation and an opportunity to sample some of the techniques that form part of a regular practice. This largely experiential morning is aimed at all primary and secondary school staff to include TAs, pastoral staff, heads of year as well as teachers. Attendees will participate in practices which they can take away and use at home and at school – in time they may even wish to share them with their students.

Feedback from delegates:

"Louise's delivery was very relaxed and open and made the theory and practical aspects of mindfulness very accessible."

"I would recommend it to anyone."

"Thank you so much for giving us strategies to learn how to take a step back from situations in class and how breathing techniques can help calm situations."

"Great trainer. Very relaxed, knowledgeable and engaging."

"I really enjoyed myself and hope my school will set up a group"

Supporting Young People in the Secondary Education Setting

Facilitator: Catherine Munns

- Lead Training and Development Co-ordinator and Counsellor, Brentwood Catholic Children's Society (BCCS)
- Team Leader, Child and Adolescent Mental Health Service (CAMHS) (2008-2015)

Catherine studied at the Tavistock Clinic and has a Post-Graduate Diploma in children's mental health. She is also a fully qualified Counsellor with extensive experience of working with children, adolescents and families. During her role as Team Leader at CAMHS, Catherine began to deliver training to schools.

Co-Facilitator: Louise Picton

Counsellor and Clinical Supervisor at the Brentwood Catholic Children's Society (BCCS), Louise has worked in schools for 16 years in an educational and therapeutic capacity.

Schools are increasingly challenged with understanding the complexity of children and young people's emotional health and wellbeing. In addition to supporting pupils' emotional health and wellbeing, schools are also tasked with the responsibility of promoting academic achievement.

This half-day Workshop is aimed at all Secondary School staff with a view to empowering you "to be part of the response". The focus of this workshop will be on:

(a) Identifying and understanding the unconscious processes children and young people engage us in, and the ways in which we can respond; and

(b) Promoting healthy staffing bodies by supporting staff to understand the complex unconscious processes which we can become engaged, and immersed, in.

Helping staff to navigate, and 'tune in' to, the subtleties of challenging and de-skilling interactions with young people will undoubtedly result in the young person responding more positively to their teacher; their setting; and this will translate into their ability to learn. I hope that the additional upshot of understanding such interactions will be that your staff will feel calmer, self-aware, upskilled, and in a better position to help.

Feedback from recent workshops run by Catherine Munns:

'Excellent course. Highly recommended to other colleagues who work within schools or other child-centred professions.'

'This is one of the best training courses I've attended in the last three years.'

'Catherine was very tuned into how we were feeling and gave excellent targeted support for us.'

'Well put together ... I felt very confident in Catherine's knowledge and ability.'

"Schools need to have a clear awareness of the extent and nature of mental health problems in children and young people and of their responsibility to be part of the response, not least because these problems do not go away. Half of lifetime mental illness starts by the age of 14."

The schools in Newham are committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment. A disqualification declaration questionnaire maybe required for this post.

Head of English Faculty

Lister School

TLR 1D (£12,898)

Required for September 2017

Do you want to be part of a team that will change the lives of children that they teach?

An exceptional school: Our vision is to provide a world class education for young people in Newham. Lister is a large 11-16 comprehensive school at the heart of its community. Recognised as one of the most improved schools in the country (DfE, January 2014) this is reflected in our sustained drive to become an Outstanding school with our exceptional Progress 8 at +0.54 and improving 5(A*-C) including English & Maths at 65%, the sixth consecutive year this has increased. The school benefits from a range of external partnerships including the Music in Secondary Schools Trust, supported by the Andrew Lloyd Webber Music Foundation and the Charles Wolfson Charitable Trust, and working in collaboration with Highbury Grove School in Islington. A positive impact: Our students are courteous, motivated and have high aspirations. We promote a real

enjoyment of English language and literature and you would be working in a school where 61% of students are identified as Pupil Premium and around 60% with EAL, where staff see this as no barrier to learning and are committed to addressing educational disadvantage.

