

metroSTOR PCM Cycle Store Units

metroSTOR Cycle Parking Products

The tough, configurable and neat product strengths of metroSTOR are perfect for addressing the lack of secure cycle parking at home, at work and on the move. Available as individual lockers, secure compact stores or cycle hubs, the stylish and durable metroSTOR Cycle Parking Units can be specified for specific security and accessibility requirements, including the fitting of integral e-cycle charging systems, while optimising the available footprint using wall mount, semi-vertical, double-stack or Sheffield hoop racks.

metroSTOR PCM Cycle Store Units

metroSTOR PCM is a modular cycle store unit, linear in design format for location in narrow spaces such as along pathways and close to buildings. Ideally suited to residential developments both new build or refurbishment schemes, PCM offers a neat, secure cycle storage solution that helps prevent opportunistic crime and assists in the declutter of communal areas.

Available in 3 standard product series specified by unit depth and cycle parking type; metroSTOR PCM 12 units at 1200mm depth are specified for the most confined locations and are fitted with wall-hanging vertical cycle racks. metroSTOR PCM 15 Series units continue the compact theme and fitted with semi-vertical racks to achieve optimum balance between footprint and storage capacity. metroSTOR PCM 18 Series at 1800mm depth has the basic 'Sheffield hoop' system installed as standard though semi-vertical racks can be fitted.

Continuous door access along front elevation means metroSTOR PCM can be configured to limit resident access by adding divider panels for secure compartmentalisation. With a choice of access control and standard left or right-hinged door, ease of access where narrow pathways are involved is guaranteed.

The highly flexible specification enables both the requirements of cycle owner and the locating environment to be accommodated. With a choice of panel types, finishes, access control systems and roof options, metroSTOR PCM adds a welcome architectural impact to the scheme in addition to fulfilling a practical storage function. This can extend to our WILD® greenroof system, underscoring a commitment to championing the environment and its fragile ecosystems.

Common to all of our products, metroSTOR PCM configurable design lends itself to coordination with existing architectural fabric and where required, the creation of uniform cycle storage facilities across a development.

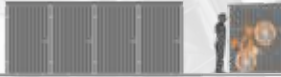

metroSTOR PCM 12 Series Cycle Storage

Model:	PCM 12.12	PCM 12.24	PCM 12.36	PCM 12.48	PCM 12.60	PCM 12.72
Storage:	2no. Cycles (V)	6no. Cycles (V)	9no. Cycles (V)	12no. Cycles (V)	16no. Cycles (V)	19no. Cycles (V)
Depth:	1300mm	1300mm	1300mm	1300mm	1300mm	1300mm
Width:	1280mm	2480mm	3680mm	4880mm	6080mm	7280mm
Height:	2115mm	2115mm	2115mm	2115mm	2115mm	2115mm

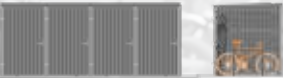

metroSTOR PCM 15 Series Cycle Storage

Model:	PCM 15.12	PCM 15.24	PCM 15.36	PCM 15.48	PCM 15.60	PCM 15.72
Storage:	2no. Cycles (SV)	6no. Cycles (SV)	9no. Cycles (SV)	13no. Cycles (SV)	16no. Cycles (SV)	20no. Cycles (SV)
Depth:	1600mm	1600mm	1600mm	1600mm	1600mm	1600mm
Width:	1280mm	2480mm	3680mm	4880mm	6080mm	7280mm
Height:	2115mm	2115mm	2115mm	2115mm	2115mm	2115mm

metroSTOR PCM 18 Series Cycle Storage

Model:	PCM 18.12	PCM 18.24	PCM 18.36	PCM 18.48	PCM 18.60	PCM 18.72
Storage:	2no. Cycles	3-6no. Cycles	7-8no. Cycles	9-12no. Cycles	13-15no. Cycles	16-19no. Cycles
Depth:	1900mm	1900mm	1900mm	1900mm	1900mm	1900mm
Width:	1280mm	2480mm	3680mm	4880mm	6080mm	7280mm
Height:	2115mm	2115mm	2115mm	2115mm	2115mm	2115mm

metroSTOR PCMXE Series Cycle Storage

Model:	PCMXE 12	PCMXE 24	PCMXE 36	PCMXE 48	PCMXE 60	PCMXE 72
Storage:	12no. Cycles	24no. Cycles	36no. Cycles	48no. Cycles	60no. Cycles	72no. Cycles
Depth:	3264mm	3264mm	3264mm	3264mm	3264mm	3264mm
Width:	2712mm	5110mm	7508mm	9903mm	12298mm	14693mm
Height:	3052mm	3052mm	3052mm	3052mm	3052mm	3051mm

PLEASE NOTE: Product dimensions given are maximum external unit dimensions correct at time of publishing July 2019. All product dimensions are in millimetres and capacities in litres and do not form any part of the contract.

