

# IBA.iQ

## Access the insight and data you need to maximise aviation investments

IBA.iQ is an online analysis platform offering essential fleet, values and market intelligence for the global aviation leasing, operating, finance and MRO community.

- ▶ Our extensive fleet, values and market data, combined with IBA's expertise and opinion gives greater confidence and assurance for investments, evaluating risk or monitoring, aircraft portfolio valuations.
- ▶ Incorporating commercial aircraft data stretching back over 30+ years, our comprehensive fleet analysis platform holds all you need to know about commercial aircraft.
- ▶ IBA.iQ has a full RESTful API that allows all of the data and functionality of iQ to be embedded in the client's own systems.
- ▶ Our iQ Trends module offers greater market transparency by charting historical economic parameters to illustrate relationships with values, lease rates and lease rate factors, which means that you have maximum clarity on likely market direction.
- ▶ Build and update your own portfolios and make expert decisions with access to our intuitive appraisal platform, covering current, historical and forecast values and lease rates.

## Modules

### *iQ* Fleets

Comprehensive online fleet data accessible anywhere, anytime.

Research, analyse and review market trends for aircraft types and specifications.

- ▶ All investible commercial aircraft types
- ▶ Orders and delivery schedules
- ▶ Utilisation and specification
- ▶ Time analysis
- ▶ Full export and API access available
- ▶ Lease end data
- ▶ Full RESTful API functionality

### *iQ* Values

Understand the value of your current and prospective aircraft and engine assets with *iQ* Values.

Incorporating ISTAT defined values, our valuation platform provides in-depth and independent insight.

- ▶ User-defined inflation and forecast periods
- ▶ Current values and lease rates
- ▶ Forecast market, base and soft values
- ▶ Forecast base lease rates
- ▶ Customisable specification
- ▶ Aggregate portfolio valuations
- ▶ Dynamic valuation updates
- ▶ Full RESTful API functionality

### *iQ* Engines

### *iQ* Trends

Compare current, future and historical values and lease rates for commercial aircraft and engines, against key economic data such as oil price, interest rates and inflation.

- ▶ Graphical illustrations of market interactions
- ▶ Exportable data and visual analysis
- ▶ Historical event analysis by company, aircraft or event
- ▶ Historical appraised values
- ▶ Lease end year projections