The chance to develop: Work in a young, dynamic and energetic team where our intention is to transform the lives of young people in Newham. Our teaching and learning has been influenced by the high impact American charter schools and we aim to also get the best possible results for every child. Engage with and lead a broad range of exceptional CPD tailored to your own professional development as a Head of Faculty. Work in a team that provides real opportunities for career progression.

As part of our continued focus to further develop impact on student progress we are seeking to appoint an enthusiastic Head of Faculty to join our dedicated English team. If you think you have the potential to work as an outstanding English teacher and Head of Faculty, leading a high performing team, then an application form can be

downloaded directly from the TES website or Lister's website: <http://www.lister.newham.sch.uk/vacancies/teaching-vacancies/> or by contacting Jackie Young (HR Manager) on 020 8471 3311.

Completed applications must be returned to the school at the above address, or by email to: jobs@lister.newham.sch.uk

The school is committed to safeguarding and promoting the welfare of young people and expects all staff to share this commitment. This appointment will be conditional on successful pre-employment and enhanced DBS checks.

Completed application forms are required by 9.00am on Wednesday 1st March 2017.
Interviews: Friday 3rd March 2017 subject to applications.

We will acknowledge receipt of all application forms. If you do not receive acknowledgement, please do not assume that your application form has been received. We will only be contacting those candidates who have been selected to progress to the next stage of the process.

Teacher of Geography

Newham Collegiate Sixth Form Centre

Start date: September 2017

Salary: MPR/UPR

Location: Newham

Contract type: Full time

Contract term: Permanent

Newham Collegiate Sixth Form Centre (the 'NCS') is a dedicated sixth form centre established by a group of nine Newham 11-16 schools. The NCS opened in September 2014 in iconic Grade 2 listed buildings on the East Ham Town Hall Civic Complex, having been fully renovated to a high standard with nine new science laboratories and spacious teaching classrooms. Our first year A2 results were outstanding with 77% A/B and 96% A/C, and we are predicting 2017 results to be 85% A/B and 95% A/C. We have recently been judged 'Outstanding' in all categories by Ofsted. The centre provides a stimulating education and personalised curriculum within a supportive environment in which students are encouraged to stretch themselves to achieve their potential. The NCS offers an academic A Level

Curriculum in the Sci-ences, Mathematics and Hu-manities. The A Level Curriculum and the extra-curricular programme will be focused on preparing students for progression to selective and Russell Group universities.

The NCS is currently looking to appoint a teacher of Geography with the ability to deliver high quality lessons and achieve excellent results. This is an exciting opportunity to work with the Head of Humanities to establish and design the curriculum and student offer as well as assisting the most able students in Newham and surrounding boroughs achieve their true potential.

The successful candidate for the Geography role will:

Hold DfE Qualified Teacher Status and a relevant undergraduate degree.

Have experience of teaching A level Geography or demonstrate a strong desire to develop the skills and knowledge to do so; we welcome applications from high quality NQTs. Have excellent subject knowledge and be passionate about their subject.

Share our vision that there is no ceiling to achievement and believe in the transformational nature of education.

Have a keen interest to share their academic interests as part of our innovative super curriculum.

The role will provide the opportunity to work with the Head of Humanities to establish Geography in a dedicated sixth form centre. We are looking for knowledgeable and expert candidates to start in September 2017.

Application form and further details please apply on line at <http://ats-npw.jobsgopublic.com/vacancies/view/27630-teacher-of-geography?source=1120-npw-newsletter>

2nd in Science Faculty

Lister School

TLR 1A - £7,662

Required for September 2017

Do you really believe that non-selective schools can provide as high quality an education as any other school in the country?

Are you passionate about high quality teaching?

Do you want to work in a school where they ask every day 'what is the best way to do this'?

Is your own teaching outstanding, and do you have the skills and knowledge to help others develop their teaching?

Are you resilient, imaginative, thoughtful, conscientious and determined?

Do you treat staff and students the way that you expect to be treated yourself?

Are you continuously on the lookout for examples of outstanding practice which your institution can learn from?

