

SEASONAL INSPIRATION

Christmas

2017

A COMPLETE SERVICE

Here at Oasis, we understand that although Christmas sometimes seems really far away, when it arrives it arrives fast. That's why we've made our full Christmas tree range available to you now, saving you time, stress money and hassle.

Our unique service is tailored to your requirements, enabling you to specify all aspects of your Christmas tree order, including;

- when,
- where,
- and how.

We only use top quality non-drop Nordmann fir, and our fully decorated trees come in a range of colour schemes. And if you're looking for something extra special, bespoke designs are available – just ask.

Or if you prefer to add your own decorations, we can supply the trees undecorated or with lights only.

Benefit from:

- supply, delivery & installation
- professional decoration service
- choice of designs – live or artificial
- collection & disposal

10FT	£450
12FT+	Contact us for your specific requirements.

All prices subject to VAT.

TERMS & CONDITIONS

Delivery

Oasis Interior Landscaping aims to deliver on the chosen week of the client. However, delivery and collection is scheduled geographically and will be finalised nearer Christmas.

Tree bases

Trees will be supplied with either a green tree stand (with in-built watering system) or plant container

Tree care

Cut trees are like cut flowers: maintaining a supply of fresh water to the stems will help prolong the freshness of the foliage. **It is the clients responsibility to maintain a fresh supply of water and instructions will be handed out to each client on installation.**

Hot, dry and dark conditions will speed up the drying out process of the needles and unfortunately we cannot guarantee any interior tree delivered before December.

Parcels

Parcels are available at an additional charge.

Electricity supply

It is the clients responsibility to provide a safe 240v mains supply to the base of each tree and we recommend that a circuit breaker is fitted. We are unable to provide extension leads. Please note that several sockets are required for larger trees.

Health & Safety

It is the clients responsibility to ensure there are no trip or fire hazards.

Ownership

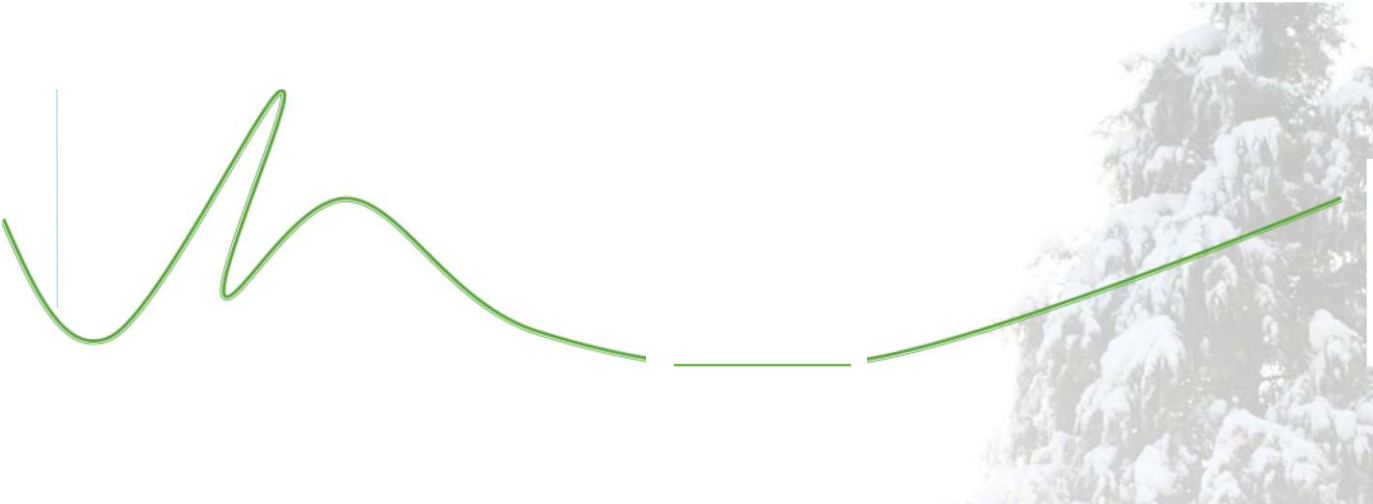

All materials remain the property of Oasis Interior Landscaping and any losses or damages will be charged for.

Collection

Trees will be collected early January and Oasis Interior Landscaping will ensure the area is left clean and tidy. Again collections are scheduled geographically and we therefore may not be able to take specific requests into account.

Undecorated trees

Trees must be cleared of any clients own decorations before collection.
