Fire Surrounds
Stove Surrounds
and Furniture

Welcome to the new
Focus Fireplaces brochure
The **Ultimate Fireplace Collection 11**

All the surrounds in this brochure are manufactured using the finest timbers and materials in a modern factory in York.

Our experienced and highly skilled craftsmen have been making our superb designs for over 27 years giving us a market leading reputation for quality and service.

As each surround is individually made for each customer, we have the capability to alter or amend our mantel designs to suit your specific requirements therefore offering a fully made-to-measure service.

Further to this, you may also wish to match your new fireplace with your existing furniture or décor. The chart on page 51 and the colour illustrations on the back page clearly show all the different timbers and finishes that your chosen design can be produced in.

We have a policy of selling our products only through appointed fireplace retailers to ensure that you receive the best possible service and technical assistance.

Our website www.focusfireplaces.co.uk displays an even larger range of surrounds and complimentary furniture than featured in this brochure.

All the fire surrounds in this brochure are British made.

All Finishes except Pine

Matching Shelves can be made to order

The surrounds on pages 41-48 are manufactured from veneered MDF and most are available in a wide choice of finishes including mahogany, mid brown, white, antique white, magnolia, teak, beech and various shade of oak. Solid pine in a waxed finish is also available.

Not every design is available in all the different finishes. Please see each design for the choices available.

Back Catalogue

We've developed a wide range of designs over the years.

Here's a selection of our favourites from the past, all of which are still available today!

Tiffany

Trafalgar

Fiona

Roundell

Victorian

We have two other brochures...

Focus on Electric... featuring a range of stunning fireplaces designed specifically for electric fires.

Shelves and Beams... a comprehensive range of solid timber shelves and beams ideally suited for use with stoves.

The products manufactured by Focus Fireplaces are only available through retail fireplace and stove specialists.

Hamilton

Alcove
Deluxe

Standard Fascia Beam:
Dressed Oak in a Waxed Finish

Deep Beam:
Aged Oak in a Medium Finish with Indents

Morpeth Shelf: Light/Medium Oak

Traditional Shelf: Waxed Oak

Deep Beam with Corbels: Rustic Oak in a Light/Medium Finish

Timber and Finish Selection

To help you make your choice, this chart shows the various range of materials and finishes that each surround can be made in.

In addition to this, please note that Mahogany finish is available in 3 shades: Red, Red/Brown and Brown.

Solid Oak can be Waxed, Light, Limed, Golden, Teak on Oak, Light/Medium, Medium, Medium/Dark, Dark or even "Black Oak".

We also offer a colour matching service on certain surrounds.

See back page for a representative sample of all the shades and finishes that are available.

Oak surrounds are produced using first quality kiln-dried American Oak.

Solid Timber Mahogany finish refers to surrounds made from timbers similar in appearance to Mahogany.

High quality veneers such as **Oak**, **American Black Walnut** and **Khaya**, based on premium quality medium density fibreboard, are used in the V Collection and also the surrounds on pages 16-19.

White, **Magnolia**, **Stone**, **Granite**, **Slate** and **Designer** finishes are painted finishes applied onto surrounds made from high quality medium density fibreboard.

Our **solid timber** surrounds are individually made from **selected prime timber** and even our veneered surrounds use **real wood veneers** on high quality MDF.

It should be appreciated that **real timber** and **veneers** have a wider variety of grain markings and it is these very characteristics which will give your fireplace its individuality, presence and beauty.

Focus Fireplaces are continually updating and improving their products. We reserve the right to alter designs, dimensions and specifications of surrounds without notice. All sizes are approximate. Brochure colours may vary from the actual product due to the photographic and printing processes and the variations in grain of solid timbers.
