WASHCARE INSTRUCTIONS

WASHING

For the best results ensure that the suit is washed separately & machine wash at 40°. Garments will need to be removed immediately from the machine when the cycle has ended.

DRYING

Place the jacket on the hanger, gently shake and re-shape by straightening seams. Fold the trousers to the front creases and hang over the bar on garment hanger. Allow both garments to dry naturally & keep away from direct heat. Do not tumble dry.

FINISHING

If required, press the garments using a cool iron over a damp cloth. Alternatively, garments from the One Collection can be dry cleaned.