ForestPanel™

- FSC European Redwood
- Pressure Treatment
- Light Green Finish
- 100mm PSE Plank

ForestPanel™ Colour

- FSC European Redwood
- Pressure Treatment
- Coloured Woodstain System (Classic Selection)
- 100mm PSE Plank

ForestPanel™ Cedar

- FSC Western Red Cedar
- Natural Finish
- 100mm PSE Plank

ForestPanel™ Iroko

- FSC Iroko
- Oiled Finish
- 70mm PSE Plank

Tuffplas™ Black

- HDPE 100% Recycled
- Black Woodgrain Finish
- 100mm SE Plank

Tuffplas™ Brown

- HDPE 100% Recycled
- Brown Woodgrain Finish
- 100mm SE Plank

Tuffplas™ TG Black

- HDPE 100% Recycled
- Black Woodgrain Finish
- 140mm TGV Plank

Tuffplas™ TG Brown

- HDPE 100% Recycled
- Brown Woodgrain Finish
- 140mm TGV Plank

Tuffplas™ TG Grey

- HDPE 100% Recycled
- Grey Woodgrain Finish
- 140mm TGV Plank

Firenze™ Black

- SSAB Steel Panel
- Plastisol P200® Coating
- Black Finish

Firenze™ Grey

- SSAB Steel Panel
- Plastisol P200® Coating
- Goosewing Grey Finish

Firenze™ Anthracite

- SSAB Steel Panel
- Plastisol P200® Coating
- Anthracite Grey Finish

Tuffplas™ Grey

- HDPE 100% Recycled
- Grey Woodgrain Finish
- 100mm SE Plank

Tuffplas™ Green

- HDPE 100% Recycled
- Green Woodgrain Finish
- 100mm SE Plank

ForestPanel™ TG

- FSC European Redwood
- Pressure Treatment
- Light Green Finish
- 125mm TGV Plank

ForestPanel™ TG Colour

- FSC European Redwood
- Pressure Treatment
- Coloured Woodstain System (Classic Selection)
- 125mm TGV Plank

Firenze™ Freestyle

- Galvanised Steel Panel
- PPC Powder Coat Finish
- R5-T8 Perforated Pattern
- Custom Design

Firenze™ Design Wrap

- Galvanised Steel Panel
- SAV Graphic Wrap Finish
- Custom Design

ZedPanel™ Green

- Vmex V3 Panel
- 195mx50mm Wire Aperture
- PPC Green Coating

ZedPanel™ Black

- Vmex V3 Panel
- 195mx50mm Wire Aperture
- PPC Black Coating

Greenroof

Wild® Greenroof Systems can be specified on most types of metroSTOR® product. They provide a great opportunity to create pockets of biodiversity, bringing the enriching and enlightening natural world closer to our everyday lives, entirely within the footprint of your storage unit.

Cycle Parking Standard Hoop

- Hoop Spacing 800mm Centres
- Double Sided Cycle Parking

Cycle Parking Semi-Vertical Rack

- Rack Spacing 350mm Centres

Cycle Parking Vertical Hanger

- Hanger Spacing 375mm Centres

Cycle Parking Double-Stacking

- Rack Spacing 400mm Centres
- Suitable for PCM/PCH Custom Units Only

Latch Only

- Self-Latching Daybolt
- No Bolt Lock

Latch + Eurocylinder Key Lock

- Self-Latching Daybolt
- Eurocylinder Key-operated Self-Latching Bolt Lock

Latch + Triangle Key Lock

- Self-Latching Daybolt
- Triangle Key-operated Self-Latching Bolt Lock

Latch + FB2 Key Lock

- Self-Latching Daybolt
- FB2 Lever Key-operated Self-Latching Bolt Lock

Latch + Code Secure Lock

- Code Secured Entrance
- Mechanical Code Lock

Slide Bolt + Padlock

- Self-Latching Daybolt
- Integral Slide Bolt / Handle with Padlock Provision

metroSTOR is the leading outdoor storage system for today's built environment, delivering social, economic and environmental value. Combining superb aesthetics with durability for the toughest environments, metroSTOR offers a configurable, modular product system to comprehensively address the challenges of outdoor storage; from waste and recycling bins, mobility scooters and cycles to household items, site equipment and service plant enclosures.

Mobility Scooters

metroSTOR PSL, PSM and PSH provide space-efficient, mobility scooter storage with user-friendly integral battery charging, making for safer communal areas while helping users to maintain their independence.

Waste & Recycling

metroSTOR PBL, PBM, PBE, PBC and PBH products help control waste-streams with robust enclosures and stores for all standard bin sizes. Their smart appearance and unobtrusive physical profile enable recycling centres to be located in spaces that may not have previously been considered.

Household Items & Site Storage

metroSTOR PTL, PTM and PTH are tough, versatile products providing attractive, secure storage for equipment and bulky items in an unobtrusive design. Highly configurable for capacity, layout, access, security and finishes, the proven modular system makes for ease of specification.

Cycles & Motorcycles

metroSTOR PCL, PCM and PCH for custom cycle parking solutions with the efficiency of modular build from transit shelters to cycle hubs. Stands, racks and carousels can all be specified with a number of options available for roofing, enclosure and layout type, finishes and access control.

Service Plant & Industrial

metroSTOR Custom Build is driven by the inherent design flexibility of our products, working in partnership with client input informing the design process. This enables the development and delivery of effective solutions, achieving a consistent design aesthetic.
