- Quality Management System certified to ISO9001:2008 for quality assurance
- Latest CNC machine technology
- Skilled and experienced workforce
- Members of NLTG (North Lancashire Training Group)
- SMAS Worksafe Contractor as recognised by SSIP (Safety Schemes In Procurement)
- CSCS & CRB checked operatives

Bunks, Study Bunks & Storage Bunks

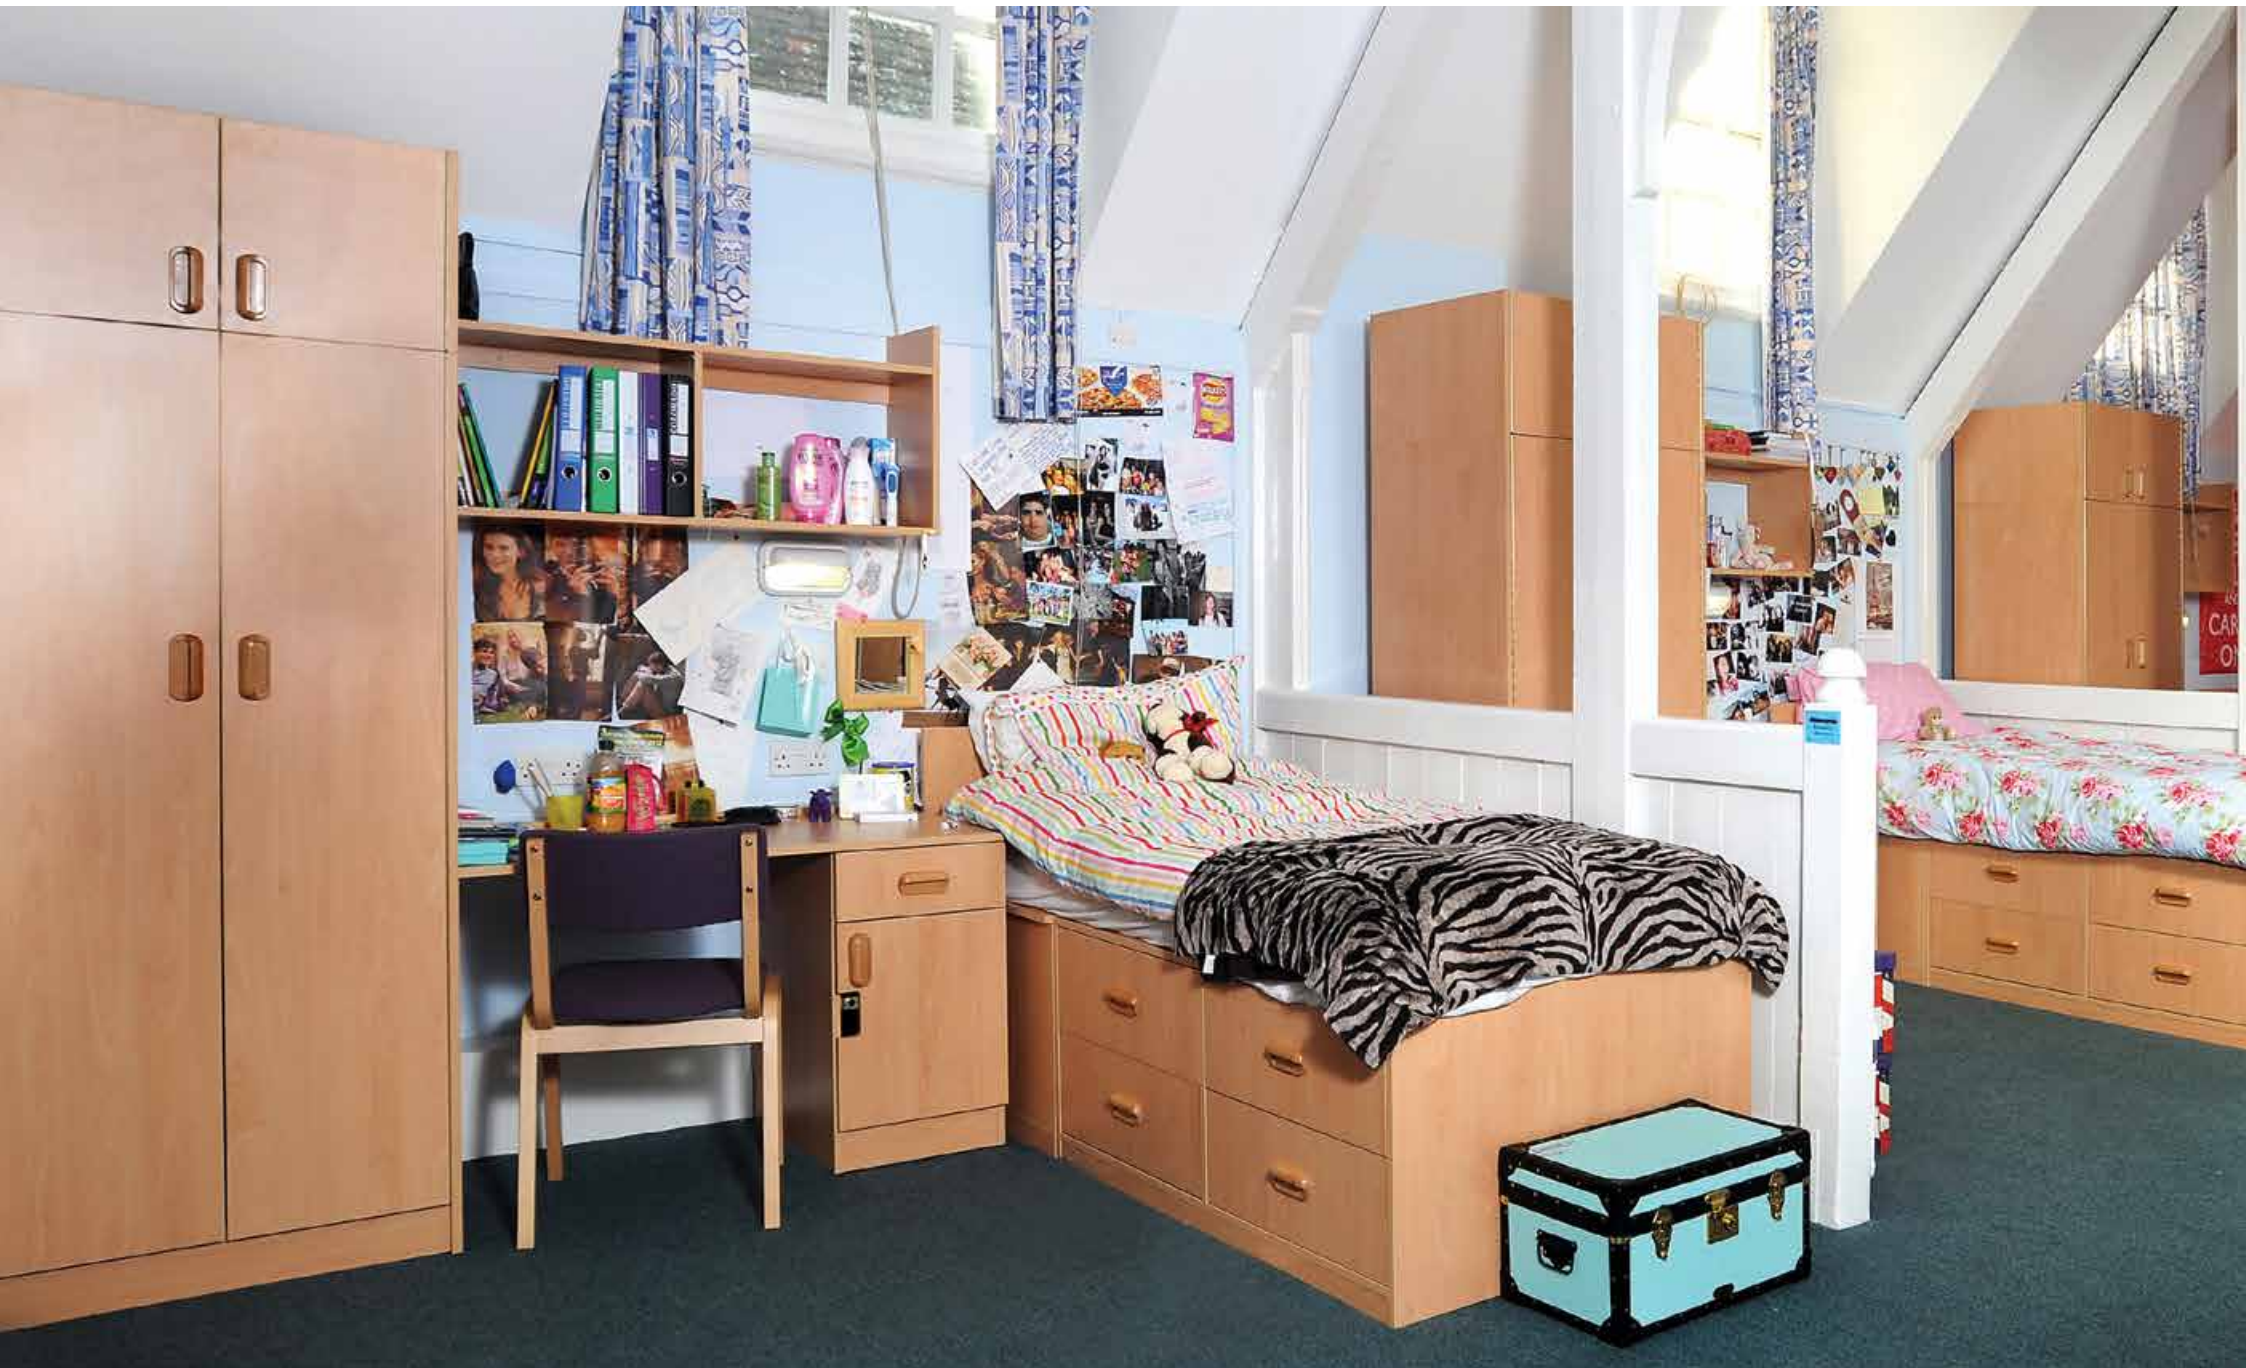

The complete storage workspace solution.

Study Bunks and Storage Bunk Beds can be the answer where space constraints prevent the use of individual items of furniture.

Standard and bespoke design options are available and the items can be manufactured to suit 2'6" or 3'0" wide mattresses.

The strong, simple bolted construction of all Interform's units have been designed to conform to the furniture industry bunk bed regulations.

Dormitories & High Beds

“There isn’t anything better, or more stylish on the market. What’s more, the customer service couldn’t be friendlier or more accommodating.”
