Grand C-MAX Titanium X in Magnetic with Appearance Pack (option) Convenience Pack (option) and 18" 5 spoke Y design alloy wheels (option)

360°

C-MAX Titanium X in Red Rush with Privacy glass (option), Convenience Pack (option) and 18" 5 spoke Y design alloy wheels (option)

Enjoy the view inside and out.

The Ford C-MAX has practicality in its DNA, helping you get the most out of family life. The Ford C-MAX is a spacious five-seater, while the larger Ford Grand C-MAX has dual sliding rear doors and up to seven seats. The elevated seating position and generous glass area enable you to see more of the road ahead, giving everyone on board a great view of the outside world.

Lends a helping hand
when yours are full.

Opening or closing C-MAX's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the **hands-free tailgate** (option) will operate without you having to touch a thing. It can even tell the difference between your foot and a ball bouncing under the bumper.

Flexible space and seating.

C-MAX

With an adjustable system that offers a variety of seating arrangements to accommodate up to five passengers, the Ford C-MAX provides both comfort and convenience. The rear seats fold and tumble forward or can be completely removed. Useful safety features include front-to-rear curtain airbags on the first and second rows, power child locks (standard on Titanium and Titanium X) and seat belt reminders on both front seats.

Fully removable seats

The seats in the Ford C-MAX take adaptability to a new level. The rear seats fold and tumble forward or can be completely removed to create a spacious load area.

Easily folded away in one simple movement. (not available in the UK)

With the Comfort Seating System, neighbouring seats can be easily brought in together. (not available in the UK)

The outboard seats can be moved rearward and diagonally inboard to create additional space and luxurious seating for four passengers. (Not available in the UK)

With extra room to grow.

With dual sliding rear doors and a selection of innovative features, the Ford Grand C-MAX helps you get the most out of family life. As a highly-capable multi-activity vehicle, it's also the latest evolution of Ford kinetic Design. In short, it's the perfect blend of style and substance.

Grand C-MAX 5+2 seats

Providing a choice of up to seven seats, the Grand C-MAX is both versatile and spacious. All rear seats can fold flat for you to transport large loads.

Fold flat system with walk-through seats

Second row seats also slide forward and back to optimise legroom, while the seat backs tilt for improved comfort. The centre seat in the second row folds away to create a walk-through to the third row, providing a spacious 2+2+2 layout. (Grand C-MAX)

Active Park Assist helps you find a space.

Active Park Assist can steer you into parallel or perpendicular parking spaces. Simply push a button and the sensors locate a suitable space as you drive past. Then it automatically steers you in, while all you do is operate the accelerator, brake and gears (following on-screen instructions and audible signals).

And get in. And get out.

Park-out assist works like Active Park Assist in reverse, helping you manoeuvre out of a parallel space. The system steers while you keep control of accelerator, brake and gears. When the system has cleared the space, it gives you a 'Take control of steering' message through the cluster.

“Read text message”

“Call Chris”

“Find a car park”

“Shuffle”

“Play Greatest Hits”

“Reply to text message”

“Destination address”

“Climate temperature 22”

Use your voice like another pair of hands.

Ford SYNC 2 with Voice Control and Touchscreen lets you select music, control navigation (option), adjust climate control*; make and receive hands-free calls and choose contacts from your phone list with remarkably simple voice commands. It will even read out your incoming text messages. You can also do all that through the 8" high-resolution colour touchscreen. *Voice adjustment of climate control is only available with DEATC (Dual Electronic Automatic Temperature Control)

No ordinary headlight.

Ford C-MAX's bi-xenon headlights have been designed to be as functional as they are beautiful. This intelligent headlight system detects different road conditions and selects the appropriate beam pattern for enhanced illumination. And the distinctive **LED daytime running lights** not only look stunning, but provide greater safety while driving. (Adaptive bi-xenon headlamps standard on Titanium X only)

Illumination when you want it – even around corners

When cornering, the headlight's **dynamic curve** feature throws the beam around the bend to let you see further, while **static cornering** illuminates the inside of the corner as you turn.

