Cross Graphics Limited

Supporting The Worldwide Print Industry Since 1978

## INTRODUCTION

Established in June 1978, Cross Graphics is a family business offering a wide experience of the Graphic Arts industry.

Our personnel have 'hands-on' knowledge of Newspaper Printing and Production, Commercial Heatset Magazine Printing, Gravure Printing and Packaging, and Sheet-fed Print Production.

Since its inception, the company has sold literally hundreds of used web printing presses, together with a wide range of new products. Turnkey installations are part of our portfolio – our good reputation is one of our most cherished assets, many of our clients have continually chosen to work with us over our 33 years of trading.

Our long established associate companies and network of international agents, located around the world, ensure that Cross Graphics receives the most up to date information on the forthcoming availability of a wide range of presses, associated pre-press and post-press equipment to suit every requirement.

# SERVICES

Cross Graphics Limited specialise in the supply on a worldwide basis of used printing presses, mailroom equipment and all other post-press handling systems, for the newspaper and commercial print industries.

We are also agents in the UK and Irish Republic for new product lines to enhance the printing process.

## Location & Supply

Though our worldwide network of agents and intimate knowledge of print production companies, we are able to locate most types of printing press and ancillary equipment to suit every requirement and budget.

## Installation

We are able to offer equipment on as "as is where is" ex site basis, or if preferred, we are happy to offer a full project management service, including turn-key installations, commissioning and training.

## Assistance

Supporting companies with the purchase of new equipment, or sale of existing press and ancillary items.

## Consultancy

Impartial equipment valuations for insurance or re-sale purposes on individual items, or complete printing plants.

## OUR WORLD

Whether we are helping to maximise the efficiency of your press room, prolonging the life of existing equipment, or simply finding it a new home, CROSS GRAPHICS can help minimise the environmental impact.

CROSS GRAPHICS goal is to act as a catalyst for change and improvement across any project undertaken and to successfully achieve the highest levels of efficiency with the lowest environmental impact.

# HISTORY

Cross Graphics Limited was originally founded by Peter H Cross in June 1978, with the aim of supplying the printing industry with offset printing plates, plate making and preparation equipment, plus other press consumables.

