Version:	Notes	Author	Last amended
01.00	First public version prepared	TE, VVdE & AW	2014-08-19
01.01	Minor corrections	AW	2014-08-19

Field	Workflow label	Workflow step	Obligation	Instances	Type	DDI2.1 element (see: http://www.ddialliance.org/Specification/DDI-Codebook/2.1)	EPrints element	EPrints sub-schema	RCUK GTR XML (see: http://gtr.rcuk.ac.uk/resources/api.html)
Terms and conditions confirmation	Terms and conditions	Terms and conditions	Mandatory	Single	Boolean				
GTR ID	N/A	Award details	Automatic	Single	Identifier		award_id_number	Projects	<gtrid>
Award or project grant number	Grant reference	Award details	Optional	Single	Free text	grantNo	award_grant_number	Projects	<gtridentifiers>
Award or project title	Project title	Award details	Optional	Single	Free text	othId	award	Projects	<gtrtitle>
Award or project description	Project description	Award details	Optional	Single	Free text		award_abstract	Projects	<gtrabstractText>
Award or project funders	Research funders	Award details	Mandatory	Multi	List	fundAg	award_funders	Projects	<gtrfunder>
Award or project PI / Co-PI	Grant holders	Award details	Optional	Multi	Free text / List (Roles)	AuthEnty	award_pi	Projects	<gtrprojectPeople>
Award or project period	Project dates	Award details	Optional	Single	Date (YYYY-MM-DD) pair		award_dates (date_from, date_to)	Projects	<gtrstart> <gtrend>
Creators	Creators	People	Mandatory	Multi	Person (family name; given name; email; affiliation; ORCID)	dataCollector; @role [othId]	creators (name, id, affiliation, orcid_id)	Eprints	
Copyright holders	Copyright holders	People	Mandatory	Multi	Person (family name; given name; email; affiliation; ORCID)	copyright	copyright_holders (name, id, affiliation, orcid_id)	Eprints	
Contact	Contact	People	Mandatory	Multi	Person (family name; given name; email; affiliation; ORCID)	contact	contact_email (name, id, affiliation, orcid_id)	Eprints	
Contributors	Contributors	People	Optional	Multi	Person (family name; given name; email; affiliation; ORCID)		contributors (name, id, affiliation, orcid_id)	Eprints	
Depositor	N/A	Data collection	Automatic	Single	EPrints user account (including name, email, affiliation)	depositr	userid	Eprints	
Date of deposit	N/A	Data collection	Automatic	Single	Date	@date [depDate]	datestamp	EPrints	
Version	N/A	Data collection	Automatic	Single	Version number	version	revision	Object Revisions	
Date of publication	Publication date	Data collection	Automatic	Single	Date	@date [distDate]	date		
Publisher	Publisher	Data collection	Automatic	Single	"UK Data Service"	distrbtr	publisher	Eprints	
Collection identifier	Collection identifier	Data collection	Automatic	Single	Identifier auto-generated	IDNo	id_number	Eprints	
Title	Data collection title	Data collection	Mandatory	Single	Free text	titl [stdyDscr]	title	Eprints	
Alternative title	Alternative title	Data collection	Optional	Single	Free text	altTitl	alt_title	Eprints	
Description	Data collection description	Data collection	Mandatory	Single	Free text (long)	abstract	abstract	Eprints	
Keywords	Keywords	Data collection	Mandatory	Multi	Controlled vocab: HASSET	keyword	keywords	Eprints	
Subjects	Subjects	Data collection	Mandatory	Multi	Controlled vocab: topClas	topcClas	subjects	Eprints	
Dates of collection	Collection period	Data collection	Optional	Single	Date (YYYY-MM-DD) pair	collDate	collection_dates (date_from, date_to)	Eprints	
Temporal coverage	Temporal coverage	Data collection	Optional	Single	Date (YYYY-MM-DD) pair	timePrd	temporal_cover (date_from, date_to)	Eprints	
Geographic coverage	Geographic area	Data collection	Optional	Single	Free text	geogCover	geographic_cover	Eprints	
Geographic bounding box	Geographic location	Data collection	Optional	Single	Latitude longitude values	northBL, eastBL, westBL, southBL	bounding_box (north_edge, east_edge, west_edge, south_edge)	Eprints	
Country	Country	Data collection	Mandatory	Multi	Controlled vocab: nation	nation	country	Eprints	
Spatial unit	Spatial unit	Data collection	Optional	Multi	Controlled vocab: geogUnit	geogUnit	spatial_unit	Eprints	
Method of data collection	Data collection method	Data collection	Optional	Single	Free text (long)	collMode; sampProc; universe	collection_method	Eprints	
Observation unit	Observation unit	Data collection	Mandatory	Multi	Controlled vocab: anlyUnit	anlyUnit	observation_unit	Eprints	
Kind of data	Kind of data	Data collection	Mandatory	Multi	Controlled vocab: dataKind	dataKind	data_kind	Eprints	
Provenance / lineage	Data sourcing, processing and preparation	Data collection	Optional	Single	Free text (long)	dataSrc; cleanOps; ConOps	provenance	Eprints	
Datatype	Type of data	Data collection	Mandatory	Multi	Controlled vocab: datatype	dataKind	data_type	Eprints	
Resource language	Language	Data collection	Mandatory	Single	Free text (prefilled English)		language	Eprints	
Related resources	Related resources	Data collection	Optional	Multi	Identifier, Description and Type (Data collection; Publication; Software; Website)	relPubl; relStdy; othRefs; relMat	related_resources	Eprints	
Access note	Notes for administrator	Data collection	Optional	Single	Free text		access_notes	Eprints	

UK Data Service ReShare: Metadata Profile
 Maintained by UK Data Archive, University of Essex

Persistent identifier (DOI)	N/A	Data collection	Automatic	Single		acccsPlac	doi		
Document MIME type	N/A	Upload	Automatic	Single	MIME type	format	mime_type	Documents	
Document metadata version	N/A	Upload	Automatic	Single	Version number		rev_number	Documents	
Document access level	Accessible to:	Data collection	Mandatory	Single	UK Data Service controlled list (e.g. open, registered, admin, etc.)		security	Documents	
Document type	File or bundle content	Upload	Optional	Single	Controlled list (data, documentation, metadata)	fileType	content	Documents	
Document decription	File or bundle description	Upload	Optional	Single	Free text (max 50 characters)	fileDscr	formatdesc	Documents	
Document embargo	Embargo date	Upload	Optional	Single	Date (YYYY-MM-DD)		date_embargo	Documents	
Document licence	Licence	Data collection	Mandatory	Single	Controlled list (Creative Commons, UK Data Service EUL)		license	Documents