EcoBoost.

The story of LESS FUEL

MORE POWER.

With its turbocharger, direct injection and diamond-like coating on the piston rings, the **Ford EcoBoost** engine produces the same performance as a larger engine, but with superior fuel economy and lower emissions.

- The 1.0-litre EcoBoost – four times category winner at the International Engine of the Year awards.

Powered by **FORD EcoBoost**

Pre-Collision Assist[®]

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front by automatically applying the brakes if a potential collision is detected (Part of optional Adaptive Cruise Control).

[®]Uses sensors.

C-MAX 5 seats
Grand C-MAX 5+2 seats

Grand C-MAX

C-MAX

C-MAX and Grand C-MAX Zetec

Exterior features

- 16" 5x2-spoke alloy wheels
- Front fog lights
- Upper front grille with chrome surround
- Body colour power/heated mirrors with integrated side indicators
- Body colour door handles
- Bright finish on upper door line
- Anti-lock braking system (ABS)
- Traction Control
- Electronic Stability Control (ESC)
- Sliding rear doors (Grand C-MAX only)
- Ford Easy-Fuel capless refuelling system

Interior features

- Stereo Radio/CD with DAB, 4.2" colour display, SYNC with voice control (Includes Bluetooth and Emergency Assistance), six speakers and USB connectivity
- Air conditioning
- Centre console with armrest and stowage
- Heated windscreen
- Electrically-operated front windows
- Leather-trimmed steering wheel and gearshift knob
- Rake- and reach-adjustable steering column
- Driver's manual height and fore/aft seat adjustment

- Driver's manual lumbar seat adjustment
- Front-to-rear curtain airbags on first and second rows
- ISOFIX (International Standards Organisation FIX) child safety seat attachments
- Hill Start Assist
- Satin chrome inner door levers (front only on Grand C-MAX)
- MyKey®
- Load compartment auxiliary power socket
- Front floor mats

2.0 Duratorq TDCi (150 PS)

Armrest in contrast stitching

(Standard)

Premium door panel

(Standard)

Find extra pleasure in the small details.

Driver Alert^o

Uses a road-monitoring camera to assess the driver's alertness levels and displays them in the instrument cluster: a steering-wheel icon represents an alert driver; a coffee cup means a break is recommended. If the driver fails to stop, the warning is repeated at regular intervals, together with a warning chime. (Optional as part of a pack)

Ford KeyFree System with Ford Power Starter Button

Start the car and lock or unlock the doors without ever holding the key. Just keep the key fob with you in your pocket or bag. (Optional on Titanium and Titanium X)

Ford SYNC2

Audio system with CD player, remote audio controls, six speakers, MP3 playback capability, and Ford SYNC 2 with voice control and 8" colour TFT Touchscreen. (Standard on Titanium & Titanium X)

Auto High Beam^o

Detects different road conditions and automatically switches between high and low beam for enhanced illumination. (Optional as part of a pack)

Ford Blind Spot Information System^{o†}

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the driver's and passenger's door mirrors. (Optional on Grand Titanium and Titanium X)

Adaptive Cruise Control^o

Helps maintain a preset gap between your Ford C-MAX and the vehicle ahead. If the vehicle in front slows down, the system decelerates. When the gap widens, your vehicle returns to the desired speed. (option on Titanium & Titanium X)

Lane Keeping Alert and Lane Keeping Aid^o

There are two key features of the Ford Lane-Keeping System. **Lane-Keeping Alert** is designed to help the driver keep the vehicle within its driven lane. Steering wheel feedback alerts you if an unintended lane departure is likely to happen. **Lane-Keeping Aid** applies a steering torque back towards that lane, in the event of an unintended lane departure. Lane-Keeping System is available at speeds over 65 km/h on highways and interurban roads with visible markings, and can be overridden by the driver or the turn indicator at any time. (Optional as part of a pack)

Traffic Sign Recognition^o

Designed to automatically read standard format road-speed signs and display the last posted speed limit in the driver's instrument cluster. Also available with optional Satellite Navigation for enhanced traffic sign recognition. (Optional as part of a pack) (See page 45 for details.)