P C Ward, Headmaster – Thomas’s School.

The popular and practical solution in dormitories and student bedrooms.

Higher storage beds are available with a combination of drawers, cupboards, open shelves and sliding doors. They provide essential storage for today’s students whilst efficiently utilising essential floor space in dormitories and smaller study bedrooms.

Study Bedrooms - Real Wood

“Having used Interform for 15 years I can testify to the quality, strength and attractive design of their furniture; but I do have to plan ahead due to the ever growing demand for their services!”
Simon Jackson, Bursar – Reading Blue Coat School

Providing students with personalised living spaces for over 50 years.

Traditional and contemporary designs manufactured to withstand the rigours of student life. Whether choosing standard range items or requiring bespoke fitted units, the furniture is constructed using real wood veneers on 18mm MDF or plywood boards.

A complete and stress free delivery and installation service is available using Interform's friendly in-house labour teams and our experienced, skilled carpenters.

Study Bedrooms - Alternative finishes

Design Interform offer a free design and planning service and can manufacture furniture in a range of finishes to give the client a unique, customised product look.

Colour By choosing different melamine, gloss and laminate finishes, a stylish and contemporary environment can be created to enhance both modern and traditional bedrooms. Combining wood finishes with a solid colour as shown promotes a fresh environment for students of all ages.

University style Bedrooms

“We have always been impressed with the service we receive, not just leading up to the installation but their adaptability if the project completion date is amended. The installation always goes smoothly and clients are always highly satisfied with the final product.”

