

THE ENGINEERING COLLEGE OPEN DAY TUESDAY 07TH MARCH, 1:00PM -7:00PM

CALLING ALL EMPLOYERS

The Engineering College is opening its doors to prospective learners, parents / guardians and employers and inviting you to join our team on Tuesday 07th March, from 1:00pm to 7:00pm!

Our highly experienced Recruitment Team will be on hand to provide information, advice and guidance around the range of Engineering programmes available at The Engineering College, alongside our dedicated and experienced teaching staff; over 90% of whom have joined us direct from industry.

As one of 40 Group Training Associations (GTA) set up by industry to serve industry, we put our employers and education at the very heart of what we do and value the strong connections we have with local engineering firms, both small and large.

An invitation has been sent out to over 40 schools across the Liverpool City Region and our team are developing a number of engaging activities to get young budding engineers talking about engineering.

If you would like to support this event and display a stand, please email Olivia Weston, with confirmation at o.weston@theengineeringcollege.co.uk by 4:30pm, on Tuesday 28th February.
