Comfort Recliner
by American Leather®

Take your **relaxation seriously.**

We know you love recliners, just not everything about them. So our award-winning engineers embarked on the two-year mission to create the ultimate in relaxation. We're proud to bring you the Comfort Recliner by American Leather® featuring a personal, infinite-position system that adjusts to your exact comfort needs. The Infinity System™ features a back and footrest that operate independent of each other and can stop in any position, a fully adjustable headrest pillow and a height-adjustable base. All this is wrapped up in an elegant look that brings style to any room in your home. There are even four sizes to choose from, plus hundreds of fabrics and leather choices to complete your look. The Comfort Recliner® is a recliner for people who take their relaxation seriously.

Engineered for function.
Designed for beauty.

Find your **perfect position.**

The Infinity System™ offers unlimited ergonomic adjustability to support you where your body needs it most. The headrest moves up and down and also angles forward, so you can relax in cradled comfort. And, unlike most recliners, the back and footrest work independently and smoothly with infinite stopping positions. The adjustable swivel base allows you to set the chair at your perfect seat height, even on the power option.

Infinite adjustment. Unmatched bliss.

Rest even easier with our warranty.

You can buy with confidence knowing American Leather provides an industry leading warranty on all Comfort Recliners. Your new best friend is also guaranteed to be free of defects in workmanship and materials for five years from the day you buy it. If a defect is found, we'll repair or replace the defective areas. With little cleaning and care, you can expect to enjoy the beauty and comfort of your recliner for many years to come.

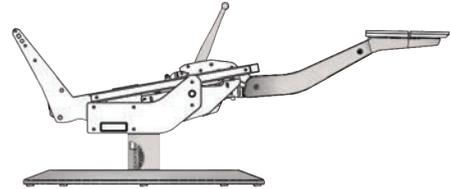

- Ten year warranty on the Comfort Recliner mechanism
- Five year warranty on power option motor
- One year warranty on battery option
- Lifetime warranty on the frame

Your body will love the **Comfort Recliner**. Your mind will love the warranty.

Stretch out and stay a while.

The Comfort Recliner's gas cylinder-assisted footrest smoothly stops in any position without clicking or ratcheting. With an effortless push of a button, the powered Comfort Recliner raises the chaise-style ottoman to your desired position. The footrest can also be raised with a smooth pull of the stainless steel Comfort Release™ on our manual Comfort Recliner. In the open position, the chair has an elegant, stainless-steel footrest extension that hides all mechanical linkages and accentuates the full-length ottoman.

The solid, one-piece ottoman provides over 20 inches of support, several inches longer than the industry standard.

Custom comfort and support.

Now you can lean back and relax without having to raise the ottoman thanks to the Comfort Recliner's independent back and footrest. When you recline, the weight-balanced mechanism moves with you, so you can lean back almost effortlessly; no need to push on the arms. If desired, the amount of resistance in the back can also be fine-tuned using two hidden tension knobs located beneath the manual chair. Go even further towards comfort with the power option, with infinite stopping positions at your finger tip.

The back and footrest work independently and smoothly on both manual and power.

The **perfect** pillow.

The Comfort Recliner headrest adjusts in two ways to get you to your perfect position. Find the ultimate movie-watching position by tilting the back of the headrest forward. And for complete head and neck support, an up and down movement adjusts the pillow height, all without any visible hardware for a clean, elegant look.

A removable headrest cover in any cover is available.

The recliner that allows you to choose your ideal pillow height and angle.

Even the **size is custom.**

In the quest for ultimate personalized comfort, one size does not fit all. Every Comfort Recliner is available in four sizes to accommodate differences in height, weight and personal preferences. You can have one chair in a home to fit multiple people, simply rotate the swivel base to adjust the overall seat height up two inches.

Every style is available in power or manual recline with
four size options for the perfect fit.

Create your perfect look.

American Leather® brings you a wide range of leathers and colors to choose from. Our leathers are among the finest available: full aniline-dyed for beauty, softness, and supple hand. Various finishes provide subtle sheens, thick pebble grain or smoother textures to fit perfectly with your décor.

American Leather also offers over a hundred fabric options including the popular Ultrasuede®, Crypton®, velvets, bouclés, linens, on-trend prints and more. All textiles are available on all styles.

