

Patio generator

Let our friendly team of advisors help plan your space using our unique Patio Generator.

The Bowland Stone Patio Generator creates bespoke paving designs so you can quickly see how your garden will be transformed, providing you with the inspiration you need to get started.

Whatever your space, shape or size, the Patio Generator will produce traditional and random paving patterns to fit. Paving circles and Patio Pacs can also be incorporated. Every design will give your garden a different feel, and our team will help you decide on the ideal layout for your requirements.

Once we've created your perfect patio, you'll receive a detailed plan of your design and be advised on the right products for the job – you're now ready to begin creating the garden of your dreams!
