

## ENVIRONMENTAL POLICY

AB 2000 Ltd. is dedicated to operating an Environmental Management System in accordance with the principles of BS EN 14001:2004; in order to demonstrate its commitment to the maintenance and preservation of the environment to both customers, employees and contractors

We all have a responsibility to protect the environment from the effects of our activities. AB 2000 Ltd. takes its responsibilities seriously in this respect and is committed to reducing the impact of its activities on the environment.

To this end AB 2000 Ltd. recognises that there are many steps that it can take to continuously improve its environmental performance and thereby reduce or prevent damage to the environment. These steps can also add value to our business and make a positive contribution to the success of the company. In other words, we do not believe that good environmental management and the financial well-being of the company are incompatible. The policy is communicated to all employees at Induction or when any significant changes are made. It is also fully supported by the management team who will work to ensure that:

In order to meet this commitment AB 2000 Ltd. will pursue the following objectives:

- To ensure compliance with all applicable environmental legislation.
- To reduce emissions and pollution
- To improve waste management practices.
- To reduce consumption of natural resources.
- To minimise noise and other nuisances.
- To assist in the management of ecology.
- To continuously assess its environmental performance.

The necessary personnel and financial resources will be allocated to assist the Company in meeting its environmental objectives. In addition, AB 2000 Ltd. will continue to raise the levels of environmental awareness throughout its workforce and to promote this awareness to its customers and suppliers.

This policy will be reviewed annually as part of the Management review process, to ensure its continued relevance and adequacy.
