

IT

YOUR IT, YOUR JOURNEY, OUR SUPPORT.

Build your foundation, build your business.

COMPUTER NETWORKING

Technology is powerful, avoid bottlenecking that potential. Make sure your infrastructure is not holding back your core systems.

SERVER SUPPORT

Servers sit at the heart of your system, ensure they are professional managed and monitored.

CONNECTIVITY

Broadband is as important as water, gas and electricity. Talk to us about our redundant high speed broadband solutions.

IT BUSINESS SUPPORT

After years of experience in education, automating networks to the scale of thousands of users, we have put that experience into businesses. Please contact us to discuss your requirements and to arrange an IT Healthcheck.

Welcome to NETbuilder IT

The NETbuilder Education team has collective experience of over 30 years in all aspects of Education Technology (EDTech). Our knowledge of the sector accompanied by our dynamic approach enables you to move forward and never back.

Never be caught out by a change in the industry and always be on the front foot. We work closely with our partners, keeping track of the industry and insuring you are prepared for upcoming updates or new releases.

Our “build a foundation” process ensures that the core of your business is stable and secure. Enabling you to add technology on the go without needing to go back to the drawing board if something new happens.

Our health check consultancy service ensures you are on track to complete your overall goals but is adaptable enough to move into a new direction if your business demands it. IT is an ever changing field so let us steer you into the right direction and keep you on track.

Avoid the gimmicks and invest in the real technology that will improve profits and your Customer experience, after all, your customers and employees make your business as you do ours.

Invest in them, invest in us.
