VILLA DESCRIPTION

VILLA 3335 IN TABANAN, BALI

The six-bedroom, two-storey Villa 3335 is the largest of the four villas, standing proud on the cliff top with breathtaking views of the rice fields, ocean, coastline and mountains.

The main living and dining pavilion is open on the seaward sides, and cooled by the fresh ocean breezes. It features built-in cushioned sofas and a dining table for 14. A second dining table is positioned on an outdoor terrace with beautiful views extending right up the coast. There is also a fully equipped open plan kitchen with rustic carved cupboard doors, polished marble work surfaces, and a hand made carve marble sink.

There are six bedrooms at 3335, five bathrooms, and a guest washroom. This includes two master bedrooms, one of which is situated on the ground floor overlooking the enticing swimming pool with the Indian Ocean beyond.

The villa has an ironwood shingle roof and is crafted in shades of coffee and cream with ornately carved Timorese timbers and doors, sculptured polished concrete walls with built-in sofas, and open-air bathrooms

The second master bedroom is upstairs with a wraparound terrace and views on three sides. It shares a bathroom with a twin-bedded room, making it ideal for families. 2 twin beds that can be converted to a double bed if required.

There is another double bedroom with ensuite bathroom on this floor and all bedrooms have daybeds that can be used as extra beds.

The sixth bedroom, with a king bed, is found in a stand-alone, enchanting traditional wooden house from Java, which was dismantled, transported, and rebuilt in Bali. This romantic, antique building is characterised by a soaring roof, beautifully carved double doors and a raised verandah on two sides linked to a luxurious walled garden bathroom.

Bathrooms feature standing rainshowers and huge river rock bathtubs under the stars.

The front garden of Villa 3335 presents a 17 x 4 metre infinity lap pool and two 'bale' pavilions for relaxing or dining.

Location

Villa 3335 are located on Bali's west coast, in the Tabanan Regency. The coastline presents isolated coves and rocky outcrops, and is famous for its surf beaches, including Medewi and Balian, which offer the longest point breaks in Bali. The Regency is known as Bali's 'rice bowl' - the most agriculturally productive region in Bali. Besides rice, there are crops of coconuts, coffee, cacao, spices and tropical fruits. This area is also home to the 2276-metre Mt Batukau, the higher slopes of which are alpine with mountain streams, ferns, wildflowers, creepers and orchids, as well as the rare, black leaf-eating monkey, the kijang (small forest deer), large butterflies and moths, flying lizards, and the lubak (mongoose). It is also a bird watchers' paradise, habitat of the Bali Black Eagle. Depending on the traffic, the villa is 1.5 - 2 hours' drive from Bali's international airport and 60 - 90 minutes' drive from trendy Seminyak with its exciting nightlife and abundance of fashion boutiques, luxurious spas, and internationally acclaimed restaurants.

'Nirwana Bali Golf Course' is about 30 minutes' drive. Designed by Greg Norman, this was voted the number 1 golf course in Indonesia; it is situated beside the dramatic, waved-lashed sea temple of Tanah Lot.