An exceptional school: Our vision is a world class education for young people in Newham. Lister is a large 11-16 comprehensive school at the heart of its community. Our November 2013 Ofsted report spoke of the school's 'consistent focus on raising the quality of teaching and developing a culture of learning and high aspirations across the school'. Recognised as one of the most improved schools in the country (DfE, January 2014) this is reflected in our sustained drive to become an Outstanding school with our Progress 8 at +0.54 and 5(A*-C) including English & Maths at 65%, the sixth consecutive year this has increased. The school benefits from a range of external partnerships including becoming the first partner school in the Music in Secondary Schools Trust, supported by the Andrew Lloyd Webber Music Foundation and the Charles Wolfson Charitable Trust, and working in collaboration with Highbury Grove School in Islington.

A positive impact: Our students are courteous, motivated and have high

aspirations. You would be working in a school where 61% of students are identified as Pupil Premium and around 60% with EAL, where staff are committed to addressing educational disadvantage.

Opportunity for further impact: On average 95.1% of GCSE triple Science (Biology, Chemistry and Physics) students made expected progress and 72.7.7% achieved better than expected progress, providing our students with access to the best colleges. 84.4% of students in GCSE Additional Science made expected progress and 47.4% made better than expected progress.

The chance to develop: work alongside and lead colleagues with high expectations, engage with a broad range of exceptional CPD tailored to your own professional development as a subject leader. Subject specific CPD includes working alongside the Institute of Physics, Physics factory and the Royal Society of Chemistry. Work in a team that provides real potential for career progression.

As part of our continued focus to further develop impact on student progress we are seeking to appoint a passionate second in Science to join our dedicated Science team. If you think you have the potential to work as an outstanding Science teacher and Second in Science, in the leadership of a high performing team then an application form can be downloaded directly from the TES website or Lister's website: <http://www.lister.newham.sch.uk/vacancies/teaching-vacancies/> or by contacting Jackie Young (HR Manager) on 020 8471 3311. Teaching Opportunities

Hartley Primary School

www.hartleyprimaryschool.com

At Hartley Primary School we know that at the end of the school year some of our staff are retiring, or leaving us to take on new career opportunities. We are, therefore, starting to recruit to our teaching staff team for September 2017. Wherever you are in your career we may have a position for you in September. We are looking for people who have the will and determination to have a great impact on learning through working as part of our team. TLRs are available to the right candidates.

We can offer –

- A commitment to your well being and welfare.
- Pupils who are well behaved and want to learn.
- Career opportunities at Hartley and within our Multi-Academy Trust.
- Access to high quality training, both in school, and from external sources.
- A supportive environment that promotes teamwork with staff, parents and Governors.

We need you to be-

- Committed to your own learning, and to supporting the learning of others.
- Qualified to teach within the primary age range.
- Keen enough to come and look round the school and have a

confidential conversation about what Hartley can offer you.

If you are interested in working with us please contact the school by telephone or email and arrange an appointment with Leilah McClay (Acting Head Teacher).

**Closing date for application:
10th March 2017**

Hartley Primary School is totally committed to the safeguarding of all its pupils and current employees. References will be obtained before interview and the successful applicant will be DBS checked.

Teacher of Geography

Eastlea School

MPS - Inner London scale
Generous recruitment & retention package for the right candidate

Required for September 2017

Eastlea is a fully inclusive, friendly and supportive Community School where employees are valued and developed. You will want to make a real difference to young peoples' future, be passionate about achievement and standards along with your own professional development and progression.

Behaviour is excellent. Our parents and students have high aspirations and teaching spaces are inviting and well resourced. The school is within walking distance to West Ham, Plaistow, Canning Town and Star Lane stations and is close to the dynamic London Docklands, which can be seen from the schools' playing field.

In the 2014 OFSTED inspection, Eastlea Community School was judged as 'good' where students learn well because they have very good relationships with teachers. They feel that teachers are always

there to help them. The Humanities Curriculum Area includes 5 subjects, all of which have improved since 2012. Geography results in the school have increased from 25% [2012] to 84.7 A*-C [2015] although these dipped to 53% in 2016, we are again projected to exceed the National Average this year.

We are seeking to appoint a strong, enthusiastic Geography teacher with a preference for a specialist in Physical Geography. Applications from both experienced and Newly Qualified Teachers are very welcome.

