

Preacher: Pastor Wilson Akubo

Title: What Shall I Render?

Scriptures: Psalm 116:12, Luke 17:11, Luke 7:36-48.

As a church, we are a grateful people and it's our custom to celebrate Thanksgiving day annually. Thanksgiving day is a day that we set aside to express gratitude to God for all he Has done for us throughout the year. God has been good to us from January till this day and we shall come to give Him thanks on December 2, 2018

The Lord has sustained us, healed our diseases, forgiven all our iniquities, and renewed our youth like an eagle. He executes righteousness and judgment on our behalf. He has pitied us as a father pities His children. He has given us a sound mind and kept us away from harm throughout the year.

Above all, God has kept us alive. To Him belongs escape from death. Luke 17:11. We have a responsibility to return and thank Him. The leper who was healed by Jesus returned to praise Him. He is the only one out of the ten healed that came to give thanks, and he was made whole.

The proof of gratitude is the degree and quality of your return.

If you are grateful, it won't only be in your heart, you will return to give praise and it will be loud when you do. The blessing may be private, but the expression of gratitude will always be public.

God places great value on those who return to give Him for

what He has done.

Why is it important to Return?

We need to return in thanksgiving because God counts one by one. Martha brought an alabaster box of oil. She went to Jesus to say thank you. Luke 7:36-48.

God knows what He has done for each and every one of us, so we have to return to give Him praise.
Thanksgiving is another type of faith.

Come ready.
