

Furniture, Fabrics and Equipment
for conference and banqueting

Working with hospitality professionals, we understand the importance of delivering outstanding products and customer service.

For over 30 years, Forbes Group Ltd has been a leading supplier to hotels and conference centres, companies and sporting venues worldwide. Our products, including banqueting tables and chairs, lecterns and staging, table skirting, conference cloth and chair covers, are selected for their appearance, practicality, strength and environmental performance.

Not only do our products appear flawless front of house, they also help venues behind the scenes. Our tables have a specially-designed leg-folding system for efficiency and safety in set-up, cocktail tables nestle for efficient storage, and seminar tables have tops made from recycled hollow core cardboard. Forbes Fabrics shrug off marks, are machine-washable and one (EcoFab) is even made from recycled plastic bottles.

Forbes Group Ltd is a company that is small enough to listen to and respond to your individual requirements, but with experience great enough to be trusted by some of the most prestigious names in the industry.

Fabrics

Simple-Fit table skirting

AVAILABLE
IN ECOFAB

Innovative table covering.
No clips required!

Simple Fit skirting is softly gathered and attached to a plain stretch topper.

Simply pull the stretch over the table edge, and the skirting will fall into place ready for use.

With no need for clips, Simple-Fit is a quick and effective way to dress your table, providing a professional finish in minutes. Add table protector for extra comfort, see page 7 for details.

Restaurant table skirting

A sophisticated way to showcase your dining area. Restaurant skirting is made of panels to allow diners to be seated easily and comfortably.

Restaurant skirting can be attached directly to table edge or table protector for added comfort.

Table skirting

Six standard heading styles or your bespoke request

Flat panel

Shirred pleat

Accordion pleat

Regency pleat

Box pleat

Double Box pleat

Contemporary table covers

Simple and elegant one piece drop-on covers.

As an alternative to skirting, the Contemporary cover gives a modern and stylish look to dress your table.

Table protector

Table protector offers your tables protection against the rigours of daily use, along with cushioning your table for a superior dining experience. It is comfortable to dine at, helps reduce noise and can be wiped clean. Easy to fit prior to placing tablecloths and skirting. Offered in 'Shower cap' and 'Lip edge' styles.

Chair covers

Chair covers change the look and style of any venue. Forbes Group offer a wide range of standard design covers as well as bespoke requests, available in easy-care Forbes Fabrics. Chair covers are designed to fit your chair model.

Horizon chair covers

A wide range of accessories to compliment any décor or colour theme, to include sashes, bows, ties, logo's and bespoke requests.

Elegance style

Bespoke designs

Deluxe chair covers

Silcra chair covers

A wide-angle photograph of a grand ballroom. The ceiling is a major feature, with a large, rectangular area covered in thousands of small, sparkling lights that create a shimmering effect. Below this, a recessed lighting strip emits a soft purple glow. The floor is covered in a dark brown carpet with a repeating pattern of interlocking, light-colored circles. In the center of the room, several tall, black, cylindrical pedestals are arranged in a loose grid. Each pedestal holds a small, white, rectangular object, possibly a card or a small gift. In the background, a large white screen displays the text "GRAND BALLROOM AT THE MONTCALM". To the right, there are glass partitions and a doorway leading to another area. The overall atmosphere is elegant and sophisticated.

GRAND BALLROOM
AT THE MONTCALM

EcoFab

A more environmentally-friendly fabric

Our latest addition EcoFab is a ground-breaking polyester fabric made from 100% recycled plastic bottles. As such, it has a double benefit for the environment: it requires up to 53% less energy to produce than virgin polyester, and it keeps plastic water bottles out of landfill.

In addition, EcoFab is highly practical in the hospitality environment. It has demonstrated impressive crease resistance (especially useful for chair covers, and for storing table skirting), repels stains and is machine washable.

Product Applications

Chair covers | Cocktail table covers | Table skirting | Simple-Fit Skirting | Contemporary table covers

EcoFab care instructions

Machine-washable at 30° | Tumble dry - low heat | DO NOT Iron | Dry clean | DO NOT use chlorine bleach

Stretch table covers

Tables take on a modern sculptured look with our Silcra stretch covers, a new way to cover tables, buffets and drink stations. All covers are designed to fit your size of table.

Cocktail table covers

Popular and elegant covers available in various styles to suit any décor and surrounding.

Print your company logo on cocktail lids.

Acrylic Plates

The acrylic plate is an innovation for our cocktail table range. They are used on the top of our cocktail tables and are ideal for displaying your price list, menu, or flyers advertising forthcoming events. Available in Clear and Frosted finish.

Acrylic plates are also available to be used as a sleek top for your tables.

Conference table covers

Designed to use in conference and meeting rooms including reception desks. Choose a table drop cover or a conference tablecloth made to measure for your tables ensuring a professional finish.

Mode cover

The Mode cover is a combination of the stylish sculptured look being requested within the industry and features the practicalities of the conference cloth top. The open backed stretch cover promotes a modern design for meeting tables.

Logos and accessories

Corporate logos can be added to many of our products particularly conference cloth, table skirting and chair covers. Screen printed or embroidered logos add to the finishing touch of your presentation or event.

A selection of blotters, coasters and jug mats

Banner cloths and flip chart covers
