The William Collier's Room at Marathon Music Works is an ideal combination of rugged and refined. Once a part of the Marathon Motor Works manufactory, William Collier's is rooted in history. Our logo is the signature of Marathon Motor Cars chief engineer, William Collier, who was responsible for crafting luxurious automobiles a century ago. Embrace the industrial feel with the roll up windows and polished concrete floor. Take note of the custom touches that make this bar unlike any other.

Nashville and New York resident artist, James Willis, hand-sketched the bar top design from original Marathon Motor Car blueprints. The base of the bar itself is constructed from reclaimed wood salvaged from the manufactory. Custom lighting is provided by our locally designed steel chandelier with Edison bulbs.

These rooms can be almost anything you need. Choose from Room Juan, The Boom Boom Room, Grundy Hippo, and Pink Elephant. The names? There's a backstory there. We'll tell you later.
