We want all our patients to be pleased with the service they receive, so we take complaints seriously. If a patient makes a complaint, we will deal with it promptly and courteously. Our aim is to resolve the matter as quickly as possible following the agreed procedure and, wherever possible, to the satisfaction of the patient.

A complaint may indicate a failing on our part, we take all complaints as positive feedback which we can learn from and make improvements to our service. Our staff receive training and guidance in handling complaints and we adopt a 'no blame' and without prejudice approach when investigating a complaint, especially where individuals are identified with the aim of reaching a satisfactory conclusion. We will, at all times, be polite and respectful to our patients.

### Practice Procedure
