ODESSA OC COLLEGE

Gainful Employment Disclosure Report

2014-2015

Gainful Employment Disclosure Report

Introduction

Current 34 CFR 668.6(b) specifies disclosure requirements for programs that prepare students for gainful employment in a recognized occupation. These disclosures are made by institutions using a disclosure template provided by the Secretary and approved by OMB under control number 1845-0107. As part of the Gainful Employment final regulations published in the Federal Register on October 31, 2014 (79 FR 64890), as corrected on December 4, 2014 (79 FR 71957) (Final Regulations) a new paragraph (d) was added to §668.6 that provides that institutions are not required to comply with the provisions of §668.6, including paragraph (b), after December 31, 2016. New disclosure requirements with which institutions must comply beginning January 1, 2017 have been established in §668.412. Under the new disclosure requirements, an institution must provide current and prospective students with information about each of its programs that prepares students for gainful employment in a recognized occupation (GE programs) using a disclosure template provided by the Secretary.

Generally, GE Programs include:

• **At public and private not-for-profit institutions**: Title IV-eligible non-degree programs (e.g., certificate and diploma programs).

• **At for-profit institutions**: All Title-IV eligible instructional programs, degree and non-degree.

The disclosure of information about a gainful employment program on the institution's Web site will provide useful information to prospective students and their families. The intent of the provisions in §668.412 is to enable students to make an informed choice about a gainful employment program by making the disclosures clear, timely, meaningful, and comparable. These disclosures will also allow students to make determinations about the amount of student indebtedness incurred by students who completed the gainful employment program, the average costs of attending the program, rates of normal completion time, and job placement rates.
(United States Department of Education, 2017)

TABLE OF CONTENTS

Odessa College

Automobile/Automotive Mechanics Technology/Technician
Program Level - Associate's degree
Program Length - 2 years

Q. How much will this program cost me?*

A. Tuition and fees: $7,190
Books and supplies: $300
On-campus room & board: $2,600

What other costs are there for this program?[1]

A. Tuition and fees: $2,120
   Books and supplies: $1,400
   On-campus room & board: $2,600

What other costs are there for this program?[1]

For further program cost information, visit
http://odessa.edu

* The amounts shown above include costs for the entire
program, assuming normal time to completion. Note that
this information is subject to change.

Q. What financing options are available
to help me pay for this program?

**A. Financing for this program may be
available through grants, scholarships,
loans (federal and private) and
institutional financing plans. The
median amount of debt for program
graduates is shown below:**

   Federal loans: *
   Private education loans: *
   Institutional financing plan: *

* There were fewer than 10 graduates in this program.
Median amounts are withheld to preserve the
confidentiality of graduates.

Q. How long will it take me to complete this
program?

**A. The program is designed to take 1
years to complete. Of those that
completed the program in 2014-2015,
*% finished in 1 years.**

* Fewer than 10 students completed this program in 2014-
15. The number who finished within the normal time has
been withheld to preserve the confidentiality of the
students.

**Q. What are my chances of getting a job
when I graduate?**

**A. The job placement rate for students who
completed this program is *%.**

* This institution is not currently required to calculate a job
placement rate for program completers.
