Bush Brush Cleaners Ltd, a committed and professional cleaning company that specialise in commercial and industrial services. Our priority is to put customer satisfaction first, ensuring that we deliver a fast and effective service.

We endeavour to use technology to our highest potential, recently we have selected a wide range of up to date equipment to tackle the hardest of challenges that we may face on a daily basis. This allows us to customise to our customers' needs much more effectively, having more options to handle whatever a client may need within their budget.

Our Machinery

Smartank 650 Litre Reach & Wash window cleaning system

Our hot & cold reach & wash system can reach windows as high as 5 floors, and leaves no smears on your windows thanks to the reverse osmosis purification system that causes the water to be purified on the go.

Honda Evo E2 21/200 Petrol Pressure Washer

The Honda Evo over twice the power of the average jet washing machine, getting rid of stubborn marks and dirt from pavements that average pressure washers cannot. Put together with the triple nozzle, it can cut work time by half.

Prochem Steampro carpet machine

These industrial level carpet machines are used with environmentally friendly chemicals allow us to deep clean a variety of carpets to bring it back to its original colour, leaving it with a pleasant smell. It will also take up common allergens rooted into the bottom of the carpet.

SteamVac gutter cleaning system

Our gutter vacuum system can reach 40 ft in vertical length, to clean blockages in gutters on top of roofs, may it be leaves and other debris, wet or dry. It possess a camera at the end of the pole, paired with screen on the other end for the user to see where they're going, and easily quote without having to go up to dangerous heights. It can be recorded and sent to clients so they may evaluate it for themselves.

Mower, hedge cutters and other gardening tools

We have a wide range of gardening tools to fulfil any needs of any customer.