LEG AND BASE FINISH OPTIONS

Leg options:

Choose wood finish

Round swivel base options:

Choose wood finish, upholstered cover or stainless steel

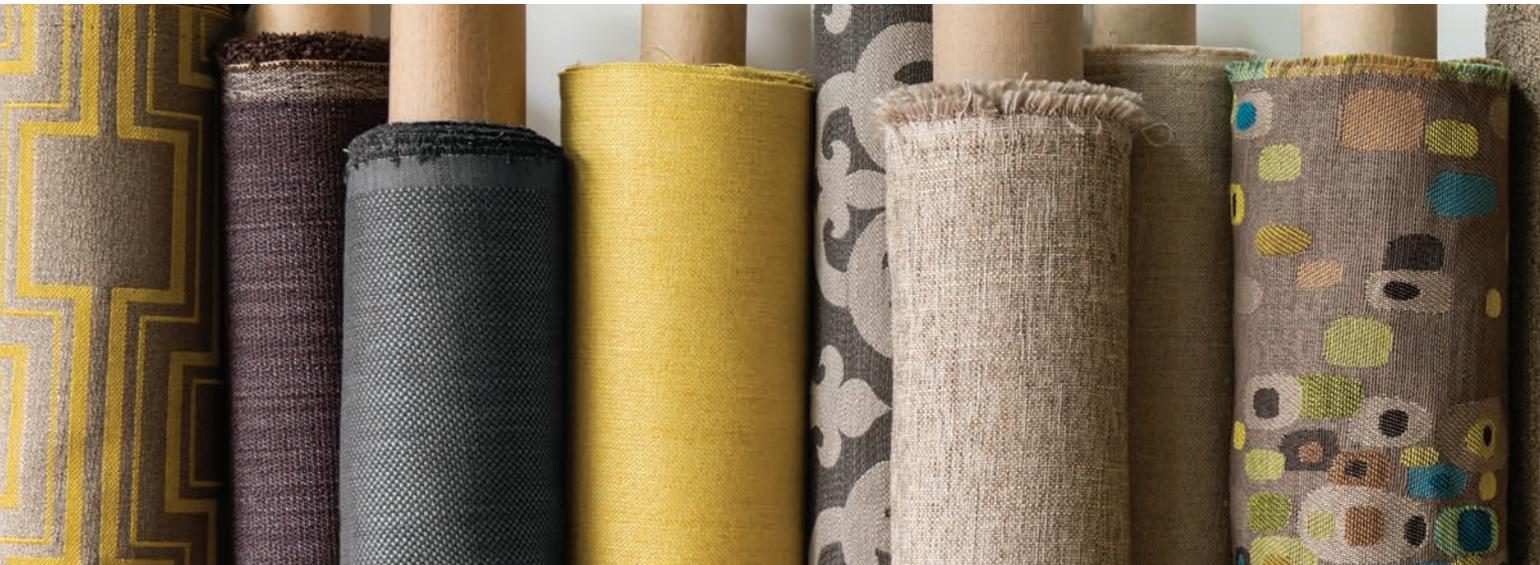

WALNUT
ACORN
ESPRESSO

STAINLESS STEEL

Choose from over 300 fabric and leather choices, including options that are great for kids and pets.

FLAT OUT GORGEOUS.

The **Comfort Recliner** Difference

Unique **gas-assisted footrest** allows for smooth, infinite adjustments by gently pulling the lever with the manual recliner.

The **power option** has a hidden control panel for easy use that includes a USB charging port.

Back recline and footrest are fully independent of each other, giving you complete control.

Beautiful **stainless steel footrest** extension hides all mechanical linkages and accentuates the full-length ottoman.

Proprietary, **height-adjustable swivel base** allows you to set your chair at the height that fits you best, five turns = 1".

The **contoured shell back** envelops you for added comfort while showcasing a clean, tailored look.

The **headrest pillow** can be raised for complete head and neck support and you can articulate it forward to watch TV.

The **extra long footrest** with chaise ottoman eliminates gaps and provides complete leg support, no matter what your height.

Unique weight balanced mechanism allows for **infinite back reclining** positions.

Round base option includes wood, stainless steel, upholstered bases in fabric or leather. Fixed wood legs also available. All wood options available in Acorn, Espresso, and Walnut finishes.

A **battery pack** is available for the power recliner so the chair can be unplugged but still have power to find comfort.

Why choose **American Leather**?

For 25 years we have worked hard to earn the trust of premium stores who carry our furniture and thousands of customers like you. We've done this by offering exceptionally made, innovative products available with hundreds of options including luxury leathers, designer fabrics and a wide selection of styles. Every piece is built at our factory in Dallas, Texas, and can be in your home in about thirty days. It's a legacy we are proud to hold and one we hope to share with you.

Try the **American Leather Comfort Recliner®** and feel the difference.