^oUses sensors.

[†]Designed to operate at speeds above 6 mph.

Ford MyKey^o

An innovative programmable feature that encourages safer driving. MyKey^o lets you tailor car settings to suit individual users. These settings include speed limit reminders, maximum audio volume and prevent deactivation of driver assistance features. (Standard)

Designed for easy access and loading

Hands-free tailgate

Simply make a gentle kicking motion under the centre of the rear bumper and the tailgate will open or close without you having to fumble for your key. (Option as part of Ford Keyfree System)

Opening height adjusts to fit your garage

The opening height can be adjusted to avoid the tailgate coming into contact with your garage roof.

Sliding rear doors (Grand C-MAX)

Designed to open and close smoothly with one hand, the sliding doors make life much easier. Getting small children in and out requires less effort, while tight spaces and concrete pillars in car parks are no longer a problem.

Thinking ahead

Dealer-fitted base roof carrier

A lockable carrier that is the base for all attachments. (Accessory)

Ford SYNC with AppLink* lets you play music, make and receive hands-free calls and even control apps on your smartphone – all with simple voice commands. And the **Ford Emergency Assistance*** feature is designed to assist occupants to place an emergency call and provide the emergency services with vehicle location information in their own language. (Standard on Zetec)

*Compatible mobile phone required. You can browse a list of AppLink-compatible apps from your regional Ford website, or via the **Ford App Catalog** available in iOS and Android stores. SYNC AppLink and Emergency Assistance are not supported by all European languages.

*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Remote audio controls

Keep your hands on the wheel and your MP3 on the right track. (Remote audio controls are standard)

Traffic Sign Recognition

The front camera is designed to automatically read standard format road-speed and traffic signs, and display them in the instrument cluster. It acts as a reminder of current road restrictions, and is automatically updated when a new limit comes into view. The signs can be either alongside the road as permanent or temporary signs or above it as overhead gantries. If there are two speed limits in force – such as dry and wet weather limits – these are both displayed in the instrument cluster.

The instrument cluster displays the current speed and warning sign.

Satellite Navigation

Traffic Sign Recognition is enhanced in the new C-MAX by using a combination of the front camera and the optional Satellite Navigation database. The front camera system is always required; when the customer chooses optional Sat Nav this functionality is added to the system. It allows the Traffic Sign Recognition System to not only identify construction zones and variable speed signs (such as those found on motorways), but also detect urban areas and show standard urban speeds. Roads through areas without adequate signage can also be identified by the Sat Nav and the appropriate speed is shown in the cluster.

A place for everything

Front seatback tables

Small, foldable tables are handy for rear seat passengers. (Option as part of Family Pack)

Centre console with cupholder

The new cupholder has adjustable sliders to grip cups. It can also be used as storage when sliders are in forward or rear position, and the movable floor allows it to hold a 1-litre bottle. For extra space, the sliding armrest cover allows you to store other smaller items securely.

***Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat (second-row seats on Grand C-MAX).**

Intelligent Protection System

Ford C-MAX and Grand C-MAX's advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies designed to keep you protected, including an ultra-high strength steel safety cage¹⁾, an anti-lock braking system (ABS)¹⁾ with electronic brake-force distribution (EBD)¹⁾ and front, side thorax and curtain airbags¹⁾.

