"Lee was brilliant on our wedding day and was it great having the pre wedding photoshoot to visit our church and venue. Lee came to meet us in our own home, we immediately felt relaxed with her and her prices and packages are also great value for money. I had met a lot of suppliers and photographers at wedding fairs and was unsure of who to go with until we met Lee who made it very easy for us to decide. Would definitely recommend blushing bride to anybody."

"Lee listened to our needs but also asked lots of questions that we hadn't even thought of. She gave us clear advice and information leading up to the event making us feel totally confident and I think our photos show how relaxed we were. Lee went over and above the call of duty and spent more time than was originally expected at the wedding. We are absolute delighted with the results, I think the testament of her work is that every time we look through the photos we relive our wonderful day."
