

JetSort[®] High Speed Coin Sorters

Fastest, accurate, most dependable

Processes
2017 £1 coin.

High-speed coin sorters for any application

The fastest and most accurate coin sorters in the industry.

The JetSort family of coin sorters are the fastest high-capacity coin processors in the industry. The patented technology used in JetSort machines sorts and counts at speeds up to 6,000 coins per minute.

Accuracy and dependability

Coin processing is easy when counts are quick and accurate. With 99.995% accuracy, JetSort products provide precise processing. This translates into less time managing coin and more time for other tasks.

Models designed for your business needs:

JetSort 1000

JetSort 1000 is a compact, reliable commercial coin sorter for small business coin counting and sorting operations. Integrate this automatic coin sorter with a currency counter, printer or computer to maximise productivity and efficiency.

- Up to 2,200 coins per min.
- Sorts 8 coins
- LCD shows current status
- Easy-access coin drawers/optional bags

JetSort 3500

The JetSort 3500 coin sorter handles high coin volumes with increased speed and accuracy. Its advanced coin counting features, plus an easy-to-use illuminated, touch-screen display put key sorting operations at your fingertips.

- Up to 4,500 coins per min.
- Sorts 7 coins
- Illuminated touch-screen & tactile keys
- Coin drawers or bags

Unmatched reliability

Warranted up to 50 million mixed coins

JetSort coin sorters ensure years of operating excellence. Only one moving part means fewer jams and lower maintenance costs.

JetSort 4200

The JetSort 4200 commercial coin sorter processes up to 3,000 mixed coins per minute. Coins are collected in six high-volume bags for coin-intensive businesses. Small footprint floor model.

- Up to 3,000 coins per min.
- Sorts 8 coins
- Illuminated touch-screen & tactile keys
- Coins collected into bags

JetSort 6400

To accommodate large quantities of specific denominations and allow for longer processing times, the JetSort 6400 model offers dual bags. Minimise down time and bag changes with dual bagging capability.

- Up to 6,000 coins per min.
- Sorts 9 coins
- Illuminated touch-screen & tactile keys
- Coins collected into bags

JetSort LX

Jam-free, high speed sorting. Maximises counting accuracy, increases operator productivity and streamlines your processes. Fast, on-the-fly coin discrimination sorts with 99.995% accuracy, identifying and rejecting foreign, counterfeit and damaged coins.

- Up to 4,100 coins per min.
- Sorts 8 coins
- Full colour multi-language touch-screen
- Quick-release bags, LED lights on handle indicate bag status

JetSort high speed coin sorters
