

## **Dr Hardwicke's Hop Gin**

Our very own small batch artisan gin. Using specially selected botanicals, including the quintessential English Goldings Hops which give our gin it's citrus taste of lemon peel and cardamom.

### **Our suggested serve is called Charleston Thyme**

Dr Hardwicke's Gin, Grapefruit, Thyme and Fever Tree Slimline Tonic.

Pink grapefruit compliments the citrus of the gin perfectly. We choose Fever Tree tonic, which best suits the gin as it isn't too scented. Fever Tree Light tonic is suggested for those who prefer their G&T a little less sweet.

## **Gin is Back**

It has been a long & winding road to redemption from the gin craze of the 18<sup>th</sup> Century. The craft gin evolution has seen some stunning gins being produced, largely right on our doorstep.

Here at Dr. Hardwicke's Gin Emporium you can enjoy some of the finest of the English distilleries and the best the rest of the world has to offer in a bespoke serve, however you like it. Be adventurous or try our recommendations.

Dr Edwin Webster Hardwicke who was a local doctor living at Cross House, right on Lye cross. He was father to Sir Cedric Hardwicke who was an actor & film producer. Dr Hardwicke would make his calls to his patients on his horse and trap throughout the streets of Lye. Most of Dr Hardwicke's patients were poverty-stricken factory workers too poor to pay for any treatment. So, the story goes that Dr Hardwicke would help the local people and experimented with herbal remedies & apothecary. Now here in his place we are experimenting with botanicals but in the form of gin & cocktails for our guests.

## **Dr Hardwicke's Gin Club**