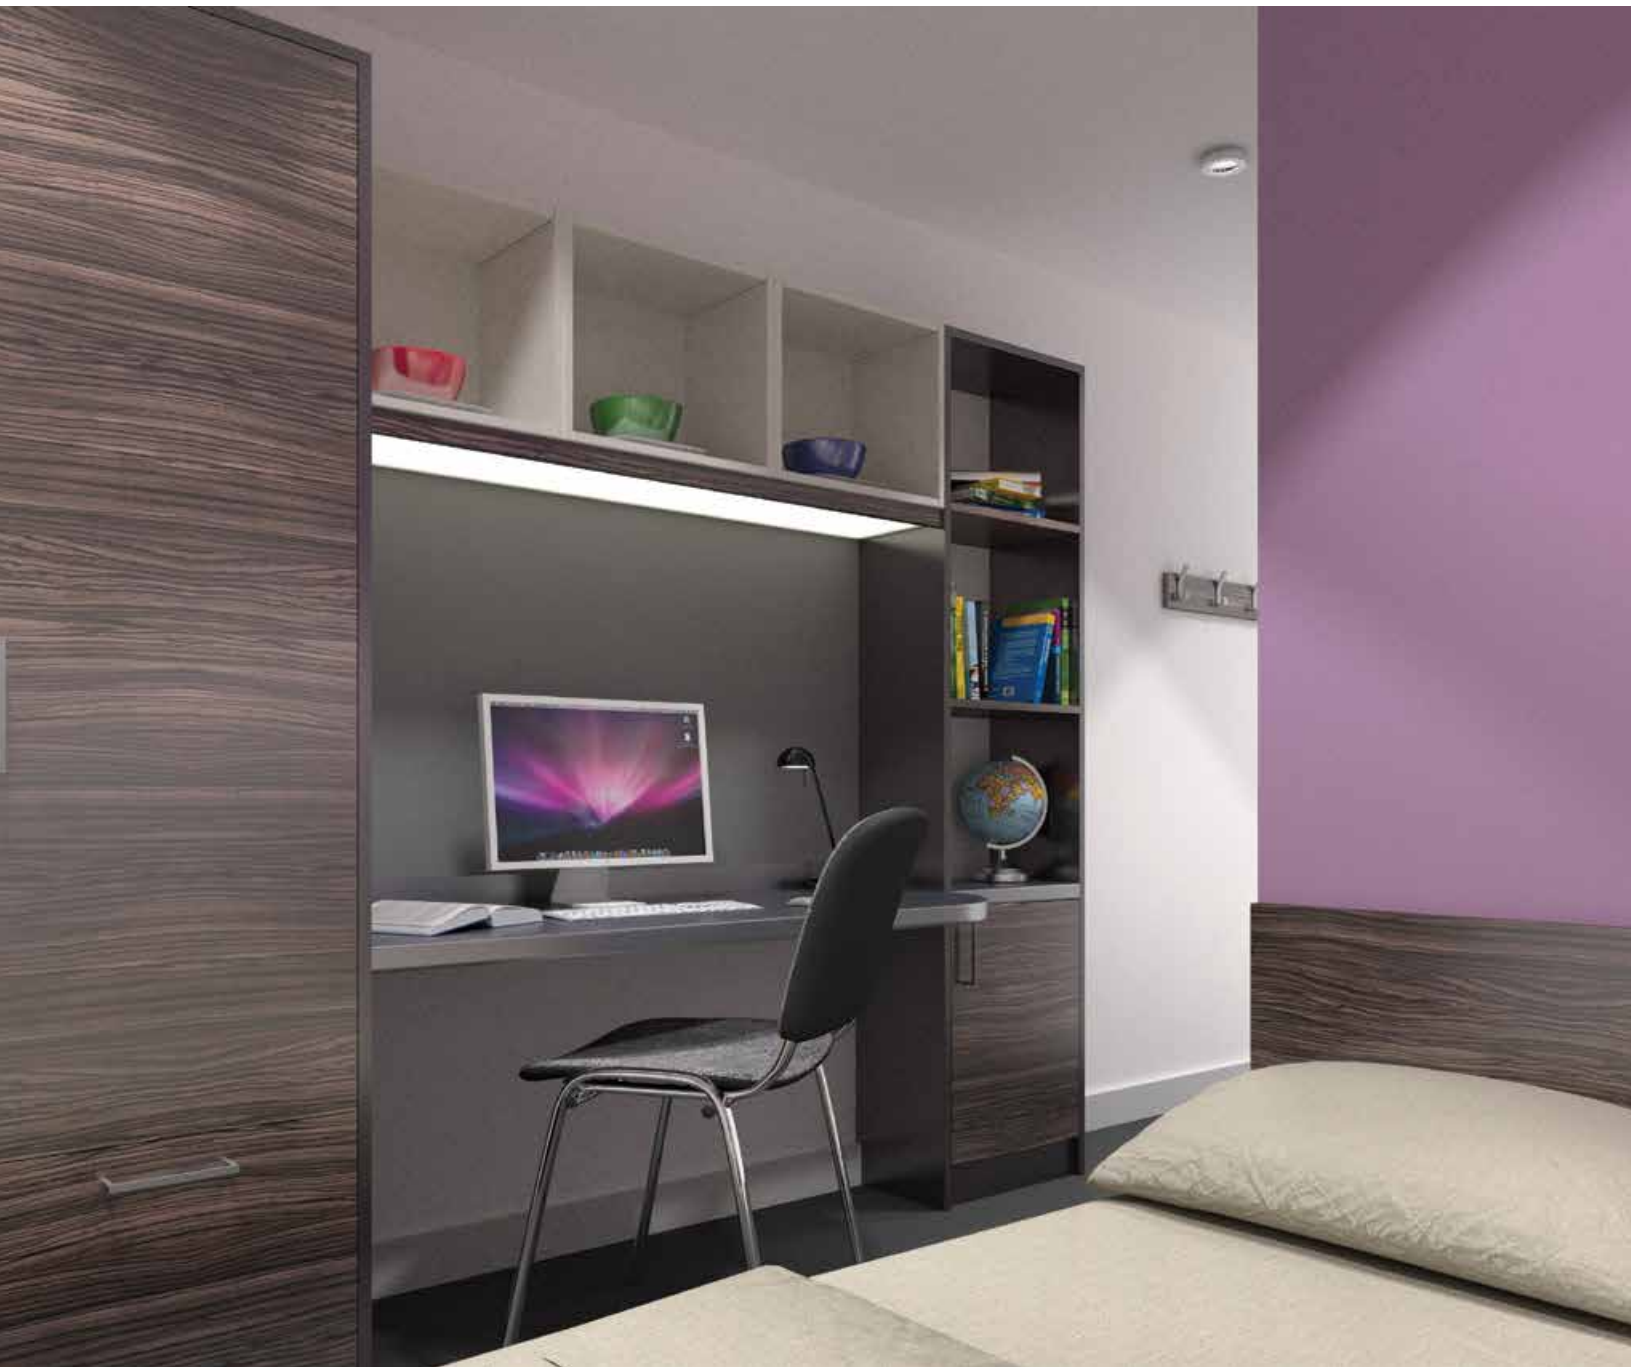

David Snaith, Director – Orbit Architects

Interform supply and install furniture for one off study bedrooms to 500 room projects.

Fitted or loose furniture is manufactured to architect's designs with bright and innovative melamine colours on 18mm MDF or chipboard cores.

Interform are CHAS accredited for work on site and installations are undertaken by CSCS registered carpenters.

Choose your board...

Veneered Plywood

Interform's Premium Hardwood Finish

A real wood veneer on an 18mm European birch plywood core with 2mm hardwood lippings to leading edges.

Recommended for the toughest environments requiring maximum strength and longevity, backed up by our 10 year guarantee.

Plywood is manufactured using a number of layers (Interform use birch hardwood) glued together with their grains at right angles for extra strength. It is renowned for its high degree of strength and durability.

10 YEAR
Guarantee

Veneered MDF

Interform's High Pressure Particle Board Finish

A real wood veneer on an 18mm Medium Density Fibreboard (MDF) core with 2mm hardwood lippings to leading edges.