The Ford C-MAX and Grand C-MAX IPS¹⁾ includes:

- 1 Driver and front passenger's*¹⁾ airbags¹⁾
- 2 Driver and front passenger's side impact airbags¹⁾
- 3 Side curtain airbags for both front and outer second-row rear passengers¹⁾
- 4 Robust computer-optimised body structure with ultra-rigid safety cell¹⁾ and crumple zones
- 5 Advanced lap and diagonal inertia reel seat belts on all seats. Pre-tensioners¹⁾, load-limiting retractors and height-adjustable mounts on front seats
- 6 ISOFIX child seat mountings on outer rear seats¹⁾
- 7 Anti-submarining seat bases
- 8 Anti-lock brakes (ABS) with electronic brake-force distribution (EBD) and Emergency Brake Assist (EBA) and Hill Start Assist
- 9 Electronic Stability Control (ESC)¹⁾ and Traction Control¹⁾
- 10 Emergency Brake Warning²⁾ (automatic flashing of brake lights under heavy braking)
- 11 Collapsible (horizontal-stroking) steering column for optimised energy absorption and leg protection

***Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat (second-row on Grand C-MAX).**

*A passenger airbag deactivation switch is available as a Dealer-fitted option.

¹⁾Safety feature.

²⁾Driver assistance feature.

360° protection

The new C-MAX uses sensors to monitor the road all around you.

1. Adaptive Cruise Control^o

Helps maintain a preset gap between your Ford C-MAX and the vehicle ahead. If the vehicle in front slows down, the system decelerates. When the gap widens, your vehicle returns to the desired speed.

2. Active City Stop^o

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front when travelling at speeds below 31 mph by applying the brakes if it is detected that a collision is likely. (Option, also available as part of Driver Assistance Pack)

3. Active Park Assist^o

Steers you into parallel or perpendicular parking spaces. Simply push a button and the sensors locate a suitable space as you drive past. Then it automatically steers you in, while all you do is operate the accelerator, brake and gears (following on-screen instructions and audible signals) (Option as part of Convenience Pack)

4. Autonomous Emergency Braking^o

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front when driving by applying the brakes if it is detected that a collision is likely. (Option as part of Adaptive Cruise Control)

5. Blind Spot Information System^{o1}

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the driver's and passenger's door mirrors. (Option)

6. Distance Alert^o

An audible warning helps you judge the distance between your vehicle and obstacles at the front and rear. (Option as part of Adaptive Cruise Control)

7. Lane Keeping Alert and Lane Keeping Aid^o

There are two key features of the Ford Lane-Keeping System. **Lane-Keeping Alert** is designed to help the driver keep the vehicle within its driven lane. Steering wheel feedback alerts you if an unintended lane departure is likely to happen. **Lane-Keeping Aid** applies a steering torque back towards that lane, in the event of an unintended lane departure. Lane-Keeping System is available at speeds over 65 km/h on highways and interurban roads with visible markings, and can be overridden by the driver or the turn indicator at any time.

8. Rear-view camera

Select reverse gear and the rear-view camera comes on automatically in the navigation display providing a clear view to the rear of your car. Special guidance graphics indicate the width and centre line of the car, based on the steering angle, for easier manoeuvring. (Option)

Peace of mind

Power child locks^{o1}

Secure your most precious cargo with a flick of a switch on the driver's door (standard on all Grand C-MAX series, and C-MAX Titanium and Titanium X). Electrically-operated windows feature a 'bounce-back' anti-trap feature (standard).

Distance Alert^o

A radar hidden behind the grille determines the distance and time to the vehicle in front, and is represented by a series of coloured alerts. (option as part of Adaptive Cruise Control)

^{o1}Safety feature.

^{o2}Uses sensors.

^{o3}Designed to operate at speeds above 6 mph.

Fuel, performance and emissions

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Euro Stage	Transmission	Maximum Power PS (kW)	Torque Nm	CO ₂ emissions (g/km) ^{**}	Fuel consumption in MPG (L/100 km) ^{**}			Performance [*]		
						Urban	Extra Urban	Combined	Max. speed (mph)	0-62 mph (secs)	31-62 mph* (secs)

*In 4th gear. *Ford test figures. **The declared fuel/energy consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors are very important in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk>. **M6** = 6 Speed manual, **A6** = 6-Speed PowerShift Automatic. **DPF** = Diesel Particulate Filter. BP Ultimate can boost power and acceleration, lower exhaust emissions and improved fuel economy, compared with ordinary fuels.

Fast changes

Feel the power, not the shift

Ford PowerShift delivers the perfect combination between the convenience of an automatic and the performance normally associated with a manual. This 6-speed automatic transmission cleverly selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power.

New 1.5 diesel engine

The 1.5-litre diesel engine provides an exceptional balance of power and economy.

Fuel, performance and emissions

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

^aIn 4th gear. ⁹⁰Ford test figures. ⁹⁰The declared fuel/energy consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors are very important in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk>. **M6** = 6 Speed manual, **A6** = 6-Speed PowerShift Automatic. **DPF** = Diesel Particulate Filter. BP Ultimate can boost power and acceleration, lower exhaust emissions and improved fuel economy, compared with ordinary fuels.

10% reduction in fuel consumption

When your Ford C-MAX is idling at a standstill, Auto-Start-Stop automatically shuts down the engine to save fuel. When you want to drive off, the engine immediately restarts. The system can reduce fuel consumption by up to 5% in mixed driving conditions and 10% in an urban environment.

EcoBoost = more power + better fuel economy

Ford EcoBoost engines

The diamond-like coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical petrol engine. **Winner of the sub-1.0 litre category at the International Engine of the Year Awards 2015**, the 1.0-litre EcoBoost is available in 100 PS and 125 PS versions

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 75 kg on all models. **Gross Train Mass** includes trailer weight.

Load retention guard

Robust retention system keeps dogs or items of luggage safely in the load compartment (removable when not in use). One version fits behind the first row seats; the other version fits behind the second row seats. (Option and accessory) Meets European ECE-R17.08 ISO27955 safety requirements.

Load retention net (Grand C-MAX)

This durable retention net keeps your items secure in the load compartment while you're on the move. (Option and accessory. Only for fitment behind the second row seats) Meets European ECE-R17.08 ISO27955 safety requirements.

Accessories

Roof base carrier (C-MAX)

A lockable carrier is the base for all roof attachments. (Accessory)

+Item covered by third party supplier's warranty. Please see back cover for details.

Luggage compartment mat

Durable anti-slip mat, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Mudflaps

Contoured mudflaps help to keep your Ford C-MAX clean by reducing road spray and stone chips. Available as sets for front and rear. (Option and accessory)

Rear spoiler (C-MAX)

Gives an aerodynamic finish to the roof line. (Option and accessory)

Thule® roof box

Designed to carry a wide variety of loads and protect them from weather and theft. Most models come with dual-opening for easy access. (Accessory, available in various sizes)

Thule® roof ski/snowboard carrier

Elegant, fully-lockable ski carrier suitable for up to six pairs of skis or three snowboards. (Accessory)

All weather floor mats

Equipped with the C-MAX nameplate. All-weather floor mats are tailor-made to fit your Ford perfectly and protect against dirt and damp. Front floor mats are fixed securely onto the vehicle's floor, so the mats cannot slip or interfere with the foot pedals. (Accessory)

Retractable tow bar

Ford's retractable tow bar is there when you need it, but can be tucked away out of sight for uncompromised styling and easier access to the loadspace. (Option and accessory)

For more accessories for your Ford C-MAX visit www.ford-accessories.co.uk.

Finance subject to status. Guarantee/indemnities may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority in respect of general insurance products.

Choose

Specify your new car right down to the wheels, audio, options and accessories then visit your Ford dealer.

You can specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles.

And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/ConfigureyourCar

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit provides a range of finance products for your car whether you are a private or business user.

Ford Lease specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit www.ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.

When you have finished with this brochure please recycle it.
