DIBBERN FINE BONE CHINA

The first private porcelain manufacturer was founded in Hohenberg, Bavaria, in 1814. DIBBERN reopened the works in 1997 continuing centuries of tradition to the highest standards.

DIBBERN Fine Bone China represents the ultimate achievement in pottery craftsmanship and technology. Our designers are very considerate in designing the DIBBERN Fine Bone China with great subtlety; it accentuates the distinctive features of the material.

With its transparency, smoothness and soft glow Fine Bone China is among the most attractive porcelains – a feature that is enhanced by its exceptional durability.

An unleaded glaze is used for all DIBBERN Fine Bone China products.

With all these features DIBBERN Fine Bone China continues to convince high-class gourmets and the international premium gastronomy. DIBBERN Fine Bone China won several international design awards for outstanding innovative design. Production is carried out exclusively at our own works in Germany.

The image features four white ceramic plates and platters of varying sizes, arranged in a horizontal row and overlapping each other. The plates are set against a solid black background. The central plate is the most prominent, with the others receding behind it. The text '| PLATES & PLATTERS' is printed in a dark, sans-serif font on the surface of the central plate.
