

CASE STUDY

SECTOR: **Infrastructure (Railways)**

Major Rail Company

CONTRACT: **Greenheart timbers for Borders Rail Link bridge re-decking**

TIMESCALES: **Deliveries started in 3 weeks following order, then a 3 month stock call off agreement. Delivered as scheduled**

The new Borders Railway is a vital transport connection between Edinburgh and the Borders. It is anticipated that the new route will provide significant economic benefits to the area as well as the environmental benefits associated with decreased reliance on the over-crowded road network.

TIMBER REQUIREMENTS:

Aitken and Howard won the tender to supply the following:

- 100mm x 300mm Greenheart bridge decks

VALUE ADDED : **Aitken and Howard had the stock available on site to deliver on time to the delivery schedule**