This is an ideal opportunity for shaping the future of teaching and learning with the new GCSE specification. We have created a curriculum aimed at challenging all students and engaging students with the world around. We are looking to appoint an enthusiastic and creative teacher, who has also had experience teaching other subjects within Humanities. We would welcome a team player who is keen to work collaboratively and contribute to a strong ethos of sharing good practice, resources and ideas. The successful applicant will be committed to raising student's achievement as a member

of the Humanities curriculum team and will play a role in the development of the new GCSE curriculum and in continuing to further raise teaching standards and exam results. The successful candidate would also be expected to share a passion for fieldwork and be able to expand the scope of the Curriculum Team's fieldwork programme as well as working alongside the Curriculum Team Leader of Humanities to ensure that the results are maintained as we move to the new 9-1 GCSE specification in Geography.

For an informal discussion about this post please contact the school on the above number. Visits to the school prior to application are very welcome.

Associate School Leader - Numeracy across the Curriculum

Kingsford School

National Teachers Pay & Conditions (Inner London) + TLR 1A - £7,662 Permanent Role
Commencing: April 2017 (or as soon as possible)

Seeking excellence, success & opportunity in an inspiring community where students and learning come first"

A fully inclusive school in the heart of the redeveloping Docklands region of East London

Head Teacher Joan Deslandes MA

This vibrant 11-16 school with a roll of 1500 students has excellent facilities in all subject areas. Kingsford Community School is committed to high quality inclusive education for students of whom fifty per cent are multi-lingual.

The school has achieved a range of nationally accredited awards and was rated by Ofsted in 2013 as Good with Outstanding Leadership and Behaviour.

We are looking for an Associate School Leader who has experience

in promoting programmes to improve the quality of Teaching and Learning in Numeracy across the curriculum as well as developing and supporting the achievement of excellent academic outcomes. Responsibilities will take account of the aforementioned; however the candidate's expertise and experience will influence some of the responsibilities to be assigned. This new position offers a challenging but exciting opportunity for a dedicated and ambitious individual to develop as a leader and to make a significant impact on the outcomes for our pupils.

We are keen to hear from you if you:
Have an excellent track-record as a teacher and or middle leader
Aspire to a leadership role
Are flexible and adaptable
Have high expectations and ambitions for young people
Are hard-working and a team player

We offer high continuing professional development (CPD) opportunities for career progression and a supportive and collaborative learning environment where you will develop and grow as a strategic school leader. This is an excellent opportunity for a professional

looking to move to a leadership role within the next three years.

For any further enquiries regarding this vacancy, please visit our website <http://www.kingsfordschool.org.uk/>, email the Recruitment Team on recruitment@kingsford.newham.sch.uk or telephone 020 7476 4700.

The successful candidate must meet the person specification in order to be offered the post and will be subject to an enhanced DBS check. Only applications submitted on the schools agreed application form will be considered.

Learning Support Assistants

Lister School

Scale: APT&C Scale 3 - £17,428.94 pro rata

Weeks: 36 hours term time + 4 weeks per year

Required as soon as available

Lister Community School is a large 11-16 comprehensive school at the heart of its community. We were named in January 2014 as one of the 100 most improved schools. Our November 2013 Ofsted report spoke of the school's 'consistent focus on raising the quality of teaching and developing a culture of learning and high aspirations across the school'.

We are seeking to employ Learning Support Assistants to work with students and staff to maximise the

learning opportunities for all students, especially those with special educational needs and complex needs. The successful applicant will have experience or interest in working with students with a range of abilities. They will also have good communication and interpersonal skills and an ability to work flexibly and co-operatively in a team context. Appropriate and accurate use of English in written and oral communications and good organisational skills are also required. As a commitment to working in a multi-cultural setting and with students from diverse backgrounds.

The school is committed to safeguarding and promoting the welfare of young people and expects all staff to share this

commitment. These appointments will be conditional on successful pre-employment and enhanced DBS checks.

Further details and an application form can be downloaded directly from the Lister Website: <http://www.lister.newham.sch.uk/vacancies/> or alternatively by contacting Jackie Young, HR Manager on jobs@lister.newham.sch.uk or 020 8471 3311.