Recommended for all high maintenance contract establishments, this tough and durable finish is backed by a 7 year guarantee.

MDF is an engineered wood product formed by breaking down hardwood or softwood residuals into wood fibres which are combined with wax and a resin binder to form panels. It is heavier and more dense than plywood.

7 YEAR
Guarantee

Melamine MDF

Interform's Alternative High Pressure Particle Board Finish

A contract melamine foil on an 18mm MDF core with 2mm heavy duty PVC lippings to leading edges.

Recommended for all contract environments when coupled with Interform's standard hard-wearing construction methods and quality fixings.

It is backed by a 5 year guarantee.

5 YEAR
Guarantee

Testimonials

“Interform has supplied furniture for over 300 study bedroom spaces to Ardingly College over the past 3 years. Their ability to deal with any problems they may encounter, for example the need to design individual items to fit a specific position, has provided a finish which is more in keeping with a luxury hotel than one might have expected in boarding accommodation.

The furniture is of very high quality at a competitive price, which coupled with Interform's professionalism, attention to detail and customer orientated approach makes them the ideal supplier for this type of project.”

Neville Barker, Assistant Bursar Estates – Ardingly College

“Interform has supplied Stonyhurst College with residential furniture for over twelve years. We have been very pleased with both the quality and durability of the furniture supplied to us during this time. The staff at Interform have always given us excellent service from the inception of any order through to delivery and aftercare. We are happy to endorse their products.”

Frances Ahearne, Domestic Bursar – Stonyhurst College

“As ever Interform have produced superb furniture at a competitive price. The staff and students are extremely pleased with it all and also the quick responses to minor alterations.

From a management perspective you have been extremely helpful and professional. The personal input, advice and delivery from you and your team has enabled this difficult aspect of the contract to go very smoothly.

I look forward to working with you on the second phase of the project and also on our many other furniture requirements.”

Nathan Keen, Facilities Manager – The Leys School

“Having been introduced to Interform Contract Furniture when I first joined the school in 2003, I have been impressed with the quality and durability of the furniture and products from Interform, we continue to order from them year on year. We have found Interform in their professional approach a way to enable us to update many of our Teaching and work areas and in the office areas we have sought to maintain a standard which is both practical and appealing.

One of the big advantages for us is having bespoke furniture of quality made to suit our needs, in sizes and locations of our choice etc and even in one instance in the Music School our own specific design.”

Clem Rowland – St Paul's School

“SYHA, Hostelling Scotland have used the services of Interform for a few years now and I have no hesitation in saying that the quality of product received every time from Interform has been top quality and that we have had no issues with any of the products supplied. We have found their quality to be very high and is certainly the intention of SYHA, to replace all products in our network with that of Interform as we continue our improvements in all our hostels.

Furthermore, the service provided by Interform has been professional at all times, any specifications, bespoke products, last minute changes have all been dealt with painlessly and with a smile. The staff on sites have put other contractors to shame with their can do attitude and getting the job done quickly, efficiently and within agreed time frames.

I have no hesitation in recommending Interform to any future companies and would certainly be happy to give a glowing reference to anyone seeking further clarification.”

Lorna Young, Southern Regional Hostel Services Manager – SYHA

“Bury Grammar Schools have been associated with Interform Contract Furniture for over two decades and during that time they have been involved in a variety of school based projects. The work undertaken has ranged from the supply of standard school furniture to very sophisticated laboratory fitted units and they were involved in our new Kindergarten.

At the time of writing, Interform are completing the refurbishment of a second Chemistry Laboratory in the Boy's School. Interform consistently provide a first rate service from initial planning through to project completion and I would recommend them unreservedly.”

Peter M Skinner, Project Director – Bury Grammar Schools

“I have used the services of Interform for over 10 years to supply furniture for more than 100 bedrooms, a computer suite, common room, café, bar and library. I have always found their products to be excellent quality and have the durability to withstand the demands of a busy school.

We often have tight schedules in refurbishment programmes and Interform has never let me down in planning stage or delivery of the end product. I always receive a friendly, professional service and would have no hesitation in recommending them to future clients.”

Bruce Smith, Estates Manager – Ratcliffe College
