CHRISTMAS TRADING HOURS

Welcome to On The Surface

Welcome to the 21st edition of 'On the Surface'.

We hope, despite all the uncertainty, that 2019 has been a successful year for all our customers. We very much value your business and look forward to continuing to provide you with an exciting range of products at competitive prices.

Also a big thank you to all our staff who have worked so hard over the year to offer the best possible support and service to our customers - helping us to maintain our position as the UK's leading surface material provider.

From everyone at David Clouting we wish you a very Happy Christmas and a Prosperous 2020

To keep up to date with all our product and company news please check out our website www.davidclouting.co.uk

BENIF INTERIOR FILM SELECTED FOR GHERKIN RESTAURANT REFURBISHMENT

The Gherkin is one of London's most iconic buildings.

As part of a recent refurbishment of the restaurant and bar areas on the 39th and 40th floors, Benif Zinc effect Interior film was used by specialist contractors T6 to refurbish tables, bar areas and even lift interiors. The work was carried out in only four nights in time for the official opening to the public.

CHUBB CHOOSE BENIF INTERIOR FILM FOR A PERFECT FINISH

As part of a recent refurbishment project for their London headquarters, Chubb selected Benif Interior Film as the preferred material to help transform a large number of office doors, architraves, splash backs and washroom panelling. Specialist contractors WRAPT carried out the work over seven floors of the building. The results of the Chubb office refurbishment were visually pleasing and extremely cost effective thanks to the Benif's low maintenance requirements and longevity of performance.

BENIF INTERIOR FILM'S FINISH, INSTALLATION SPEED AND MINIMUM DISRUPTION IMPRESSES AT BERKSHIRE HOTEL

Easthamstead Park Hotel is an impressive Victorian mansion set in 60 acres of parkland near Wokingham, Berkshire.

Benif Interior Film was recently used to refurbish the hotel's reception desks, servery units and a coffee station by specialist contractors WRAPT.

The hotel's Group Interior Designer takes up the story:

"I contacted WRAPT about our reception desks that needed an uplift before our main refurbishment started.

In only three weeks following the initial contact, we had a finished, refurbished reception desk!

We were so pleased with the results we asked the company to refurbish our servery units and coffee stations which they did in only two days - while we had conferences taking place!

The finish of the Benif Interior Film looks good and is very hardwearing so it's well worth looking to refurbish your furniture rather than replace it."

BENIF INTERIOR FILM

Manufactured by LG Hausys, Benif is a self-adhesive, architectural film that can be quickly and easily applied to almost any interior surface.

With over 400 Benif designs and finishes to choose from, desks, doors, panelling, skirting and architrave can be quickly transformed without the need for costly replacement furniture.

LG Hausys have produced an impressive 44 page 'Colour Book' brochure featuring the Benif Interior Film range, it includes images of room sets, finishes, designs, applications and installation guides. If you would like a copy please contact:
