Approved.

Safe.

*Your last line  
of defence...*

EVERY SAFE • EVERY GRADE • EVERY SIZE  
DELIVERED EVERYWHERE

*Private Client Service*

Our service for those requiring certified and guaranteed insurance approved protection.

LOVE LETTERS & THE LAST LINE OF DEFENCE.

Safes are important. Selecting the right safe is very important.

That's why Insafe's Private Client Service is here to help.

Money and passports can be replaced but your Grandfather's Pocket Watch, your Mother's Pearls, Old Love Letters or Baby's First Tooth are priceless one-offs.

Safes continued to protect cash and valuables even during the London riots where alarms, CCTV and even lines of Police could not.

It's your Last Line of Defence.

BETTER SAFE.

Insafe is the preferred supplier to most of the UK's leading insurers.

Exclusive to customers referred by their Insurance Company or Insurance Broker, our Private Client Service is designed to give you the very best.

The best security, the best products and the best service.

And the best price. Guaranteed.

REST ASSURED. YOU'RE SAFE WITH US.

When you order a safe from Insafe, if you wish, we will liaise with your Insurance Department, Company or Broker to check that your safe will be fully approved.

## VIP Service. And discount too?

ONE TO ONE. SECOND TO NONE.

From enquiry to consultation, quotation to order, survey to delivery, installation and commissioning - the service we provide is tailored to you.

Whilst you may be buying just one safe, for us your insurers referral comes with a VIP tag and we have agreed very special discounts with the majority of them.

Referrals are good for us, VIP service is good for your insurer and it's good for you too. It's a win win win deal.

FREE SAFE IDENTIFICATION, VALUATION AND RATING SERVICE.

This is all part of our Insurance Liaison and Private Client Service.

## Safe Locks.

From keylocks to digital combination, multi-user digital locks to time delay, audit, duress and internet remote control locks Insafe are the leading UK experts in safe locks.

If what you require is not on the market, we will make it and write the software.
