2018 MILLWORK CROSS-INDUSTRY REPORT

About the Millwork Cross-Industry Report

World Millwork Alliance (WMA) along with Moulding & Millwork Producers Association (MMPA) lead a comprehensive **2018 Millwork Cross-Industry Report** on the production, consumption, and current trends of the moulding and millwork industry.

The Millwork Cross-Industry Report provides a wide range of relevant information to assist manufacturers and distributors navigate future business decisions. The 2018 Millwork Cross Industry Report data includes Market Consumption by individual Product / Service, Per-Capita Consumption, Trends & Forecast, Buyers, End Users & Customer Profile, Consumer Demographics, Distribution Channels, Industry Profile, and National Data.

The survey was conducted by Oregon State University (OSU) who recognized all data to be highly confidential. For tracking purposes only, participants were asked to provide contact information which will be held confidential and will not be released as part of the survey results.

WMA Members who participate in the survey will receive a pdf version of the 2018 Millwork Cross-Industry Report at the discounted price of \$145.

Member non-participant pricing for the report is \$1,495.

Non-member pricing for the report is \$3,220.