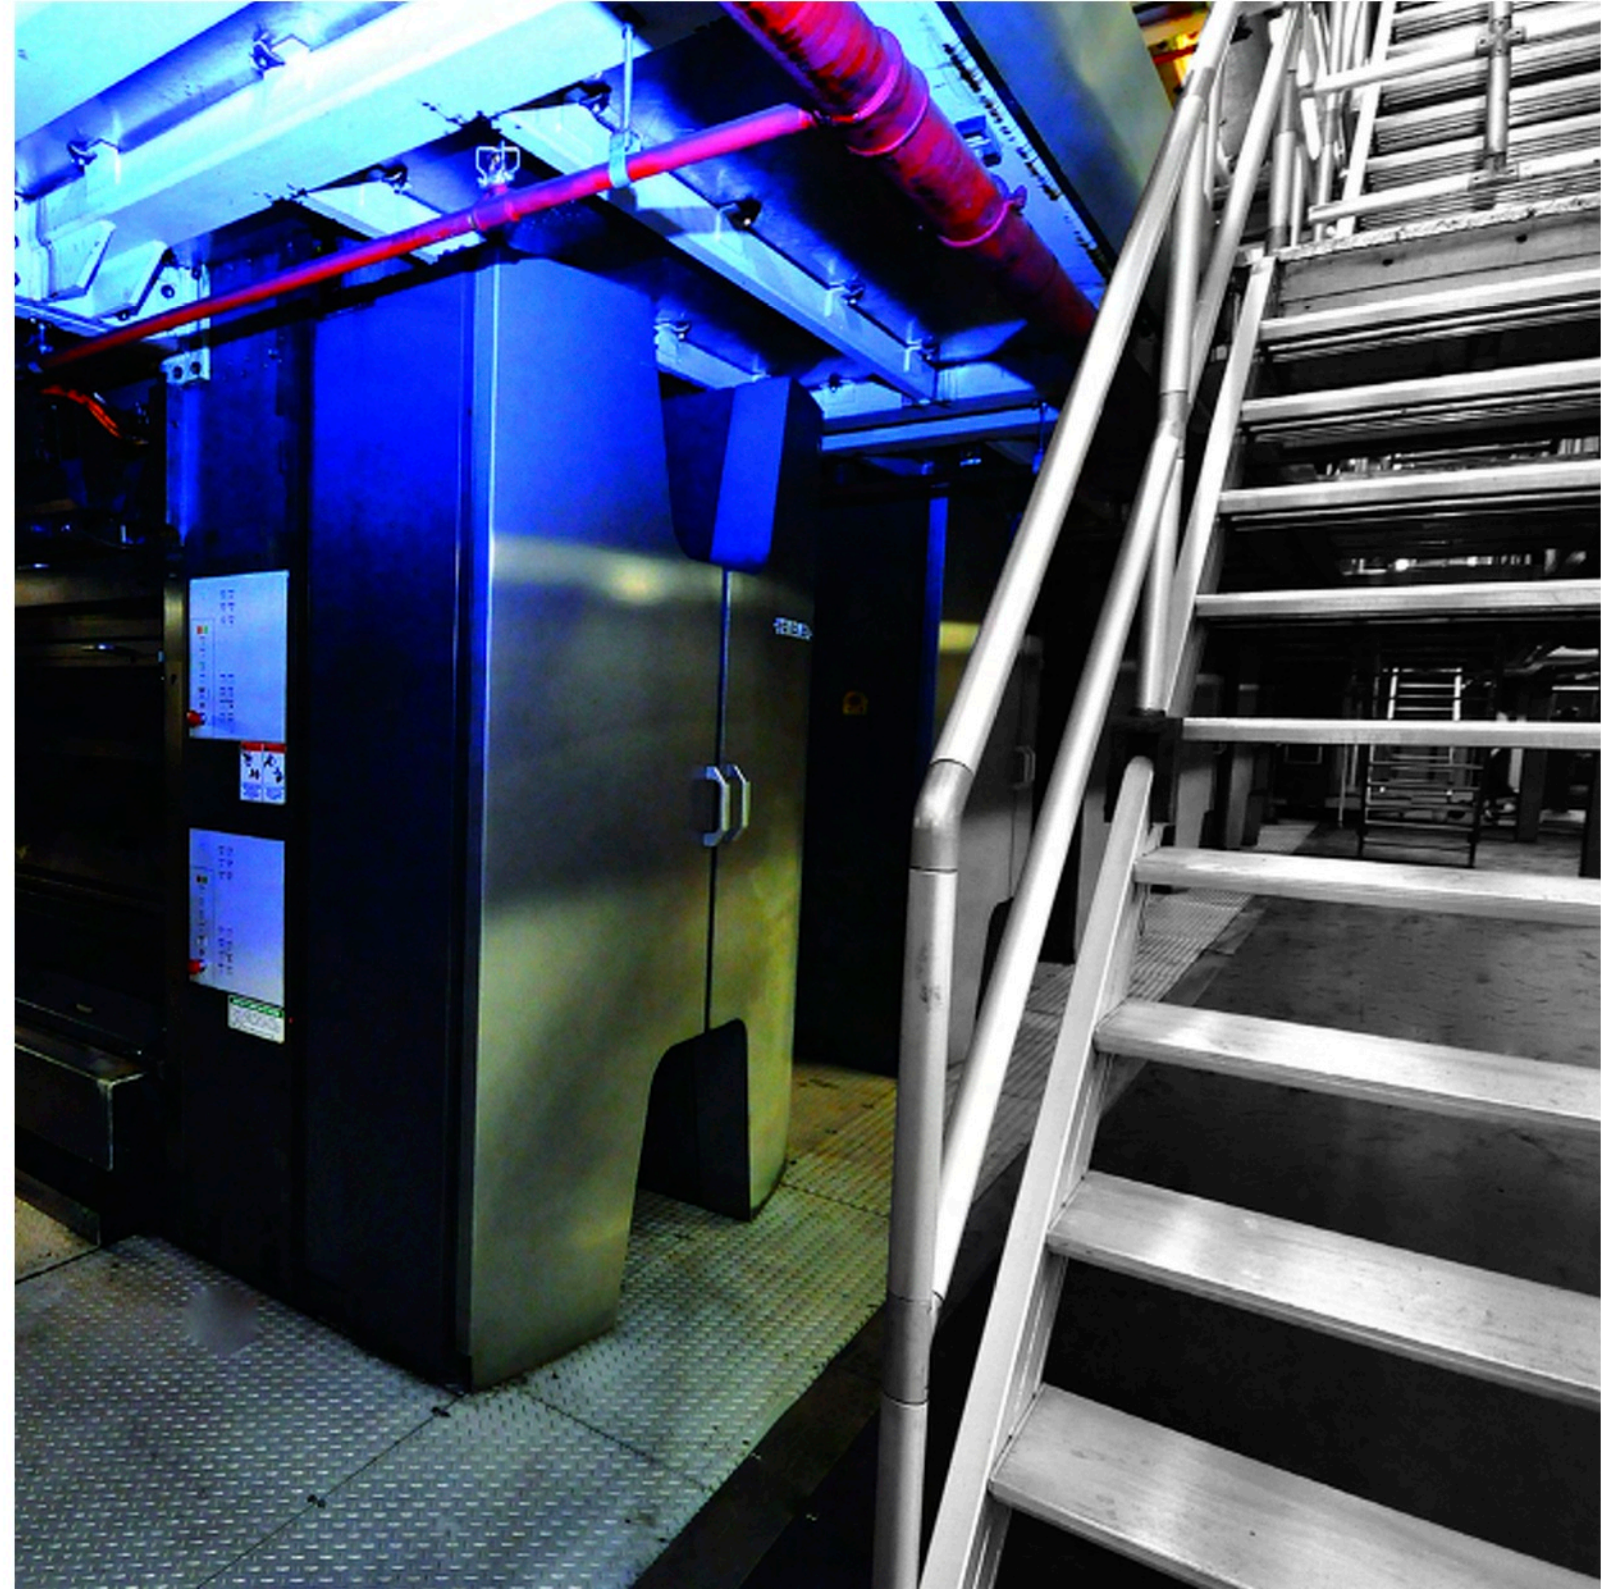

It soon became clear there was a further need for add-on printing units, folders and reelstands, as the industry expanded and developed.

Trading in used presses and ancillary items helped further develop international business with connections around the globe. After exposure to these markets the company has gained an excellent reputation with overseas clients. For example one client located in the far East purchased seven presses in as many years.

Talk to Cross Graphics Limited and become another part of our success story.

# GLOBAL INSTALLATIONS

Cross Graphics is happy to provide a service anywhere in the world, even in the remotest of places there is usually a requirement to print the local news.

Over the years Cross Graphics has sold and installed presses and ancillary equipment in countries such as Africa, Australia, Canada, China, Eastern Europe, India, Indonesia, Malaysia, Middle East, New Zealand, Philippines, Scandinavia, South America and the USA to name but a few.

We value all customers and treat both Small Independent Printers and large Multi National groups with the same level of commitment and respect.

We are happy to assist with valuation, loading, packing, transportation and shipment of your goods, as well as offering full re installation, commissioning and training services wherever your company is located.

We have a very impressive reference list of worldwide installations, available on request. If you have used equipment available for sale we will be very interested to hear about it, even though you may be located thousands of miles away.

## SUMMARY

Whether you're looking for a total printing operation, a press, or an item of mailroom equipment, we are ready to assist.

We are able to provide a valuation and resale service for your surplus equipment.

We offer an impartial, professional service, with over 120 years of combined knowledge relating to the printing industry.

How may we help you?
