* Check which math courses are prerequisites for your other courses. 6.008 can be used instead of 6.042 as a prereq for CS courses, by petition.

** If taken Fall 2015 or after, 12 units of 6.UAR also satifies the 6.UAT requirement; otherwise 6.UAT is required for all students.

Juniors must take one of the EECS CI-M courses -- see http://www.eecs.mit.edu/academics-admissions/undergraduateprograms/curriculum/communication-requirement

Dept. requirements may be used to satisfy the Institute Lab, REST and CI-M requirements. Otherwise: NO DOUBLE COUNTING!
