the Home and Garden

Glatz

Shade in Swiss Quality

Glatz are the leading worldwide parasol experts, a Swiss family company with more than 100 years' experience. As their exclusive UK partner, AEL Solutions are chosen and trusted by discerning customers as we offer the most comprehensive and innovative choice of parasols on the market.

What you can expect from Swiss technology

Glatz are ahead of the latest developments in materials and technology to make outstanding parasols. From smooth and effortless hand crank operation and simple twist mechanisms to change the angle of shade, to a stunning spectrum of colours and fabrics – Glatz take the hard work out of opening and positioning your parasol, leaving you more time to relax and enjoy your time outdoors during the day and evening.

Safe and beautifully covered

The fabric you choose adds a touch of class to a parasol. Our range of high quality fabrics and spectrum of colours can complement the architecture of your home and the design of your garden and surroundings.

High performance, Swiss precision engineered products that stand the test of time

With their superior strength, high specification components and a host of innovative features, rest assured a Glatz parasol will continue to deliver stylish protection from the sun day in day out, year after year. In addition to Glatz, we are also proud to be the sole UK partner for Stobag, who produce a range of unparalleled awnings and glass roof structures.

For those who appreciate laid back outdoor living, the beautiful Glatz parasols and Stobag awnings compliment any lifestyle and home exterior. Whether dining alfresco, entertaining friends or simply spending time with your family in the fresh air, our solutions allow more time to be spent outdoors during the day and evening.
