

Quality Management Policy Statement ISO9001-2015

RCS Logistics commits to achieve a high level of customer satisfaction, RCS Logistics has adopted the activities and principles defined in the Quality Management System Standard ISO9001:2015 and has defined set procedures and work instructions to support this commitment.

RCS Logistics is committed to encourage continual improvement and regular on-going reviews are undertaken at all levels including senior management, who are responsible for setting objectives and monitor them to improve the Company`s ability to supply products and services to its customers.

RCS Logistics will comply with all relevant legislation regarding the supply of products and services to RCS Logistics` customers.

Richard Robinson

Operations Director
