

Chemical Manufacturer & Supplier to the Restoration & Construction Industry

30 YEAR PROTECTION SCHEME GUARANTEE

The Guarantee Scheme that not only protects the householder but also you the contractor...
Pass full liability of your Guarantees over to us in if any of the following ever apply...

Retired No longer trading Deceased Bankruptcy/Liquidation

Can you tick all the boxes with the guarantee scheme you currently use?

Biokil Crown 30-year Protection Scheme Guarantee covers materials and labour against a recurrence of Rising Damp, Woodworm, Wet Rot or Dry Rot or problems arising from John Newton dry lining in the treated area for a period of 30 years.

The Approved Contractor is initially responsible for honouring any remedial works that may be required under the terms of the guarantee but should the company go into bankruptcy or liquidation, whether voluntary or involuntary, retire, die or cease trading, liability for the unexpired period of the guarantee will be honoured by Biokil Crown, who will in the event of a valid claim, arrange for any necessary retreatment works to be carried out at no additional cost to the householder.

Biokil Crown 30-year Protection Scheme Guarantee is accepted by Local Authorities, Building Societies, Banks, Housing Associations, Architects and by property owners who want the reassurance that the issued guarantee provides them with long term total protection on the works originally carried out.

Biokil Crown Approved Contractors may issue our 30-year Protection Scheme Guarantee to cover both materials and labour. Effective 1st December 2005 the premium charged for each guarantee is 5% of the invoice price plus vat for contracts above £600.00 with a minimum premium charge of £30.00 plus vat for contracts below £600.00. Damp Course and Timber Treatment contracts are covered on the same guarantee and it is not therefore necessary to issue two separate guarantees. This also means only one guarantee premium charge.

Our Guarantee Application Forms are extremely easy to complete and are processed the day of receipt (post and facsimile copies accepted). All Guarantee Premium invoices are despatched with the Guarantees and are allocated to the Approved Contractor's Biokil Crown account, payable within standard credit terms.

Always back your work by offering long term protection
