

Graduate/ Intermediate or Newly Qualified Quantity Surveyor

Office: Peterborough

Competitive Salary and Benefits

(£25K - £50K depending on experience)

Excellent opportunity for a Quantity Surveyor seeking APC training or to further their career in a busy office of leading Chartered Quantity Surveyors who also specialise in Construction Claims and Disputes.

About the Role

- Work includes commercial support to Clients, Contractors and Sub-Contractors.
- Assisting Senior Staff in both QS work and Claim's Work.
- Estimating, cost planning and measurement.
- Procurement of contracts, dealing with warranties and amendments.
- Valuation and site meetings, administry contacts.
- Final Accounts including Forensic analysis for claims.
- Extension of Time Claims and Loss/Expense using Asta PP.
- Advising and supporting Clients on matters of contract and dispute.
- Assisting in the advocacy of adjudication, arbitration and mediation proceedings.
- Assisting and learning skills relating to Expert Reporting/ Witness work.
- Mainly office based with site visits.

About You

- Experienced with a view to processing a qualification to Chartered Status or already qualified with the RICS.
- Have a keen interest in Construction Law and developing that knowledge.
- Demonstrate good commercial skills or experience in the commercial world.
- Some experience would be useful however training will be given.

About Arbicon

- Arbicon are a small friendly private practice of Chartered Quantity Surveyors who are well known and have a high profile in the world of Construction Dispute Resolution, Adjudication and Expert work. The practice also handles the QS and commercial departments of many Contractors with major live construction projects. We have staff who sit on the RICS APC panel thus can assist with RICS qualification.

If you would like to join our team, please send a written application including a covering letter and CV to sam@arbicon.co.uk.

(Please note: We do not use agencies)
