#### From the A30 - via Whiddon Down

Exit the A30 at the Whiddon Down Services junction. Once you have left the A30 you will pass the services after around 100 yards. After another 100 yards take the turning on the right marked 'North Tawton / Winkleigh / Torrington'. Go down the hill and up the other side, and over the bridge across the A30. Past the bridge, after around 10 yards, take the right turning to 'Spreyton'. After about 2 miles you pass the Spreyton village - don't turn off into the village, continue on the road for around 2.5 miles towards Bow and Bow Station, you will then find us on the left.

#### From Crediton/Okehampton

From the main Okehampton-Crediton road (A3072), on entering the village of Bow, take the road marked 'Spreyton / Station Road / School Hill'. Continuing along the road following the Spreyton signs for 1.5 miles, you will pass under the railway bridge, and then take a sharp right hand turn (still marked for Spreyton). Continue on this road for around 100 yards - you will then find us on the right.
