# Connecting with the North East

Our dedicated free shuttle service from the North East picks up residential students on a Sunday evening and takes them back to the College. A drop-off service, returning students to their designated location, will also operate on a Friday afternoon in time for spending the weekend at home.

Northumberland Route

County Durham Route

## Newton Rigg College Transport

We offer free transport to our full time students from around the county (from designated pick-up points). Please note that all timetable information relates to 2014/15 academic year, but the existing routes and times are all subject to change for the new academic year. Free transport is available to students on full time courses and applies only to the College transport scheme and does not include free travel to and from the pick-up points. Students must register their interest for transport as part of the application process and have their allocated route confirmed by the College Transport Team.
