SHIELD-CRETE® XL & SHIELD-CRETE® EPOXY GARAGE FLOOR COATING

H&C® SHIELD-CRETE® XL HIGH PERFORMANCE GARAGE FLOOR COATING is our best high performing garage floor coating with superior adhesion and excellent hot tire pickup and tire marking protection. For professionals that want to provide their customers with the best in garage floor protection, H&C® SHIELD-CRETE® XL HIGH PERFORMANCE GARAGE FLOOR COATING delivers. Available in Gray Taupe and Sand Taupe, we also offer key packaging sizes for contractors to select the right sizes to efficiently plan their projects.

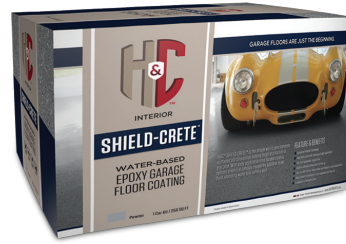

H&C® SHIELD-CRETE® WATER-BASED EPOXY GARAGE FLOOR COATING is the simple way to give concrete surfaces a professional-looking finish. The all-inclusive kit contains all of the components for your garage floor project. Just mix and apply for a surface that's resilient for years of wear and tear. Also available in 5 gallon options for your large projects. Please check with your store associate for more information.

FEATURES & BENEFITS:

- Extremely durable surface and maximum adhesion for long-lasting performance
- Resists hot tire pickup and superior tire marking to maintain a showroom finish
- High-gloss epoxy with showroom-quality appearance
- Abrasion and chemical resistant for long-lasting beauty and protection

RECOMMENDED USES:

- Garage floors
- Basement floors
- Covered patios and landings
- Warehouse and commercial floors

SHIELD-CRETE:

Recommend SHIELD-CRETE® Acrylic Clear Glaze, SHIELD-CRETE® Solvent-Based Clear Topcoat, or SHIELD-CRETE® Low Solvent-Based Clear Topcoat to hold in DECO-FLAKES and seal the surface.
