NORFOLK SHOWGROUND ARENA

The award-winning Norfolk Showground Arena is a bright and highly flexible indoor space suitable for a wide range of events, from exhibitions and concerts to formal dinners.

Entering through the impressively spacious atrium, visitors are led through to the main Arena, an open expanse made up of an unobstructed 3000sqm of pillar-free floor space: a blank canvas adaptable to events from 400 to 4,000.

The Arena offers drive-in vehicular access allowing easy transportation of heavy and bulky items. There is a three phase electrical supply, heating throughout and a range of lighting options to create the right atmosphere for any event. Wi-Fi and an integrated PA system are also available and water points and sinks can be installed if required.

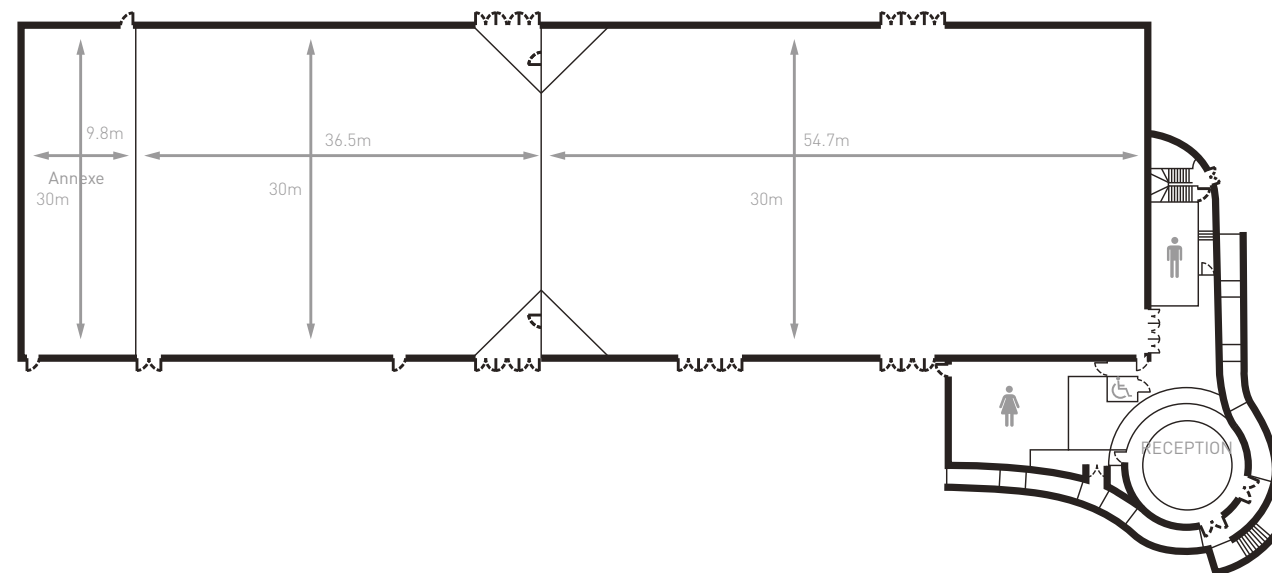

ARENA & SPAN BUILDINGS

Regular events at the Arena include antiques fairs, conferences, trade shows, exhibitions, balls and formal dinners.

The Span Buildings lie beyond the Arena and can be used for events requiring larger floor space, extending the exhibition area of the Arena and providing everything you need under one roof.

The bright and spacious areas are flexible and can be used for a range of events including agricultural shows, plant sales and large scale multi-day events that incorporate outdoor and indoor space.
