

## Accessible hotel accommodation in the north of England

This information was taken from a variety of sources – Tourist Information Centres, access guides and online accommodation sites and is for general guidance only. All hotels should offer wheelchair accessible public areas and bedrooms but please be aware they may not have a walk-in shower or wet room facilities. Whilst we have listed a range of hotels in each area, our list is not exhaustive.

**Please contact** individual hotels to confirm their disabled facilities can meet your specific needs.

**Please note:** inclusion on our list **does not** imply recommendation by Carers' Resource.
