ABOUT US

Limitless Innovations offers various cutting-edge retail products with a philosophy built around high-quality products and superior customer service. Our line of innovations provides you with high-end products to help simplify, charge, and organize your life. Our patented and award-winning SmartSpeed® Technology delivers the best in charging and we also offer products that contribute to a lifestyle without boundaries.

IDEA & CONCEPT

We develop ideas that are influenced and inspired by solving consumers' everyday needs.

RESEARCH & DESIGN

Our Developers and Designers work together bringing concepts to life and creating top-of-the-line products that are certain to impress.

PROTOTYPE & ENGINEER

Each product is prototyped as we continue to improve its aesthetics and performance. We also work with various testing laboratories to ensure products are safe and certified for everyday consumer use.

MANUFACTURE & LAUNCH

Final products are manufactured, inspected, and shipped to store shelves.

CORPORATE VALUES

QUALITY | SAFETY | CERTIFICATION

Limitless Innovations is committed to provide **QUALITY** products by employing the best team of Inventors, Designers, and Engineers to bring concepts to market.

Limitless Innovations is devoted to bringing consumer **SAFE** products to the market by working with reputable 3rd party testing labs, such as UL, and maintains compliance of the **CERTIFICATIONS** by adhering to strict quarterly inspections.

PATENTED SMARTSPEED® TECHNOLOGY

In 2014, Limitless Innovations introduced the first ChargeHub that incorporated what is our now patented SmartSpeed® Technology. At that time, USB chargers used dedicated ports for various amperage outputs. This added considerable confusion to the user that had been typically less tech savvy. SmartSpeed® Technology simplified and enhanced multi-port USB charging by providing non-dedicated USB charging ports, each of which could deliver up to 2.4 amps to any port, providing an optimal and safe charge to most devices. Additionally, SmartSpeed® Technology was the first in perfecting this concept of allowing a device to dictate the proper charge rate, regardless the what type or model of connected device. Now, just 5 years later, you will find our patented SmartSpeed® Technology designed into each of the items in our ever-evolving ChargeHub product line!

SmartSpeed® Technology ensures each device is being charged **SAFELY** and at an optimal speed.

CHARGEHUB™

CHARGEHUB X3 | \$29.99
USB PORTS: 3
DUAL VOLTAGE INPUT: 100 - 240V
USB OUTPUT: 5V / 5A
MAX CURRENT PER PORT: 2.4A
TOTAL POWER: 25W

CHARGEHUB X5 | \$39.99
USB PORTS: 5
DUAL VOLTAGE INPUT: 100 - 240V
USB OUTPUT: 5V / 8A
MAX CURRENT PER PORT: 2.4A
TOTAL POWER: 40W

LUMENOLOGY

DUAL SECURITY MOTION LIGHT | \$49.99
BULB: HIGH-LUMINANCE WHITE LED
BATTERY: 3x D DRY CELL
BRIGHTNESS: 800 LUMENS
ACTIVATIONS: APPROX. 700
USER MODES: 10 / 20 / 30 AUTO SHUT-OFF
LIGHT SENSOR MODE: ADJUSTABLE - NIGHT / DAY
DETECTING METHOD: MOTION
DETECTABLE RANGE: 140°, ~20FT
ADJUSTABLE RANGE: 360°
SIZE: 11" x 6.9" x 6" | 18.7oz
ATTACHMENT OPTIONS: MECHANICALLY FASTENED / CLAMP

PORTABLE MOTION LIGHT | \$29.99
BULB: HIGH-LUMINANCE WHITE LED
BATTERY: 3x AA ALKALINE
BRIGHTNESS: 140 LUMENS
ACTIVATIONS: APPROX. 800
STAY-ON MODE: APPROX. 7 HOURS
USER MODES: OFF / ON / 30-SECOND AUTO SHUT-OFF
LIGHT SENSOR MODE: NIGHT ONLY
DETECTING METHOD: MOTION
DETECTABLE RANGE: 100°, 13FT
ADJUSTABLE RANGE: 360°
SIZE: 3.6" x 3.1" x 3.9" | 5.1oz
ATTACHMENT OPTIONS: FLEXIBLE TRIPOD / MAGNET
